Readers: You're beautiful and I love you to death! Our poetic trek around the Zodiac from week to week has really been a **TURN ON** - all because of YOU! I love visiting your "house" to see what makes you tick poetically! We've visited Leo, Cancer, Taurus and Scorpio. This week let's see what's happening with....

Aries

by Arcell W. Craig, Jr.

There's no need to proclaim us sign number one - Just look at the zodiac and see - Aries the Ram is the very first sign - independent - A fire sign and free!

We are compatible with Leo & Gemini, and Sagittarius the Archer too - We are ruled by the planet Mars - the earth's "twin" out in the blue - We are idealistic and energetic - natural leaders to a "T". We anger quickly but calm down quicker - we're aggressive as can be.

Arians will give your their hearts with kindness and any favor do - But the one thing Arians want in return is for their mates to be honest and true.

In love - in hate - and family affairs the ram really shows his might - Because the strength in his horns alone could win the toughest fight! Like fire the personality of an Arian - burns continuously - So you see it is no matter that the fire has to burn and be free - To create and build new worlds all by way of discovery. So hail Aries the mighty Ram - the Zodiac's leading personality!!

Sagittarius

by Fannie Dunlap

Any angel with an arrow and bow would be known as a cupid - you see - But my adventurous bowman is Sagittarius - big, bold, and free! He's ruled by the planet Jupiter and the epitome of

diplomacy, He's an extrovert and quite talkative with traits of originality - The archer looks for favorites in Leo or Aries, by way of compatibility. So if you see a bold archer with these habits - Sagittarian by trait - And if he has an Aries for his lady - it was all planned by fate. Bold - Bad - Sagittarius!

IN PARTING: Now that we're halfway - We're evenly "balanced" with Libra. Let's go with the motions of the fishes Pisces.

Next week "Libra and Pisces" in Poetic Dimensions!
