

THE HAMILTON

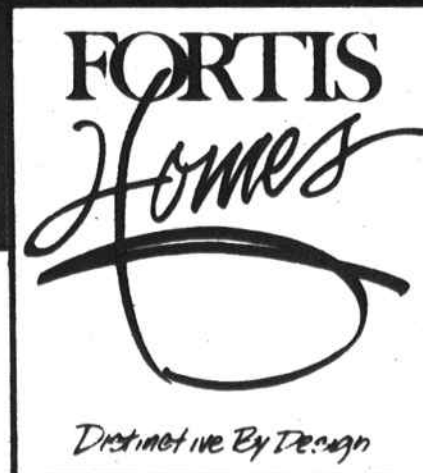

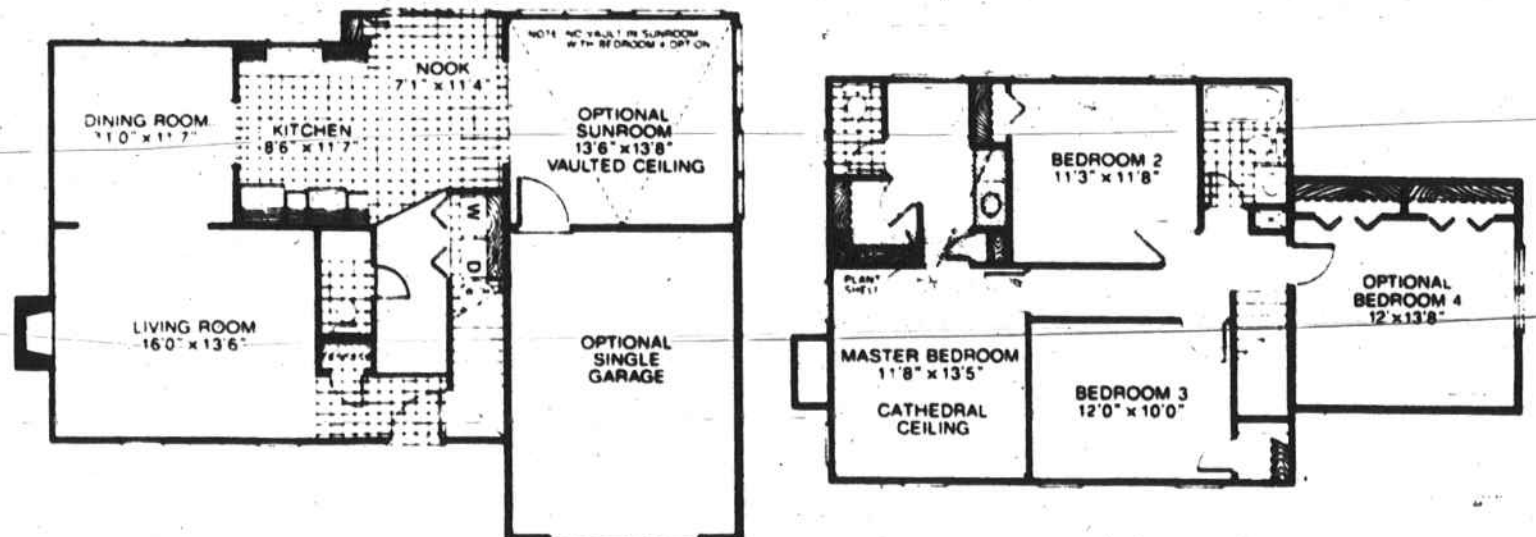

9004 Jefferson Woods Drive

Total heated square footage — 1,674

Bedrooms: 3
Bathrooms: 2

This stunning two-story floor plan is known as the Hamilton, one of Fortis Homes' most popular designs. It features a one-car garage and a gorgeous sunroom, located just off the kitchen. The bright and airy sunroom has big windows on two sides, as well as a vaulted ceiling, and is an ideal complement to the home's formal living room. Also present on the main level is a breakfast nook within the kitchen, a separate dining room and a half-bath. Upstairs are the home's three bedrooms, including the wonderful master suite, and two full baths. The suite's bath area features an elegant garden tub and shower, as well as a large walk-in closet. An elegant plant shelf separates the bathroom from the bedroom. Visitors to the 1,674 square-foot home will find that spaciousness rules in all three bedrooms of the Hamilton. The entire home is graciously decorated and furnished by Dawn Lamb Interiors.
