

ING OF WINSTON-SALEM.

CYCLING PROGRAM, BEGINNING JUNE 18.

HOW TO RECYCLE

It's easy! When you're disposing of something that's recyclable, just put it into the bin rather than the trash. Unlike your regular trash, these items will be remade into new products we all need and use daily.

WHAT TO RECYCLE

NEWSPAPER

Stack and secure inside the recycling bin or put in brown paper bags and place on top of the bin. *(Not accepted: magazines, phone books, junk mail, or other paper products.)*

GLASS

Recycle all clear, green, and brown glass containers. Rinse containers and remove lids. No need to remove labels. *(Not accepted: light bulbs, plate glass, mirrors, ceramics, etc.)*

PLASTIC

Recycle all milk jugs and 2-liter soft drink bottles. Rinse and remove caps. Crush to conserve space! *(Not accepted: plastic bags, plastic wrap, and plastic bottles for detergent, bleach, motor oil, etc.)*

ALUMINUM BEVERAGE CANS

Rinse all aluminum beverage cans and crush to conserve space. *(Not accepted: metal food cans, scrap metal, aerosol cans, aluminum foil, etc.)*

RECYCLE TODAY

WINSTON-SALEM

Together we can make a difference.
