The personnel at Community Seafood Company is very happy to be a facet of the new and informative newspaper. Recognizing its potential, we have solicited their services to inform citizens of Winston-Salem and surrounding areas of our fine seafood products.

Community Seafoods is the only black owned and operated seafood market in Winston-Salem which is recognized for its services and cleanliness by the Chamber of Commerce.

We offer a challenge to all other seafood markets in Winston-Salem in service, cleanliness and prices. We handle all kinds of seafoods at very reasonable prices. We are direct haulers of our seafood, therefore, we consider our customers in quality and prices.

Community Seafood is owned by Rev. Ordeal and Eugene Roseboro, brothers working together trying to please the

seafood needs of the Winston-Salem area.

We handle all kind of fish, oysters, shrimp on retail and wholesale basis. We welcome inquiries from churches, cafes and large groups.

Bring this article by Community Seafood anytime between Monday and Thursday of next week and receive a free pound of crookers with any purchase.
