The distressing, hacking cough, which is often dreaded as the foreiunner of consumption and the wasting strength which accompanies it, in all probability may arise from weakened or diseased kidneys or liver, to restore which would cause returning health. How this most desirable end may be attained has long been a problem, bot few people of intelligence at the present day have longer any doubts that the popular remedy known as Warner's SafeKidney and Liver Cure has done more

than any other preparations ever before known. There are hundreds of instances which have occured within the past three nonths where individuals have believed themselves the victims of consumption. when, in reality it was deranged kidneys and liver, which this remarkable medicine has completely cured, as witness the fol-

It to be a fact that thousands of cases of socalled consumption can be successfully treated by simply using Warner's Safe Kidney and Liver Cure as directed. I was one of the "given up to die" persons-had sumption-bad cough of four years standing, night sweats, chills, etc., etc. A season south did no good, and the fact was the case looked discouraging. I took Warner's Safe Kidney and Liver Cure, and in three months I regained over twenty pounds, and

There are thousands of people in America to-day who believe they are the victims of consumption and destined to an early grave and who are trying to save themselves by the use of consumption cures but are growing worse each hour. Let all such persons stop, and calmly consider whether they are not seeking to check a disease in the lungs when it is located in the kidneys and liver. Let them then treat the disease in its original stronghold and by the remedy which has been proven to be the most effective and then look for the return

An Arab on entering a house removes his shoes, but not his hat. He mounts his horse upon the right side, while his wife milks the cow on the left side. In writing a letter he puts nearly all his compliments on the outside. With him the point of a pin is his head, whilst its head is made its heel. His head must be wrapped up warm even in summer, whilst his feet may well enough go naked in winter. Every article of merchandise which is liquid he weighs, and he measures wheat, barley and a few other articles. He reads and writes from right to left. He eats scarcely anything for breakfast.about
