Les Arbres holds Black and White Ball

The Les Arbres Club held its 25th annual Black and White Ball on Wednesday, Nov. 21, at the M.C. Benton Convention Center.

The first ball was held in the Patterson Avenue Armory 25 years ago. By the time the club members finished decorating the armory, the place was transformed into a regal palace. *Jet* magazine featured scenes from the ball and hailed it as one of the social events of the year. The caliber of the ball has never declined. Local papers have described the ball as one of the

most elegant affairs held in the city. Guests still come from many corners of the United States to attend this gala event.

The ball attracts approximately 500 participants each year.

This year, a silver champagne stand and bucket was presented to Mabel and Manual "Brick" Johnson from the members of the club. Kenneth and Virginia Lash presented the stand and bucket to Mabel and "Brick" for the entire club. The Johnsons are the club's founders.
