

NAACP Drive Needs Support

By Yvette McCullough Staff Reporter

The membership committee of the NAACP had its first report last Tuesday night at Staley's Northside and according to its membership chairman, the figure is a little below last year's figure at this time.

"Last year we had about 100-105 new members at this time," Womble said. "It was reported last Tuesday that we had about 100 new members."

Womble said that this year his goal and objective of new members is to enlist "as many as we can get." He said that he didn't want to set a figure because "if you do that, that's the only number they'll push for."

This year Womble said that the NAACP will actively go out and try to

enlist white members.

"In the past we have been geared toward blacks but we haven't refused whites who wanted to join," Womble said. "This year we will make an aggressive effort to enlist white people."

Womble said that the benefits of joining the NAACP would be the incentive of having an organization standing behind them. Also Patrick Hairston, Chairman of the local NAACP stated previously that the organization wouldn't help non-members.

Other members of the membership committee are Betsy Allen, Consultant Advisor, Mavis Lloyd and Jennifer Long, Co-Chairmen, Barbara West, Secretary and Patrick Hairston.

"Record Boutique" Holds Opening Celebration

Kimrough's, the combination boutique and record shop, will be holding a double celebration this Saturday; to mark a name change and the opening of a new store in North Side Shopping Center.

The Grand Opening will be celebrated both at the new store and at the 1254 Liberty Street store -- formerly "Kimrough's," which they are keeping under wraps until Saturday.

County Commissioners

Consider Appointments

The Forsyth County Board of Commissioners will consider two appointments to the Forsyth County Zoning Board of Adjustment, at the April 3 Commissioners meeting.

The public is encour-

aged to place in nomination anyone they consider qualified to fill these positions as soon as possible. For more information concerning these appointments, contact the Clerk to the Forsyth County Board of Commissioners at 727-2779.

activities will include top name recording artists for an autographing session, album giveaways, and local artists and DJ's.

Store managers John Brown and Linwood Oglesby say that the Northside store will be reminiscent of the Liberty Street location, but with many "new surprises," which they are keeping under wraps until Saturday.

Both stores will offer a full selection of all kinds of music including soul, rock, jazz, blues, gospel, and country-western, as well as a complete line of jeans and jean-suits, and the accessories to go with them.

The two managers will divide their time between the two locations.

John Brown, the president of the company, attended the University of Detroit, and received his degree in Architectural Engineering and Estimating from the School of

Architectural Engineering and Estimating in Arlington, Virginia. Before coming to Winston-Salem, Brown was general manager of Mr. Man, a multi-million dollar retail operation in Washington, D.C.

Linwood Oglesby holds a B.S. degree from Virginia Commonwealth University, and a Master of Social Work degree from Howard University. In Washington, he served as policy aide for the chairman of the D.C. City Council, and later held a

similar position in the office of Congresswoman Yvonne B. Burke of California. Mr. Oglesby has also held jobs in various phases of retail, including salesman, buyer, and assistant manager.
