APPROVED

Patent Medicines.

HARRISON'S specific Ointment, for the cure of ulcers, wounds, corns, fever sores, chilblains, white swellings, bites, piles, spider and snake bites, &c. It is likewise greatly superior to any medicine heretofore discovered for the chafed backs and limbs of horses—for tetters, ring worms, chapped lips—and in short, for every external bodily evil that may fall to the lot of man or beast.

Carpenter's compound Syrup of Liverwort, for the cure of Coughs, spitting of blood, Consumption, and Liver Complaints.

Indian hair Dye, warranted, with one application, to change light or red hair, to a beautiful brown or jet black, in a few hours, without staining the skin, or injuring the texture of the hair; the color is permanent, and will not rub off or soil the finest linen.

Superior Aromatic Salts, manufactured by E. Hutchings & Co. Baltimore. These salts have a compact and crystalline appearance throughout, and are highly recommended to persons liable to headache, faintness, &c.

Lee's genuine (Windham) bilious Pills, or Family physic, a mild, safe, and sovereign remedy for bilious fever, yellow fever, acid stomach, jaundice, indigestion, worms, headache, costiveness, female complaints, scurvy, bilious cholera, eruptions on the skin, &c.

Fuller's Ethereal tooth-ache Elixir, prepared from the recipe of the celebrated Dr. Blake, of London, adopted and recommended by the London Medical Society in 1839. It is believed to be the best compound for the tooth ache ever invented, and able to cure it in all cases except when connected with a rheumatic affection.

Gray's invaluable Patent Ointment, for the cure of white swellings, scrofulous and other tumours, ulcers, sore legs, old and fresh wounds, sprains and bruises, swellings & inflammations, scalds and burns, scald head, women's sore breast, rheumatic pains, tetters, eruptions, chilblains, whitlows, bites, piles, corns, and external diseases generally.

Beckwith's anti dyspeptic Pills, a most valuable medicine for the cure of dyspepsia, and the prevention of bilious fevers, colic, &c.

Bernard's remedy for Asiatic Cholera, cholera morbus, diarrhoea, summer complaints, colic, cramps & spasms.

Carter's Southern Rheumatic Embrocation, a speedy cure for rheumatism, chilblains, sprains, numbness, and stiffness of the joints, &c.

Parson's pectoral balm of Car-ragen, or Irish moss, a safe and certain remedy for coughs, colds, asthma, hooping cough, shortness of breath, spitting of blood, consumption, &c.

The afflicted man's Friend. or Ointment of many virtues, much celebrated for the cure of scrofula or king's evil, ringworm, goitre, inflamed eyes, burns, scalds, chilblains, breaking out on children's heads, eruption, or pimples on the face, breaking out on the mouth, scorbutic ulcers, & ulcerated sore legs, sore breasts, and cancerous humors.

MOFFAT'S

Life Pills & Pænic Bitters.

THE perfectly safe, unerring, and successful treatment of almost every species of disease by the use of

Moffat's Life Medicines,

Is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life medicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The Life Medicines

Are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life medicines will give relief in a shorter space of time than any other prescription. In Fever & ague, inflammatory rheumatism, Fevers of every description, sick head ache, heart burn, Dizziness in the head, pains in the chest, Flatulency, impaired appetite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is, to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life medicines will suit his own case? If so, let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a Domestic Guide to Health, published gratuitously. He will there find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Moffat's Medical office in New York, 375 Broadway.

THE Matchless Sanative,

Invented by the immortal
Louis Offon Goelicke, M. D.
OF GERMANY, EUROPE,

IS astonishing the world with its mighty victory over many fearful diseases, which have been pronounced INCURABLE by physicians in every age, being the most valuable medicine, and the most unaccountable in its operations of any ever prepared by human hands; a medicine obtained EQUALLY from the animal, mineral and vegetable kingdoms, thus possessing a THREE FOLD POWER; a medicine of more value to mankind than the united treasures of our globe, and for which we have abundant cause to bless the beneficent hand of a kind Providence; a medicine, which begins to be valued by PHYSICIANS, who have heretofore opposed it, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the Insatiable Grave!! A precious and powerful medicine, which has thoroughly filled the great vacuum in the materia medica; and thereby proved itself to be the

Conqueror of Physicians.

Dose of the Sanative. For adults, one drop; for children, a half drop; and for infants, a quarter drop. The directions explain the method of taking these portions, and contain a history of the medicine and its distinguished inventor.

Price. Three and one-third six dollars (\$2 50) per half ounce.

Doctor Wm. EVANS'

SOOTHING SYRUP

For children Teething,

PREPARED BY HIMSELF.

To Mothers and Nurses.

THE passage of the Teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of saliva is increased, the child is seized with frequent and sudden fits of crying, watchings, starting in the sleep, and spasms of peculiar parts, the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply Dr. William Evans's Celebrated Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady, convulsions.

This infallible remedy has preserved hundreds of Children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.

To the Agent of Dr. Evans' Soothing Syrup: Dear Sir—The great benefit afforded to my suffering infant by your Soothing Syrup, in a case of protracted and painful dentition, must convince every feeling parent how essential an early application of such an invaluable medicine is to relieve infant misery and torture. My infant, while teething, experienced such acute sufferings, that it was attacked with convulsions, and my wife and family supposed that death would soon release the babe from anguish till we procured a bottle of your Syrup; which as soon as applied to the gums a wonderful change was produced, and after a few applications the child displayed obvious relief, and by continuing in its use. I am glad to inform you, the child has completely recovered, and no recurrence of that awful complaint has since occurred; the teeth are emanating daily and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgment public, and will gladly give any information on this circumstance.

When children begin to be in pain with their teeth, shooting in their gums, put a little of the Syrup in a tea-spoon, and with the finger let the child's gums be rubbed for two or three minutes, three times a day. It must not be put to the breast immediately, for the milk would take the syrup off too soon. When the teeth are just coming through their gums, mothers should immediately apply the syrup; it will prevent the children having a fever, and undergoing that painful operation of lancing the gums, which always makes the tooth much harder to come through, and sometimes causes death.

Beware of Counterfeits.

Caution.—Be particular in purchasing to obtain it at 100 Chatham st., New York, or from the

DR. HARRELL'S

Tomato and Slippery Elm

PILLS.

THERE are many family medicines now before the public, some of which, from their intrinsic virtues have justly gained the confidence and gratitude of thousands; but in the light of contrast, and in the scale of curative merit, Dr. Harrell's Tomato and Slippery Elm Pills stand pre-eminently above them all; nor is any apology offered for taking this high ground, unless it is the fact of their superior, and almost miraculous effects in the cure of diseases. They produce, when taken, a deep and lasting impression that they stand at the head of all other prepared medicines of the day. Fevers, Liver affections, Jaundice, head-ache, loss of appetite, costiveness, female complaints, and every disease within the reach of human means; yield readily to the powerful, yet gentle operation of these pills. As a cathartic they are copious and free, as an aperient they are mild and certain, as a tonic they are prompt and invigorating, as an alterative they are superior to Calomel or any other known remedy, and as a purifier of the blood they are unequalled in the history of medicines. There is no disease can withstand their life-giving energy when taken in time, or interrupt the system at all when they are administered as a preventative. During sickly seasons, and the prevalence of epidemics, their occasional use will preserve the body from attacks of disease. 50 cents per box. \$54 per gross.

Druggists, Booksellers, and Merchants are requisite to become agents for the sale of the above medicines.

All orders (post paid) directed to Dr. A. Harrell, Elizabeth City, N. C. will receive strict attention.

PRIAM.

THIS celebrated imported Racer and Stallion, now in the best possible health and order, will make his next and last season in Virginia at my stables, at \$100 the season and \$1 to the groom, payable within the season, which commences on the 10th February, and ends the 1st July. Mares will be will fed, without stint, at 40 cents a day and every care and attention bestowed by trusty grooms; but I will not be liable for accidents or escapes. I have provided every accommodation for barren and failing mares, and will board black servants gratis, while white servants can be boarded on moderate terms in the village near.

PRIAM,

Is a beautiful bay, sixteen hands high, of matchless beauty, strength, form, action, and pedigree, and too well known as the unrivalled champion, for many years, on the English turf, where he never had a superior, and many excellent judges think an equal, to need further description.

As a tried Stallion, the English sportsmen acknowledge he is not only decidedly the best of the age, but the best ever in England. For four years he has had more and better winners than any other horse whose colts were of the same age. Nearly all trained have been winners of ten, and several have never been beaten. The number and amount of their winnings present almost an unbroken series of brilliant victories. In 1839 they won every large two years' old stake at New Market, often under heavy extra weights, have won the Great Oaks three out of four years, and nearly all the largest stakes to the Kingdom, as the Riddellworth, Tuesday's Riddellworth, 2400 guineas stake, 1,000 guineas, Columbus, July, Chesterfield, Clearwell, Pendergrass, and a host of others too numerous to name. Crucifix, one of his get, has won more than \$50,000, with out ever being beaten, and is unquestionably the best mare ever trained. They have won a countless number of stakes, plates, gold cups, handicaps, and King's plates, at all distances, and in some instances at 3, 4, and 5 heats, under heavy weights.

His colts have won every where they have been tried. Last year he had the best in England, the best in Ireland, and the best in Belgium, and equal to any in France and Germany; and in the United States, we have seen Monarch, the Queen Helen, and Mr. Robertson's filly.

At his present price, he is the cheapest Stallion in America—his price being reduced to suit the hard times; and breeders will do well to avail themselves of this last opportunity.

BULLARD'S

Celebrated Patent Animal and Vegetable
OIL SOAP.

FOR cleansing coat collars, woolens, linen, and cotton goods, from spots occasioned by grease, paint, tar, varnish, and oils of every description, without injury to the finest goods.

The Oil Soap,

Possesses very healing and penetrating qualities, and is used with perfect safety for bathing various external complaints, upon man or beast. Instances are too numerous to be certified. Thousands of certificates might be obtained of its efficacious effects upon all bone complaints, weak limbs, that have been dislocated, broken, or otherwise injured. In almost every case when applied to corns on the feet, it has effected an entire cure.

It is positively the best remedy, if thoroughly used, for sprains, chilblains, poisonous, scalds, burns, sore lips, chapped or cracked hands, cutaneous eruptions, or pimply faces, that is known. For places chafed by the harness or saddle, sprained shoulders, scratches, &c. on horses, there is no composition that exceeds this.
