

Steps Approved

The Tryon Central Business District Committee met Monday night at the Town Hall. The Committee received notice of the approval by the Southern Railway for the proposed steps and crossing in the downtown area. (The actual location is the site of the former Rock Grill).

Co-chairman Harry Evans reported that project chairman Boyd Dunbar was hopeful construction would begin as soon as possible. A mason contractor has already been selected and it is hopeful work will be completed by mid-April. The steps are being funded by a \$6,000 grant from the Polk County Community Foundation. The steps are part of the overall plan for downtown beautification and will provide a means of access from the downtown area to the Depot Plaza and Pacolet Street area.

The Central Business District expressed their appreciation to the Tryon Lions Club for a \$400 contribution to be used in the downtown beautification project. (The Cowan Memorial Garden is moving along and is almost complete). Other areas scheduled for landscaping include McCown St. and Trade St. area. Some plantings have already been put in and there will be a cluster of azalea bushes in the Tryon Horse area and John Vollmer will build a small retaining wall.
