

ENTERED AS SECOND CLASS MATTER AUGUST 20, 1928, AT THE POSTOFFICE
AT TRYON, N. C. UNDER THE ACT OF CONGRESS, MARCH 3, 1879

THE TRYON DAILY BULLETIN

The World's Smallest DAILY Newspaper.

Seth M. Vining, Editor

Vol. 24—No. 324 TRYON, N. C., TUESDAY, DECEMBER 18, 1951

Weather Monday: High 38, low 12, Rel. Hum. 35 . . . THE BIG DAY for all children in this area is Thursday, December 20th, when Santa Claus will come to the Firemen's Christmas Tree on Trade Street about 6:45 with a gift for every child, and that means every child white and colored in Tryon and outside as far away as they want to come. Over 1,000 children are expected and gifts of fruit and candy will be given out by Santa Claus as long as the supply lasts . . . Icy roads and freezing rain fell throughout the southeast today. The difference in temperature between Tryon and Asheville was 20 degrees at their lowest points and many motor vehicles and buses didn't try to make it up the mountains . . . Vice-President Barkley has returned from Korea with a report for President Truman with the announcement that a cease-fire in the war can be arranged by December 27th . . . Jim Jackson and Jim Tapley were the final place winners in the Spartanburg Bridge Tournament which netted \$200 for the Cancer Fund. Mrs. Baxter Haynes and Jules Feder of Tryon were third place finalists. In a special event Mrs. Baxter Haynes and Jules Feder were second; and

BULB SNATCHERS FINED

The two young men arrested stealing the pretty electric light bulbs from the Christmas trees on Trade Street last week, were fined \$25.00 and the costs by Magistrate Monte Dedman on Monday night at the regular weekly session of his court. Fine and costs amounts to court. Fine and costs amount to about 14 years of age, was turned over to the Juvenile Court under jurisdiction of Clerk of Court Robert S. McFarland.

In addition to the fines and costs the bulbs were returned to Chairman Harrison Bridgeman Jr., who replaced them in the trees.

Officers stated that they believed if crimes could be detected early enough it would prevent more serious offenses later in life.

Seventeen other cases were also disposed of during the evening's session.

ATT'N YOUNG ARTISTS: Rules for its annual conservation poster contest have been announced by the National Wildlife Federation which sponsors the event each year among youngsters in primary and secondary schools.

Young artists are advised to start work early on their projects since all entries must be received not later than January 31, 1952. Any standard poster medium will be accepted by the judges, but since the posters are designed for reproduction, color is preferred. In over-all size each poster must be 18 inches wide and 24 inches long with a two-inch margin at sides and top and a three-inch
