

HELP CURB THE TRASH

SUPPORT THE WEEKLY CURBSIDE REC

If you're an average Winston-Salem family, you probably dispose of 100 pounds of garbage each week. It may surprise you to learn that 40 pounds of it is recyclable. Simply by recycling newspapers, glass, plastic, and aluminum beverage cans, you can keep 40 pounds of needless waste from being poured into our local landfills every week—that's 2,080 pounds a year, just from your family.

Please do your part to solve this problem. Participate with your neighbors in Winston-Salem's RECYCLE TODAY curbside recycling program, and help protect our local and global environment for tomorrow.

Any questions? Call the Recycling Hotline at 722-BINS (722-2467).

WHEN TO RECYCLE

IF YOU HAVE A BIN, YOU'RE READY TO BEGIN CURBSIDE RECYCLING ON JUNE 18. Recyclables in bins will be picked up once a week at the curb. Just put your bin at the curb by 7 a.m. on your designated recycling day and a special white BFI recycling truck will come by to empty it.

WHO SHOULD RECYCLE

Everyone! Curbside recycling makes it easy. Residents included in the first phase of the new program have already received their green recycling bins and instructions.

The following twelve neighborhoods are included in Phase 1, set to begin June 18:

- Town & Country
- Salem Woods
- Ardmore
- Carver School
- Sunderstead/British Woods
- 14th St./Martin Luther King, Jr. Dr.
- Sherwood Forest
- Polo/Foxhall
- West End/West Highlands/Kent Rds.
- Parkview/Waughtown
- North Hills
- Washington Park/Konnoak

If you haven't received a bin, you will be included in either Phase 2, beginning November 1, 1991, or Phase 3, starting April 20, 1992. Look for a doorhanger announcing that curbside recycling is coming to your neighborhood. Soon afterwards, the city will provide you with a bin and complete instructions. Until then, please take your recyclables to The Recycling Station, 1639 Silas Creek Pkwy, or another area recycling center.
