

Evans' Camomile Pills.

THE camomile flower, (or as it is officially called, *ANTHEMIS VULGIS*, or Chamæmelum, from the Greek words, *Ka mai*, on the ground, and *Melon*, an apple; because it grows on the ground, and smells like an apple,) is of a dull white color, of fragrant odor, and of a bitter aromatic taste.

Camomile is a mild tonic, in small doses acceptable and corroborant to the stomach. It is especially applicable to that condition of general debility, with languid appetite, which often attends convalescence from idiopathic fevers.

To the Nervous and Debilitated,
Dr. Evans' Tonic Pills.

The powers of Evans' Camomile Pills are such, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, vanish before their effects like noxious vapors before the benign influence of the morning sun. They have been long successfully used for the cure of intermittents, together with fevers of the irregular nervous kind, accompanied with visceral obstructions.

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distention of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. Hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills will produce a safe and permanent cure.

Evans' Pills were first introduced in America in 1835.

Evans' Family Aperient Pills

Are purely vegetable, composed of the strictest precision of science and of art; they never produce nausea, and are warranted to cure the following diseases which arise from impurities of the blood, viz:

Consumption, Coughs, and Colds.

Nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, ulcers, female weakness, and all cases of hypochondriacism, low spirits, palpitation of the heart, nervous irritability, nervous weakness, florid albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, sea-sickness, night mare, rheumatism, asthma, tic douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings, by a course of Dr. Evans' medicines.

Beware of Counterfeits.

Caution.—Be particular in purchasing to obtain them at 100 Chatham st., New York, or from the

REGULAR AGENTS.

READ ON.

Extract of a letter of Jonas Snyder, Post Master, Kernersville, Pa., to Dr. William Evans.

Among several cases the following is found: An elderly lady, who had been 25 years so afflicted with nervous hypochondria, debility, &c. that for the last three years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially in her left side, remained immovable, attended at long intervals with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health which for the last ten years she has not enjoyed.

(Signed.) JONAS SNYDER.

APPROVED

Patent Medicines.

HARRISON'S specific Ointment, for the cure of ulcers, wounds, corns, fever sores, chilblains, white swellings, piles, psis, spider and snake bites, &c. It is likewise greatly superior to any medicine heretofore discovered for the chafed backs and limbs of horses—for tetters, ring worms, chapped lips—and in short, for every external bodily evil that may fall to the lot of man or beast.

Carpenter's compound Syrup of Liverwort, for the cure of Coughs, spitting of blood, Consumption, and Liver Complaints.

Indian hair Dye, warranted, with one application, to change light or red hair, to a beautiful brown or jet black, in a few hours, without staining the skin, or injuring the texture of the hair; the color is permanent, and will not rub off or soil the finest linen.

Bernard's remedy for Asiatic Cholera, cholera morbus, diarrhoea, summer complaints, colics, cramps & spasms.

Beckwith's anti-dyspeptic Pills, a most valuable medicine for the cure of dyspepsia, and the prevention of biliousness, colic, &c. &c.

Carter's Southern Rheumatic Embrocation, a speedy cure for rheumatism, chilblains, sprains, numbness, and stiffness of the joints, &c.

Parson's pectoral balm of Carageen, or Irish moss, a safe and certain remedy for coughs, colds, asthma, whooping cough, shortness of breath, spitting of blood, consumption, &c.

The afflicted man's Friend, or Ointment of many virtues, much celebrated for the cure of scrofula or king's evil, ringworm, gonorrhoea, inflamed eyes, burns, scalds, chilblains, breaking out on children's heads, eruption, or pimples on the face, breaking out on the mouth, scorbatic ulcers, & ulcerated sore legs, sore breasts, and cancerous humors.

Printed directions accompany the above valuable and highly approved patent medicines, for sale by

GEO. HOWARD.

Tarboro', August 24.

BULLARD'S

Celebrated Patent Animal and Vegetable

OIL SOAP.

FOR cleansing coat collars, woollen linen, and cotton goods, from spots occasioned by grease, paint, tar, varnish, and oils of every description, without injury to the finest goods.

The Oil Soap,

Possesses very healing and penetrating qualities, and is used with perfect safety for bathing various external complaints, upon man or beast. Instances are too numerous to be certified. Thousands of certificates might be obtained of its efficacious effects upon all bone complaints, weak limbs, that have been dislocated, broken, or otherwise injured. In almost every case when applied to corns on the feet, it has effected an entire cure.

It is positively the best remedy, if thoroughly used, for sprains, chilblains, poisons, scalds, burns, sore lips, chapped or cracked hands, cutaneous eruptions, or pimples faces, that is known. For places chafed by the harness or saddle, sprained shoulders, scratches, &c. on horses, there is no composition that exceeds this.

Warranted genuine. For sale by

Tarboro', May 20, 1840

Dr. COHOON'S

TONIC MIXTURE,

FOR THE CURE OF

Intermittent or Ague and Fever.

THIS mixture purifies the blood, removes the ague and consequent fever. The blood is made from the chyle or contents of the stomach, has its red color and vitality imputed to it by the action of the lungs and oxygen gas, which the atmospheric air contains. The Sanguiferous gland of the system, the liver, secretes the bile, from the blood carried to that organ through the Vena Portarum. These Viscera then are the anatomical apparatus by which the blood is made and preserved, and should be the Physician's watchword—mark well the secretions.

This mixture is harmless, and may be given to infants with perfect safety, as its composition is solely Vegetable. Read the certificates below and annexed letter.

I do hereby certify, that in 1837, my son Thomas was attacked with intermittent or Ague and fever. I applied to a respectable physician in Portsmouth, he gave him medicine, but in a few days the ague returned. I then applied to a physician at Somerton, he prescribed, but found no relief. I then applied to Dr. Cohoon, and one bottle of tonic mixture made speedy and permanent cure. Given under my hand this 25th of February.

DAVID DUNFORD.

Nansemond County, Va.

Winton, N. C. Ap. 9, 1839.

I have acted as Agent for the sale of Dr. Cohoon's tonic mixture, and can, from personal observation recommend it to the public for the cure of Ague and Fever, as I have sold it to those who had been plagued with the ague and fever for many months, and tried many other remedies without success, when one bottle of the mixture made a speedy cure. Dr. Cohoon is at liberty to use this certificate in any publication he may think proper.

LAWRENCE ELY.

Nansemond Co., Va., April 18, 1839.

I do hereby certify, that Dr. Cohoon's Tonic Mixture proves an effectual cure for the ague and fever, for I have taken it and found it to fail in no stage of the disease whatever.

ELISHA EVERETT.

Hertford Co., N. C., June 2, 1839.

I do certify, that I have taken Dr. Cohoon's Tonic Mixture, and used it in my family, and it has proved to be one of the best medicines I have ever used or seen given for Ague and Fever.

WILLIAM P. BRITTON.

Colerain, N. C., July 27th, 1839.

My Dear Sir:

I thought to have answered your note sometime since, but negligence is the only reason I have to offer. I have procured you an Agent to sell your medicine at Colerain, Wm. J. Hardy, Esq., merchant of that place. I handed over to Mr. Hardy nine bottles of your mixture, and keep 3 myself; which I will account to you for. Mr. Hardy wishes a further supply, say 3 dozen bottles. I have used 4 bottles of your Tonic Mixture in the course of 12 months in my family, and it has succeeded in every case when every other medicine that I had tried had failed; and I say it is preferred to any medicine that I have ever used for the ague & fever.

I am yours truly.

T. Terrell's Pills.

Dr. T. TERRELL,

HAVING discovered a sure, safe and expeditious cure for Ague and Fever and Bilious Fever, and believing it a duty he owes to himself and the community, offers it to the public.

THESE PILLS

Are composed of vegetable substances only, selected for their mild medicinal virtues, which are greatly enhanced by their present combination, and are so entirely free from danger in every respect, that they may be given to females under any circumstances with perfect safety, requiring no more care than would be necessary if no medicine was given; they do not act on the stomach as an emetic, nor on the bowels as a cathartic, but supersede the necessity of all medicines that do without prostrating the vital energies and producing that fatal debility frequently witnessed under their operation; they promote perspiration, equalize the circulation, remove obstructions, regulate the secretions of the liver, so as to render the bile healthy in quality and proper in quantity, strengthen and invigorate the system, and impart health and animation with expedition and certainty.

The Proprietor although he wishes to establish the reputation of his remedy upon nothing but deserved merit, thinks it not amiss to give the following certificates, out of a great many that might be exhibited in its favor, as an inducement to the afflicted to avail themselves of the first opportunity of being relieved by its salutary effects. It is deemed almost unnecessary to say, that if the Pills are puked up or carried off by a diarrhoea, they can do but little if any good.

Put up in boxes at \$2, each containing enough to cure one grown person, or two or more children, with printed directions, to which, if genuine, will be affixed the inventor's own signature.

TIMO. TERRELL.

Rocky Mount, Nash county, N. C.

August, 1840.

CERTIFICATES

Nash county, N. C. June, 1840

In October last I was attacked with bilious fever and took some medicine from other physicians, and after being very sick for six or 8 days, believed without speedy relief I should die. My sickness at the stomach was extremely distressing, frequently puking large quantities of bile, which seemed to be increased by whatever I drank; pains in the back and limbs were so severe, I could not remain in one position five minutes at a time. In this condition I was visited by Dr. T. Terrell late in the evening, and after using his pills three or four hours I was completely relieved from distress, either of sickness or pain, and the next day was up about the house and even out in the yard, having no remains of the disorder but weakness. I have known Dr. Terrell's pills frequently made use of in ague and fever and bilious fever, and they have always as far as I have known or heard, sustained their high reputation by performing speedy cures in every instance.

JOHN S. ARRINGTON.

Nash county, N. C. June, 1840.

Dr. T. Terrell's pills which have acquired such celebrity for the cure of ague & fever & bilious fever, have been used in my family and in the neighborhood for some time, and I feel no hesitation in expressing my conviction, that their use in other places will fully sustain the deserved reputation they have gained here. I take great pleasure in recommending them to persons laboring under the above complaints.

SAML. W. W. VICK.

Nash county, N. C. June, 1840.

I have taken Dr. T. Terrell's pills myself and used them frequently in my family for ague and fever and bilious fever, and they have speedily effected a cure in every case. I have known them frequently used in the neighborhood for the same disorders, and have never known or heard of a single failure. The confidence I have in this medicine (which is mostly from experience) exceeds any thing I ever expected to have in medicine of any kind.

BENNET BARNES.

Nash county, N. C. June, 1840.

I can say from experience that Dr. Terrell's pills, which are so innocent as to require no additional care in using them, are far superior to any medicine I have known, or believed to be in use, for the cure of ague and fever and bilious fever. Myself and several others of my family have been cured more than once by this excellent remedy. I can recommend them as being safe, certain, and quick to cure.
