We Are Cooperating With the Defense Program

National defense needs are urging each citizen to do his part to win the war. We need iron and metals of all description for defense purpose only. It must be from our mines that these vital essentials have a ceiling price placed upon it. So profiteering and hoarding of needed materials will be eliminated. I am cooperating with the defense agencies in securing this much needed material. If you have anything please call or bring to **CHARLES M. CARSON**, or call or communicate with your local defense committee for further information. You may be assured of the very best price. Phone No. 87, Chas. M. Carson, Tryon, N. C.

IN MEMORY of my mother, Lizzie Staley, who departed this life one year ago today, January 16th, 1941:

"One year has past since you left me mother. How I miss you, only the Lord knows. My tears for you in silence have flowed. But I shall wait for that glad day, when we shall meet to part no more. He gave thee, He took thee to rest with Him. So sleep on Mother, we loved you well; but Jesus loves you best.

"Daughter,
