Weather Saturday: high 69, low 54, rain .08; Sunday high 60, low 53, rain .02. . . . Remember if you are interested in getting social security benefits, a field representative from Asheville will be at Mr. Helms' office Tuesday morning at 11 o'clock. Some people who have paid funeral expenses of a person over 65 have been reimbursed. Look into it. . . . Tryon Township Democrats will meet tonight at 8 o'clock in the office of McCown and Arledge. George W. Comer is chairman. All Democratic leaders are expected to be present to make plans for the coming election. . . . The Rev. Wilbur Caswell has started something. Most ministers preach on the old or new testaments, but he sticks on the part in between the testaments which is not found in the average family Bible. He had a large audience Sunday night at the Methodist church; and will speak every night this week at 7:30 at the Tryon First Baptist church. Christians listened to some things they had never heard before. He speaks on the Apocrypha, a Greek word meaning hidden or spurious. All those people who have a lot of curiosity or desire for learning something new or different, will enjoy the lectures at the Baptist church. They call it a School of Religion, but if the speaker sticks to the Apocrypha there will be more interest than found in school.
