

## Bishop McGuinness notes 25 years

Bishop McGuinness Memorial High School has invited its 1,000 alumni and families "home," Saturday, Aug. 18 to celebrate the school's silver anniversary.

Alumni from the Triad and across the country are expected to gather on the Link Road campus for a day of special events and memories. The celebration, planned by the Alumni Association and Board of Education, will be

the kick-off of a year of special remembrances for different facets of the school community, parents, teachers, students and friends.

The school first opened its doors in 1959 with under 100 students and has grown to accommodate 350 in its four-year secondary program.

The Aug. 18 event will begin with registration and tours at 3 p.m. A special Mass will be

celebrated by Father Wilbur Thomas, a member of the class of '65. The Mass will be followed by a family picnic on the school grounds.

Months of planning have gone into contacting alumni and arranging for the celebration.

The school has held a prominent place in the community through its academic programming and outreach to various service organizations in the Triad.

The Winston-Salem Chapter of the North Carolina Central University Alumni Association was recently named co-winners of the chapter of the year. The associations members are, left to right, Melvin D. Mauney, president; Diane Wallace, assistant secretary;

treasurer; Mary Grissom, recording secretary; Larry Butler, vice president; Ann Wherry, corresponding secretary, and seated, Norma Guthrie, treasurer, and Gir'ha Jeffers, chaplain. Not pictured is Raymond Coleman, parliamentarian.

### FACTS OF LAW

By Gregory Davis

A tenant is liable for any unlawful act--or omission of an act--which causes permanent damage to the property of the landlord or owner.

DUELING is prearranged fight between two persons using weapons of deadly force. It is prohibited by state laws.

Signing "without recourse" after endorsing a check protects you from liability to the next holder or holders of that instrument.

Federal law prohibits corporations from making contributions to federal election campaigns. The U. S. Supreme Court recently refused to consider a challenge to that law.

A witness at trial is not automatically considered incompetent because he was drunk on the occasion to which he is testifying, so long as he is able to relate the facts and events reliably.
