

**DR. HULL'S**  
VEGETABLE FEVER AND AGUE  
AND ANTI FEVER  
**PILLS.**

A certain and effectual Cure for Ague  
and Fever; also used successfully in  
the treatment of Bilious Fever,  
Nausea, General Debility,  
and Nervous Weakness.

THE most flattering recommendations  
of this medicine have been received  
from many eminent physicians and others  
who have used it. And it is presumed  
that no medicine has ever been used whose  
action has been more beneficial, pleasant, &  
invigorating, and called forth from afflicted  
sufferers such expressions of heartfelt grati-  
tude and thankfulness. Persons taking  
the pills soon find themselves relieved—  
Chill broken! Fever gone!! Stomach and  
head free and healthful!!! Strength and  
appetite increasing and improving, and all  
nervous weakness fled.

When taken according to the directions  
accompanying them, they never fail to  
cure the Chill and Fever the first day, and  
never sicken the stomach or operate upon  
the bowels.

Their action upon the whole system is  
so charming, that persons are invariably  
surprised and pleased with their rapid and  
complete restoration to health.

The pills are purely and solely Vegeta-  
ble; and the happy combination of the in-  
gredients and their proportions are such as  
to produce a medicine which never fails to  
relieve when relief is at all attainable.

Each box contains 20 doses of pills—

**DR. SPENCER'S**  
**Vegetable Pills,**  
A PUBLIC BLESSING.

THESE pills whenever they have been  
fairly tried, have established an envia-  
ble celebrity, and are daily superceding all  
other preparations of medicine in curing  
those diseases for which they are recom-  
mended. It is believed that the rapidity  
of the sale of this invaluable medicine (in  
those States of the Union where they have  
been introduced) and the reputation it has  
acquired in the brief space of twelve  
months, has heretofore been unprecedented  
in the annals of medicine since the days  
of Hippocrates, the father of the healing  
art, to the present time.

Numerous testimonials in favor of these  
pills might here be given, but let the fol-  
lowing suffice:—

[From Mr. Isaac M. Thomas, merchant,  
at Talladega Springs, Alabama.]  
Talladega Springs, Talladega Co. Ala.  
August 17, 1842.

This is to certify, that I have been afflicted with  
sick headache, dyspepsia and liver complaint, and  
costiveness for the last eight or nine years; during  
which time I had taken as well as I recollect,  
about sixty boxes of Beckwith's pills, twelve boxes  
of Peters' pills, and a number of boxes of Cham-  
pion's and Brandreth's pills, all of which afforded  
me but little or no relief. At last I was recom-  
mended to try Dr. SPENCER'S VEGETABLE  
PILLS, and well I may say I never had but one  
attack of the sick headache after I commenced tak-  
ing the pills, (now about six months), and I can-  
didly confess, that I have derived more real bene-  
fit from the use of Spencer's pills, than from all  
the other medicines and pills that I have ever tak-  
en, and I would earnestly recommend them  
to ALL, as being in my opinion, the best medicine  
in use for all lingering complaints. The pills  
have done me so much good, that I would not feel  
willing to be without them for five dollars a box;  
and I cannot but feel very grateful to Dr. Spencer  
for having prepared such a valuable medicine, and  
the distribution of it is conferring a very great fa-  
vor on the public, as it is a thing of the utmost im-  
portance that every family should have a supply  
of Dr. Spencer's truly valuable pills constantly on  
hand.

To all the World who use Leather  
IN ANY FORM.  
**Oil of Tannin,**  
Or, **Leather Restorer.**  
A NEW CHEMICAL DISCOVERY.

MOST people know, that skins and  
hides are converted into leather by  
the use of Tannin, extracted from certain  
barks, &c. When the force and strength  
of the Tannin is worn out, leather becomes  
dead, hard, dry, brittle, cracked, covered  
with a crust, &c. THIS ALL KNOW. To  
restore then life, softness, moistness,  
strength, smoothness, & remove all crusts,  
fly, or blister—restore the tannin. This  
substance the leather never can receive the  
second time; but the whole virtues of it  
are in this article, the

**Oil of Tannin,**  
Which penetrates the stiffest and hardest  
leather, if it has been twenty years in use;  
and if it tears easily with the fingers, it im-  
parts at once a strength that is utterly in-  
credible until seen. It becomes like new  
leather, in all respects, with a delightful  
softness and polish, and makes all leather  
completely and perfectly impervious to  
water—particularly boots, shoes, carriage  
tops, harness, hose, trunks, and in fact all  
things made of leather, giving a splendid  
polish, even higher than new leather has,  
and at least doubling its wear and durabil-  
ity, in whatever manner the leather is used.  
THESE ARE FACTS.

Those who will wear old shoes, groan  
with corns, ride with old carriage tops—  
have old harness and throw them away  
half used—look filthy themselves, and all  
about them—expend double what is neces-  
sary for articles of leather, to their hearts'  
content, for what we care, if their preju-  
dices are so strong they will not try a new  
discovery. We have no favors to ask of  
them, they are the greatest sufferers, and  
we beg for nobody's custom or patronage.  
Now, gentlemen, please yourselves.

simile signature of Comstock & Co.

**Doctor Wm. EVANS'**  
**SOOTHING SYRUP**  
For children Teething,  
PREPARED BY HIMSELF.  
To Mothers and Nurses.

THE passage of the teeth through the  
gums produces troublesome and dan-  
gerous symptoms. It is known by moth-  
ers that there is great irritation in the  
mouth and gums during this process. The  
gums swell, the secretion of saliva is in-  
creased, the child is seized with frequent  
and sudden fits of crying, watchings, start-  
ing in the sleep, and spasms of peculiar  
parts, the child shrieks with extreme vi-  
olence, and thrusts its fingers into its mouth.  
If these precursory symptoms are not speed-  
ily alleviated, spasmodic convulsions uni-  
versally supervene, and soon cause the dis-  
solution of the infant. Mothers who  
have their little babes afflicted with these  
distressing symptoms, should apply Dr.  
William Evans' celebrated Soothing Syrup,  
which has preserved hundreds of in-  
fants when thought past recovery, from be-  
ing suddenly attacked with that fatal mal-  
ady, convulsions.

**Evans' Family Aperient Pills**  
Are purely vegetable, composed with the  
strictest precision of science and of art;  
they never produce nausea, and are war-  
ranted to cure the following diseases, which  
arise from the impurities of the blood, viz:  
Consumption, coughs, and colds, nervous  
diseases, liver complaint, dyspepsia, bilious  
diseases, piles, ulcers, female weakness, &  
all cases of hypochondriacism, low spirits,  
palpitation of the heart, nervous irritability,  
nervous weakness, fluor albus, seminal  
weakness, chlorosis or green sickness, flat-  
ulency, hysterical faintings, hysterics, head  
aches, hiccup, sea sickness, night mare,  
rheumatism, asthma, tic douloureux, cramp,  
spasmodic affections, and those who are vic-  
tims to that most excruciating disorder,  
Gout, will find relief from their sufferings  
by a course of Dr. Evans' medicines.

**Dr. Evans' Tonic Pills.**  
This tonic medicine is for nervous com-  
plaints, general debility, indigestion and  
its consequences, as want of appetite, dis-  
tension of the stomach, acidity, unpleas-  
ant taste in the mouth, rumbling noise in  
the bowels, nervous symptoms, languor,  
when the mind becomes irritable, despond-  
ing, thoughtful, melancholy and dejected.  
In hypochondriacism, consumption,  
dimness of sight, delirium, and all other  
nervous affections, these pills produce a safe  
and permanent cure.

**Jayne's Hair Tonic.**  
SHARPSBURY, Bennington county, Vt. Aug. 4, 1840.  
Dr. Jayne: Dear Sir,—Being acquainted with  
some of those recommending your HAIR TON-  
IC, to wit: Rev. C. C. Park, Rev. Dr. Babcock,  
and Rev. L. Fletcher, I purchased two bottles,  
with a view to make an experiment. I have been  
quite bald for about four years, and obliged to wear  
a wig. Indeed it is constitutional with my fami-  
ly to be bald in early life. I confess, I had but  
little confidence in the attempt, having been so  
long bald, and being near 46 years of age, and  
that part of my head desitute of hair exceedingly  
smooth. I, however, commenced agreeably to  
your directions, and used one bottle faithfully,  
and with very little effect; but before I had used the  
second bottle, a very fine fuzzy hair became per-  
ceptible, which continued to grow, and now hav-  
ing used the third bottle, I have had three cut-  
tings performed, and the prospect is very flattering  
that I shall again be blessed with a fine head of  
hair, ornamental and useful. I am extremely gra-  
tified with the prospect, and from observations  
made, many of my friends and acquaintances, who  
have heretofore regarded the preparation as decep-  
tive, and only a catch-penny concern, are now  
well satisfied that it is "FAITH—NO FICTION."  
J. W. SAWYER.  
Pastor of the Baptist church, Sharpsbury, Vt.

We know Dr. Quigly personally, and  
there is no man in the country, whose opin-  
ion is entitled to more respect. He is on  
all subjects honest and sincere, and his high  
character as a Physician can be attested by  
the first medical men in this city.—*Phil-  
adelphia Sun.*

SHEPHERD'S TOWNS, Va. Oct. 10, 1843.  
Dear Sir,—You inquire of me whether I have  
used your Hair Tonic, and the effects.  
Several years ago my hair began to fall rapidly  
from the scalp, and I had the prospect of prema-  
ture baldness. During several years I used vari-  
ous preparations recommended for the hair, from  
which I derived no benefit. At length a friend  
recommended your Hair Tonic. I used three or  
four bottles according to the printed directions,  
and at the end of six months, my hair was thick  
set, & since its tendency to turn grey was arrested.  
I have never before given a certificate, recom-  
mending patent medicines, which indiscriminately  
used, as they often are, do much injury, but in a  
case like the present, where I know the article to be  
beneficial, and that it can do no harm; I have  
no scruples in stating facts within my own knowl-  
edge. Yours, &c. JOHN QUIGLY, M. D.

**Worms! Worms!!**  
Startling Facts.

HUNDREDS of children and adults are  
lost yearly with worms, when some  
other cause has been supposed to be the true  
one. It is admitted by all Doctors that  
scarce a man, woman or child exists but  
what are sooner or later troubled with  
worms, and in hundreds of cases, sad to re-  
late, a supposed fever, scarlatina, cold, or  
some other ailment carries off the flowers of  
the whole human family—while in truth  
they die of WORMS! and these could  
have been eradicated in a day, by the use  
of a bottle of

**Kolmstock's Vermifuge,**  
At the cost of a quarter of a dollar!—How  
sickening the thought that these things  
should be—and who can forgive themselves  
for not trying this *Worm Exterminator*,  
when they know that even if the case was  
not worms, this remedy could not by any  
possibility do hurt—but always good as a  
purgative—let the disease be what it may.  
How important then to use it, and who will  
dare take the responsibility to do without it?  
Let every parent that is not a brute,  
ask themselves this question in truth and  
sobriety.

In some of the best families in the neigh-  
borhood of St. John's Park, it has been ex-  
tensively used, from the circumstance of  
having eradicated a large quantity of worms,  
after all other remedies had failed, which was  
extensively known in that part of the city.

In numerous cases other complaints were  
supposed to exist, and the persons treated  
for fever, &c. but finally a trial of this Ver-  
mifuge discovered the true cause of the  
sickness, by bringing away almost an innum-  
erable quantity of worms, large and  
small, and the persons recovered with great  
despatch. Instances of this kind might be  
cited to an immense extent, but it is use-  
less, one trial for 25 cents will show any  
one with astonishment the certain effects of  
this Vermifuge.

**Strengthening Plasters.**

THESE plasters, greatly improved, and  
having the preference of all others,  
are warmly recommended by all doctors as  
invaluable for all invalids having pains in  
the breast, back, or side. Weakness and  
lameness are relieved at once by their use,  
and the parts restored to strength and a na-  
tural warmth and health. Any person wear-  
ing one of these plasters, will be astonish-  
ed and delighted at the comfort it affords.  
Those threatened with Lung complaints,  
should never trust themselves a day with-  
out wearing a plaster. It removes the irri-  
tation of incipient consumption from the  
lungs to the surface of the body, and draws  
off the internal affection. So in liver com-  
plaints, and coughs and colds. Children  
with whooping cough should always have  
one, to prevent the cough settling on the  
lungs. Their excitement will be under-  
stood by all on a trial.
