Brandreth's Pills.
This medicine is acknowledged to be one of the most valuable ever discovered, as a purifier of the blood and fluids. It is superior to Sarsaparilla, whether as a sordid or alterative. It stands in finitely before all the preparations or combinations of Mercury. Its purgative properties are alone of incalculable value—for these Pills may be taken daily for any period, & instead of weakening by the cathartic effect, they add strength by taking away the cause of weakness. There is no good Mercury does, which these Pills do not likewise. But they have none of the miserable effects of that deadly specific. The teeth are not injured;—the bones and limbs are not paralyzed;—no—but in the stead of these distressing symptoms, new life and consequent animation is evident in every movement of the body. Brandreth's Pills are indeed a *universal Remedy*, for they cure opposite diseases; they cure Inflammation and chronic rheumatism. They cure diabetes and strangury! They cure dysentery and constitutional costiveness. They will cure all these apparently opposite diseases, because they cleanse and purify the blood, provided, however, nature is not beyond all human assistance.

Evans' Camomile Pills.
THE camomile flower, (or as it is officially called, ANTHEMIS VULGARIS, or Chamæmelum, from the Greek words, *Kamai*, on the ground, and *Melon*, an apple; because it grows on the ground, and smells like an apple,) is of a dull white color, of fragrant odor, and of a bitter aromatic taste.

Camomile is a mild tonic, in small doses acceptable and corroborative to the stomach. It is especially applicable to that condition of general debility, with languid appetite, which often attends convalescence from idiopathic fevers.
To the Nervous and Debilitated,
Dr. Evans' Tonic Pills.
The powers of Evans' Camomile Pills are such, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, vanish before their effects like noxious vapors before the benign influence of the morning sun. They have been long successfully used for the cure of intermittents, together with fevers of the irregular nervous kind, accompanied with visceral obstructions.

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distension of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. Hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills will produce a safe and permanent cure.
Evans' Pills were first introduced in America in 1835.

Evans' Family Aperient Pills
Are purely vegetable, composed with the strictest precision of science and of art; they never produce nausea, and are warranted to cure the following diseases which arise from impurities of the blood, viz:
Consumption, Coughs, and Colds,

Nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, ulcers, female weakness, and all cases of hypochondriacism, low spirits, palpitation of the heart, nervous irritability, nervous weakness, florid albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, seasickness, night mare, rheumatism, asthma, tic douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings, by a course of Dr. Evans' medicines.

READ ON.
Extract of a letter of Jonas Snyder, Post Master, Kernesville, Pa., to Dr. William Evans.
Among several cases the following is found: An elderly lady, who had been 25 years so afflicted with nervous hypochondria, debility, &c. that for the last three years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially in her left side, remained immovable, attended at long intervals with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health which for the last ten years she has not enjoyed.

DR. HARRELL'S NERVINE LOTION
It is truly surprising to witness the favourable effects of this medicinal preparation in the cure of a great many of our most aggravated maladies. If the disease be acute or of recent occurrence, it will subside in a few minutes; if it be Chronic or of Long standing it will disappear in a few days; but in every case pain will be overcome almost instantaneously; for such is the sudden transition which is realized from extreme suffering to a state of perfect ease, that the operation is barely terminated, when the patient exclaims, his pains are gone, and that a favourable change has passed upon the disease. These statements are not merely theoretical, but the undoubted result of observation and experience. This new and powerful principle in medical practice, will greatly facilitate the cure of all diseases, but will beyond, the most distant shade of doubt, as thousands will testify, completely subdue the following maladies, provided they are within the reach of human means; Dyspepsia, Asthma, Neuralgia, Tic Douloureux, Epilepsy or Fits, St. Vitus' Dance, Hysterics, Spine Diseases, Cramps, Spasms, Lock Jaw, Nervous Headache, Tooth Ache, Weak Eyes, Rheumatism, Gout, Swelled & Painful Joints, Early Inflammations of the Throat, Lungs, Heart and its appendages, all Painful Diseases, Paralytic Debilities, Violent Sprains, Tetter Worms, Ring Worms, Pimples and other Eruptions of the Skin.

CASES CURED.
CASE 1. Mr. P. of the town of Halifax, N. C. a respectable merchant, sprained his ankle playing a game of five; spent a painful and restless night, found it next morning much swelled and inflamed. He came to me to be operated upon and submitted to my treatment. In two minutes he left the room with his ankle perfectly restored to his great satisfaction.
CASE 2. Miss P. of the county of Halifax, N. C., a young lady who had for many years suffered with nervous headache, and could obtain but little relief from the remedies generally resorted to. I was requested by her father to try my mode of treatment to her case, I did so, and in a few moments she was relieved.
CASE 3. Mr. C. of Norfolk, Va., was laboring under chronic Rheumatism in every joint of the upper and lower extremities. All had been done for him which medical skill could afford, yet he found no relief. Meeting with me he requested I should try my practice on his case, the result was he got rid of his pains. It was accomplished in three days.
CASE 4. Mrs. R. of Elizabeth City N. C. was attacked with acute Rheumatism in the left shoulder and arm, could not raise it to her head; but to render the pain tolerable she was compelled to steady it by the right hand. I operated upon the disease which took me about ten minutes and the consequence was the pain subsided, she raised the arm without difficulty, & used it in adjusting her dress.
CASE 5. Mr. H. of Pssquotank county N. C. was annoyed with a very extensive ringworm on both sides of his face. I operated upon him and destroyed it in two minutes.
CASE 6. Mrs. D. of Elizabeth City, N. C. had a Neuralgia or nervous affection of the face and jaw. She resorted to a great variety of means for relief but was disappointed. My mode of treatment cured her in twenty minutes.

THE PILES,
A remedy, the efficacy of which has been tested by the experience of years, and the utility of which has in no instance been impaired from failure to relieve. To those who have been subjected to this disease, it will prove, if applied when re-attacked, a sure preventative to its continuance, *without the least pain*; indeed many have pronounced it the most agreeable remedy ever applied. There can be no danger in its use, as its component parts are of harmless vegetable matter.

Those who are suffering will do well to make a trial of the remedy. Its efficacy is guaranteed, and there can be no doubt but that the disorder may be arrested in its earliest state, if no delay be made in its application.
