## MOFFAT'S

Life Pills & Phenix Bitters.

THE perfectly safe, unerring, and successful treatment of almost every species of disease by the use of

Moffat's Life Medicines,

Is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life medicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The Life Medicines

Are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life medicines will give relief in a shorter space of time than any other prescription. In Fever & ague, Inflammatory rheumatism, Fevers of every description, sick head ache, heart-burn, Dizziness in the head, pains in the chest, Flatulency, impaired appetite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is, to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life medicines will suit his own case? If so, let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a Domestic Guide to Health, published gratuitously. He will there find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Moffat's Medical office in New York, 375 Broadway.

## PETERS' PILLS

THE immense and increasing popularity of these pills, is another proof of the infallibility of the old adage, that "truth is powerful and will prevail." Other pills are only puffed, but Dr. Peters' are purchased and praised, and recommended until the demand for them has become almost universal.

Dr. Peters would impress this fact upon the public, that his pills are not a quack medicine; but a scientific compound of simples, which has been the result of many years intense application to a profession in which he was regularly bred; hence it is as popular with the regular faculty as with the people at large.

One of the many peculiar virtues of the Vegetable pills, is, that while very powerful in their effects, they are particularly mild and gentle in their action. Unlike the generality of medicines, their application is never attended with nausea or griping.

Peters' Vegetable Pills

Are now regarded by those who have had an opportunity to decide upon their merits, as an inestimable public blessing.

Without an exception in any age or country, no medicine has spread with such rapidity, and given such universal satisfaction.

Prepared by JOSEPH PRIESTLY PETERS, M. D., No. 129 Liberty street, New York. The pills are neatly put up in tin boxes, price 50 cents per box.

Extract of a letter from Dr. Hopson, of Bangor, Me., Jan. 9, 1838.

They are a peculiarly mild, yet efficient purgative medicine; and produce little, if any, griping or nausea. I have prescribed them with much success in sick head-ache and slight bilious fevers.

Extract of a letter from Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.

I cordially recommend Peters' pills as a mildly effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs.

Extract of a letter from Dr. Edward Smith, of Montreal, U. C. Sept. 29, 1836.

I never knew a single patent medicine that I could put the slightest confidence in, but Dr. Peters' Vegetable pills, which are really a valuable discovery. I have no hesitation in having it known, that I use them extensively in my practice, for all complaints [and they are not a few] which have their source in the impurity of the blood.

The above Pills are for sale at the Post office and Printing office in Tarboro, October, 1840.

Dr. COHOON'S

## TONIC MIXTURE,

FOR THE CURE OF

Intermittent or Ague and Fever.

THIS mixture purifies the blood, removes the ague and consequent fever. The blood is made from the chyle or contents of the stomach, has its red color and vitality imparted to it by the action of the lungs and oxygen gas, which the atmospheric air contains. The Sanguiferous gland of the system, the liver, secretes the bile, from the blood carried to that organ through the Vena Portarum. These Viscera then are the anatomical apparatus by which the blood is made and preserved, and should be the Physician's watchword—mark well the secretions.

This mixture is harmless, and may be given to infants with perfect safety, as its composition is solely Vegetable. Read the certificates below and annexed letter.

I do hereby certify, that in 1837, my son Thomas was attacked with intermittent or Ague and fever. I applied to a respectable physician in Portsmouth, he gave him medicine, but in a few days the ague returned. I then applied to a physician at Somerton, he prescribed, but found no relief. I then applied to Dr. Cohoon, and one bottle of tonic mixture made speedy and permanent cure. Given under my hand this 25th of February.

DAVID DUNFORD.

Nansemond County, Va.

Winton, N. C. Ap. 9, 1839.

I have acted as Agent for the sale of Dr. Cohoon's tonic mixture, and can, from personal observation recommend it to the public for the cure of Ague and Fever, as I have sold it to those who had been plagued with the ague and fever for many months, and tried many other remedies without success, when one bottle of the mixture made a speedy cure. Dr. Cohoon is at liberty to use this certificate in any publication he may think proper.

LAWRENCE ELY

Nansemond Co., Va., April 18, 1839.

I do hereby certify, that Dr. Cohoon's Tonic Mixture proves an effectual cure for the ague and fever, for I have taken it and found it to fail in no stage of the disease whatever.

ELISHA EVERETT.

Hertford Co., N. C., June 2, 1839.

I do certify, that I have taken Dr. Cohoon's Tonic Mixture, and used it in my family, and it has proved to be one of the best medicines I have ever used or seen given for Ague and Fever.

WILLIAM P. BRITTON.

Colerain, N. C., July 27th, 1839.

My Dear Sir:  
I thought to have answered your note sometime since, but negligence is the only reason I have to offer. I have procured you an Agent to sell your medicine at Colerain, Wm. J. Hardy, Esq., merchant of that place. I handed over to Mr. Hardy nine bottles of your mixture, and keep 3 myself; which I will account to you for. Mr. Hardy wishes a further supply, say 3 dozen bottles. I have used 4 bottles of your Tonic Mixture in the course of 12 months in my family, and it has succeeded in every case when every other medicine that I had tried had failed; and I say it is preferred to any medicine that I have ever used for the ague & fever. I am yours truly,

J. WATFORD.

DR. HARRELL'S

Tomato and Slippery Elm

## PILLS.

THERE are many family medicines now before the public, some of which, from their intrinsic virtues have justly gained the confidence and gratitude of thousands; but in the light of contrast, and in the scale of curative merit, Dr. Harrell's Tomato and Slippery Elm Pills stand pre-eminently above them all; nor is any apology offered for taking this high ground, unless it is the fact of their superior, and almost miraculous effects in the cure of diseases. They produce, when taken, a deep and lasting impression that they stand at the head of all other prepared medicines of the day. Fevers, Liver affections, Jaundice, head-ache, loss of appetite, costiveness, female complaints, and every disease within the reach of human means; yield readily to the powerful, yet gentle operation of these pills. As a cathartic they are copious and free, as an aperient they are mild and certain, as a tonic they are prompt and invigorating, as an alternative they are superior to Calomel or any other known remedy, and as a purifier of the blood they are unequalled in the history of medicines. There is no disease can withstand their life-giving energy when taken in time, or interrupt the system at all when they are administered as a preventative. During sickly seasons, and the prevalence of epidemics, their occasional use will preserve the body from attacks of disease. 50 cents per box. \$54 per gross.

Druggists, Booksellers, and Merchants are requisite to become agents for the sale of the above medicines.

All orders (post paid) directed to Dr. A. Harrell, Elizabeth City, N. C. will receive strict attention.

## Brandreth's Pills.

Cleanse and purify the Body.

THE application of the principle of Purgation being allowed to be one of the greatest utility in the cure and prevention of disease, it is of the greatest consequence to ascertain what medicine is capable of producing the desired effect in the easiest, and at the same time in the most effectual manner.

It has now no longer to contend with the blind prejudices of the greatest portion of the public; it is only with those few who still are determined to be "killed according to rule," like the people of old who "would have a King to reign over them." But, thanks to the circulation of newspapers—thanks to the general diffusion of knowledge, which enables us to read and judge for ourselves—now we no longer believe in swallowing that deadly mineral Mercury, professing a cure—but universally leaving us in a worse condition after its use.

We no longer believe in the absurd notion that Inflammations of any kind can be cured by abstracting our life—OUR BLOOD. It is now well understood that an inflammation is a wise ordination of nature, a signal that she requires the assistance of purgative medicine to ease her of the oppressive burden which she proves by the heavy fever, and the strong pulse, is wanted to be removed. In other words, the body calls for a vegetable cleansing.

Brandreth's Vegetable universal Pills require no skill in their administration; the printed direction only has to be observed, and they describe the just proportion of the magnitude of the disease to be cured.

Let all persons read the following opinion of a gentleman who well knows the qualities of these Pills.

Brandreth's Pills.

This medicine is acknowledged to be one of the most valuable ever discovered, as a purifier of the blood and fluids. It is superior to Sarsaparilla, whether as a sordid or alterative. It stands in finitely before all the preparations of combination Mercury. Its purgative properties are of an inestimable value—for these Pills may be taken daily for any period, instead of weakening by the cathartic effect they add strength by taking away the cause of weakness. There is no good Mercury loes, which these Pills do not likewise. But they have none of the miserable effects of that deadly specific. The tests are not injured;—the bones and limbs are not paralyzed;—no—but in the stead of these distressing symptoms, new life and consequent animation is evident in every movement of the body. Brandreth's Pills are indeed a universal Remedy, for they cure opposite diseases; they cure Inflammation and chronic rheumatism. They cure diabetes and strangury. They cure dysentery and constitutional costiveness. They will cure all these apparently opposite diseases, because they cleanse and purify the blood, provided, however, nature is not beyond all human ASSISTANCE. Four years this medicine has now been before the public in the United States; where ever it has been introduced, it has superseded all other remedies.

This medicine has been made the subject of much merit throughout the United States, while its utility has been extensively acknowledged. The impression seems to be gaining ground, that Brandreth's medicine may be employed with safety and effect, as a remedy or ordinary infirmities. There are many sensible persons in this city, as well as other parts of the country, who will give proper testimony to the good effects of Brandreth's Pills, from frequent experiments; & no evil may be apprehended from the use of them according to the directions. In directing public attention to the Brandreth medicine, we only express our honest convictions, that the Brandreth Pills have done more service to the present generation, than all the patent medicines which have ever been introduced into general use.
