"I used to schedule appointments for everyone but me."

"Then I read how 4 out of 5 women who develop breast cancer don't have a history of it in their families. That's when I finally stopped putting off having a mammogram. I called The Women's Center for Breast Care. They gave me a convenient appointment time plus I received the Gift of Good Health, a \$0 reduction in their regular low cost of \$45 for mammography screening. So don't put it off any longer. Call 765-5303 to schedule your screening mammogram today."
