Pick Up Brochure For Tel-Med

The new Tel-Med program of health information by phone is being used even more than expected, according to Kaye Williams, chairman of Community Health, Inc. There were more than 300 calls in the first four days of operation.

If you forgot to clip the ad in area papers last week listing the 60 tapes available by phone, look for the brochures being distributed this week. They list each tape and its number; the number is necessary in asking the operator to play the tape you want.

Brochures can be found at area churches, libraries, the offices of doctors and dentists, the Meeting Place, the local service clubs, and other public places.
