Man Stabbed to Death; Girlfriend Charged

▲ Thirty-third homicide this year ties city record

By MARK R. MOSS
Chronicle Staff Writer

Frederick Melvin Green and Darlene Jamilah Elhaija had a tumultuous relationship during the few months they lived together at Lakeside Apartments.

Over the weekend that tumult turned deadly. Green, 31, became the city's thirty-third homicide victim this year when he was stabbed to death, allegedly by Elhaija, 40, about 2 a.m. Saturday.

Police Capt. Linda P. Davis said Green was found lying in the 200 block of East Drive with a

stab wound in his chest. He was taken to Baptist Hospital where he was dead on arrival. Green and his girlfriend had been arguing and the argument turned violent, Davis said. Elhaija allegedly stabbed him with a kitchen knife, which has been recovered, Davis said.

Elhaija of 116 Kellum Place in Lakeside was arrested and charged with murder after she was found walking along Harrington Circle shortly after the incident, Davis said. Harrington Circle is about a block south of where Green was found. Elhaija is being held without bail at the Forsyth County Jail.

Neighbors who lived near Elhaija and who said that she and Green were living together said

they had shared an apartment several months. But that was long enough for the couple to establish a reputation for serious squabbling.

"They were all right, but they fought a lot," said Marie Braddy, who lived around the corner on Kellum Place.

Braddy said that Elhaija had a "pleasant attitude" and was a "real nice person." Green, she said, "kept to himself" and "was a regular guy." She never heard of him getting in trouble, she said.

Both she and Miranda Fleming, who lives across the street from the couple's apartment, said

Group Asks U.S. Atty. To Probe Bines Death

By MARK R. MOSS
Chronicle Staff Writer

Forsyth County District Attorney Tom Keith recently ended his investigation into the fatal shooting of **Daron Lammie Bines** by commanding that Police Officer Eugene F. Piscitelli acted in self-defense.

However, members of the African-American community, including the 26-year-old victim's mother, are not satisfied with district attorney's findings and are seeking ways to re-open the investigation.

- No party majority rule
- DEMOCRAT GOP
- In case of tie, Mayor casts vote.

3-Term Incumbent Falls to Newcomer

By DAVID L. DILLARD
Chronicle Staff Writer

W-s Chronicle Nov. 4, 1993 P.1

Larry Womble, the ousted alderman of the Southeast Ward, remained upbeat after his loss to political newcomer Robert Wayne Nordlander this week and said he still looks forward to a strong political future. "I have always tried to articulate the issues facing the community and nothing else," said Womble, who had won three straight seats to the board of aldermen. "We're going to continue to stand up and tell the truth." Womble, a Democrat, was the only incumbent to lose in Tuesday's election. His loss leaves only three African Americans on the city's board of aldermen. Also, the Democrats have lost majority status; the makeup now is four Democrats and four Republicans. Mayor Martha S. Wood, who won re-election, is a Democrat.

USAir Tells Workers Jobs Have Been Cut

▲ Airline begins notifying 500 employees that their jobs will be eliminated

CHARLOTTE (AP) — USAir has begun notifying 495 of its customer-service employees in Charlotte that their full-time jobs are being eliminated.

That represents about 6.6 percent of the airline's total work force in Charlotte. It also represents almost 40 percent of the customer-service workers USAir is laying off nationwide as part of its latest effort to overcome years of financial losses.

Some employees will be able to stay with USAir by bidding for openings in other cities, or accepting part-time work in Charlotte. Just who ends up staying or going will not be settled until February, spokesman David Shipley said Monday.

All of the affected employees are baggage handlers, ticket and passenger service agents and catering workers.

(In Winston-Salem, where a large number of USAir employees are located, 21 full-time customer-service representatives will lose their jobs between now and February, Shipley said. He dispelled rumors that

employees will face a 15 percent payout.) The airline announced in September that it would eliminate 1,800 of those jobs throughout its system, starting in November. About 525 people elected to take

early-retirement incentives, lowering the number of layoffs to 1,275.

USAir will nearly quadruple its complement of part-time workers by adding 332 positions at Charlotte-Douglas International Airport. Displaced full-time employees will be able to bid for those new jobs, on the basis of seniority. Employees who lose their jobs altogether will get one week of severance pay for each year of service, up to 15 weeks. They will retain recall rights, even if they accept severance pay, Shipley said.

USAir has said it needs to shift to part-time work at its hubs to cut costs and better match its staffing to the peaks and valleys of hub scheduling.

Chronicle staff writer David L. Dillard contributed to this report.
