APPROVED

Patent Medicines.

HARRISON'S specific Ointment, for the cure of ulcers, wounds, corns, fever sores, chilblains, white swellings, bites, piles, spider and snake bites, &c. It is likewise greatly superior to any medicine heretofore discovered for the chafed backs and limbs of horses—for tetters, ring worms, chapped lips—and in short, for every external bodily evil that may fall to the lot of man or beast.

Carpenter's compound Syrup of Liverwort, for the cure of Coughs, spitting of blood, Consumption, and Liver Complaints.

Indian hair Dye, warranted, with one application, to change light or red hair, to a beautiful brown or jet black, in a few hours, without staining the skin, or injuring the texture of the hair; the color is permanent, and will not rub off or soil the finest linen.

Superior Aromatic Salts, manufactured by E. Hutchings & Co. Baltimore. These salts have a compact and crystalline appearance throughout, and are highly recommended to persons liable to headache, faintness, &c.

Lee's genuine (Windham) bilious Pills, or Family physic, a mild, safe, and sovereign remedy for bilious fever, yellow fever, acid stomach, jaundice, indigestion, worms, headache, costiveness, female complaints, scurvy, bilious cholera, eruptions on the skin, &c.

Fuller's Ethereal tooth-ache Elixir, prepared from the recipe of the celebrated Dr. Blake, of London, adopted and recommended by the London Medical Society in 1839. It is believed to be the best compound for the tooth ache ever invented, and able to cure it in all cases except when connected with a rheumatic affection.

Gray's invaluable Patent Ointment, for the cure of white swellings, scrofulous and other tumours, ulcers, sore legs, old and fresh wounds, sprains and bruises, swellings & inflammations, scalds and burns, scald head, women's sore breast, rheumatic pains, tetters, eruptions, chilblains, whitlows, bites, piles, corns, and external diseases generally.

Beckwith's anti-dyspeptic Pills, a most valuable medicine for the cure of dyspepsia, and the prevention of bilious fevers, colic, &c.

Bernard's remedy for Asiatic Cholera, elciera morbus, diarrhoea, summer complaints, colics, cramps & spasms.

Carter's Southern Rheumatic Embrocation, a speedy cure for rheumatism, chilblains, sprains, numbness, and stiffness of the joints, &c.

Parson's pectoral balm of Car-ragen, or Irish moss, a safe and certain remedy for coughs, colds, asthma, whooping cough, shortness of breath, spitting of blood, consumption, &c.

The afflicted man's Friend, or Ointment of many virtues, much celebrated for the cure of scrofula or king's evil, ringworm, goitre, inflamed eyes, burns, scalds, chilblains, breaking out on children's heads, eruption, or pimples on the face, breaking out on the mouth, scorbutic ulcers, & ulcerated sore legs, sore breasts, and cancerous humors.

MOFFAT'S

Life Pills & Phenix Bitters.

THE perfectly safe, unerring, and successful treatment of almost every species of disease by the use of

Moffat's Life Medicines,

Is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life medicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The Life Medicines

Are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough-acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life medicines will give relief in a shorter space of time than any other prescription. In Fever & ague, inflammatory rheumatism, Fevers of every description, sick head ache, heart-burn, Dizziness in the head, pains in the chest, Flatulency, impaired appetite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is, to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life medicines will suit his own case? If so, let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a Domestic Guide to Health, published gratuitously. He will there find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Moffat's Medical office in New York, 375 Broadway.

PETERS' PILLS.

THE immense and increasing popularity of these pills, is another proof of the infallibility of the old adage, that "truth is powerful and will prevail." Other pills are only puffed, but Dr. Peters' are purchased and praised, and recommended until the demand for them has become almost universal.

Dr. Peters would impress this fact upon the public, that his pills are not a quack medicine; but a scientific compound of simples, which has been the result of many years intense application to a profession in which he was regularly bred; hence it is as popular with the regular faculty as with the people at large.

One of the many peculiar virtues of the Vegetable pills, is, that while very powerful in their effects, they are particularly mild and gentle in their action. Unlike the generality of medicines, their application is never attended with nausea or griping.

Peters' Vegetable Pills

Are now regarded by those who have had an opportunity to decide upon their merits, as an inestimable public blessing.

Without an exception in any age or country, no medicine has spread with such rapidity, and given such universal satisfaction.

Prepared by JOSEPH PRIESTLY PETERS, M.D., No. 129 Liberty street, New York. The pills are neatly put up in tin boxes, price 50 cents per box.

Extract of a letter from Dr. Hopson, of Bangor, Me, Jan. 9, 1838.

They are a peculiarly mild, yet efficient purgative medicine; and produce little, if any, griping or nausea. I have prescribed them with much success in sick headache and slight bilious fevers.

Extract of a letter from Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.

I cordially recommend Peters' pills as a mildly effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs.

Extract of a letter from Dr. Edward Smith, of Montreal, U. C. Sept. 29, 1836.

I never knew a single patent medicine that I could put the slightest confidence in, but Dr. Peters' Vegetable pills, which are really a valuable discovery. I have no hesitation in having it known, that I use them extensively in my practice, for all complaints [and they are not a few] which have their source in the impurity of the blood.

The above Pills are for sale at the Post office and Printing office in Tarboro. October, 1840.

Doctor Wm. EVANS'

SOOTHING SYRUP

For children Teething,

PREPARED BY HIMSELF.

To Mothers and Nurses.

THE passage of the Teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of saliva is increased, the child is seized with frequent and sudden fits of crying, watchings, starting in the sleep, and spasms of peculiar parts, the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply Dr. William Evans' Celebrated Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady, convulsions.

This infallible remedy has preserved hundreds of Children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.

To the Agent of Dr. Evans' Soothing Syrup: Dear Sir—The great benefit afforded to my suffering infant by your Soothing Syrup, in a case of protracted and painful dentition, must convince every feeling parent how essential an early application of such an invaluable medicine is to relieve infant misery and torture. My infant, while teething, experienced such acute sufferings, that it was attacked with convulsions, and my wife and family supposed that death would soon release the babe from anguish till we procured a bottle of your Syrup; which as soon as applied to the gums a wonderful change was produced, and after a few applications the child displayed obvious relief, and by continuing in its use. I am glad to inform you, the child has completely recovered, and no recurrence of that awful complaint has since occurred; the teeth are emanating daily and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgment public, and will gladly give any information on this circumstance.

When children begin to be in pain with their teeth, shooting in their gums, put a little of the Syrup in a tea-spoon, and with the finger let the child's gums be rubbed for two or three minutes, three times a day. It must not be put to the breast immediately, for the milk would take the syrup off too soon. When the teeth are just coming through their gums, mothers should immediately apply the syrup; it will prevent the children having a fever, and undergoing that painful operation of lancing the gums, which always makes the tooth much harder to come through, and sometimes causes death.

Beware of Counterfeits.

Caution.—Be particular in purchasing to obtain it at 100 Chatham st., New York, or from the

DR. HARRELL'S

Tomato and Slippery Elm

PILLS.

THERE are many family medicines now before the public, some of which, from their intrinsic virtues have justly gained the confidence and gratitude of thousands; but in the light of contrast, and in the scale of curative merit, Dr. Harrell's Tomato and Slippery Elm Pills stand pre-eminently above them all; nor is any apology offered for taking this high ground, unless it is the fact of their superior, and almost miraculous effects in the cure of diseases. They produce, when taken, a deep and lasting impression that they stand at the head of all other prepared medicines of the day. Fevers, Liver affections, Jaundice, head-ache, loss of appetite, costiveness, female complaints, and every disease within the reach of human means; yield readily to the powerful, yet gentle operation of these pills. As a cathartic they are copious and free, as an aperient they are mild and certain, as a tonic they are prompt and invigorating, as an alterative they are superior to Calomel or any other known remedy, and as a purifier of the blood they are unequalled in the history of medicines. There is no disease can withstand their life-giving energy when taken in time, or interrupt the system at all when they are administered as a preventative. During sickly seasons, and the prevalence of epidemics, their occasional use will preserve the body from attacks of disease. 50 cents per box. \$54 per gross.

Druggists, Booksellers, and Merchants are requisite to become agents for the sale of the above medicines.

All orders (post paid) directed to Dr. A. Harrell, Elizabeth City, N. C. will receive strict attention.

Brandreth's Pills.

Cleanse and purify the Body.
THE application of the principle of Purgation being allowed to be one of the greatest utility in the cure and prevention of disease, it is of the greatest consequence to ascertain what medicine is capable of producing the desired effect in the most safe, and at the same time in the most effectual manner.

It has now no longer to contend with the blind prejudices of the greatest portion of the public; it is only those few who still are determined to be "killed according to rule," like the people of old who "would have a King to reign over them." But, thanks to the circulation of newspapers—thanks to the general diffusion of knowledge, which enables nineteen twentieths of THE PEOPLE to read and judge for themselves—now we no longer believe in swallowing that deadly mineral Mercury, professing a cure—but universally leaving us in a worse condition after its use.

We no longer believe in the absurd notion that inflammations of any kind can be cured by abstracting our blood—OUR BLOOD. It is now well understood that an inflammation is a wise ordinance of nature, a signal that she requires the assistance of purgative medicine to ease her of the oppressive burden which she proves by the heavy fever, and the strong pulse, is wanted to be removed. In other words, the body calls for a vigorous cleansing.

Brandreth's Vegetable universal Pills require no skill in their administration, the printed direction only has to be observed, and they describe the just proportion of the magnitude of the disease to be cured.

Let all persons read the following opinion of a gentleman who well knows the qualities of these Pills.

Brandreth's Pills.

This medicine is acknowledged to be one of the most valuable ever discovered, as a purifier of the blood and fluids. It is superior to Sarsaparilla, which is a scorditic or alterative. It stands in firmly before all the preparations of combination of Mercury. Its purgative properties are alone of incalculable value—for these Pills may be taken daily for any period, instead of weakening by the cathartic effect, they add strength by taking away the cause of weakness. There is no good Mercury does, which these Pills do not likewise. But they have none of the miserable effects of that deadly specific. The teeth are not injured;—the bones and limbs are not paralyzed;—no—but in the stead of these distressing symptoms, new life and consequent animation is evident in every movement of the body. Brandreth's Pills are indeed a universal Remedy, for they cure opposite diseases; they cure Inflammation and chronic rheumatism. They cure diabetes and strangury. They cure dysentery and constitutional costiveness. They will cure all these apparently opposite diseases, because they cleanse and purify the blood, provided, however, nature is not beyond all human ASSISTANCE. Four years this medicine has now been before the public in the United States; whenever it has been introduced, it has superseded all other remedies.

This medicine has been made the subject of much merriment throughout the United States, while its utility has been extensively acknowledged. The impression seems to be gaining ground, that Brandreth's medicine may be employed with safety and effect, as a remedy for ordinary infirmities. There are many sensible persons in this city, as well as other parts of the country, who with great propriety testify to the good effects of Brandreth's Pills, from frequent experiments; & no evil may be apprehended from the use of them according to the directions. In directing public attention to the Brandreth medicine, we only express our honest convictions, that the Brandreth Pills have done more service to the present generation, than all the patent medicines which have ever been introduced into general use.

Dr. Brandreth's Offices in New York, are 241, BROADWAY; 185, Hudson street, and 276, Bowery, between Prince and Houston streets.

Remember Druggists are never made Agents

195—Main Street—195.

A few doors below the Old Market, Richmond, is DR. BENJ. BRANDRETH'S VIRGINIA OFFICE.

The following gentlemen have been appointed agents for the sale of Brandreth's Pills:
