"Hey Kids, color & cut out to make your own Dino-Badge!!"

BRACK, THE LITTLEST BRACHIOSAURUS

Brack strutted across the school yard park, he was not afraid of anything!! Just because he was small for his age, all his friends thought that he wasn't tough. Well, he would show them how tough and brave he was.

Brack would roar louder, run faster and chase the fiercest Tyrannosaurus Rex back to the Forest of Tyrann where he belonged! That two-legged Big One wouldn't bother them anymore. The only thing was that Brack's voice was still changing. Each time he roared, it would come out loud, but shrill, so Brack decided not to roar unless he had to. It was worse than the fire alarm at school. Brack hated it, his class mates laughed at him. The more Brack thought about it the madder he got.

A large tear ran down Brack's face, he knew it wasn't very macho to cry, but he couldn't help it. He didn't want to be different, he wanted to be like every dinosaur kid he knew...normal! Bigger and with a roar, not a siren!

Brack was so angry at himself for crying and didn't want any one to see him, that he had ventured into the No-Land without realizing it. This was off limits to all the dinosaurs in Dinosaur Village, it was dangerous because the two legged Big Ones lived past the trees.

Brack heard a rustle in the forest, he stopped and listened, his heart beating rapidly with fear. What if it was the Big One from the Forest of Tyrann?? What would he do??

Just as Brack thought about running home, the Big One slipped through the thick trees, past the No-Land boundary, into the outskirts of Dinosaur Village!! The Big One was in Brack's hometown. It was going to hurt someone!! As Brack looked beyond the Big One, he saw his parents walking and calling out his name..the sound attracted the Big One's attention. All Brack could think about was that it was after his mom and dad!

Just as the Big One was about to plunge into the opening and reach Brack's parents...Brack opened his mouth and roared. The sound came out as a loud horrid screech, bouncing off the rocks like an echo. The Big One jumped in fright, heard the resounding noise and ran into the forest, heading for the Tyrann Forest as fast as his two legs could go!

Brack just stood there and watch the large creature run in fear of him!!! He had scared the Big One!!!

Brack smiled and ran into the waiting arms of his parents. They held him and told Brack how proud they were of him, so brave and fierce! Brack's friends never again teased him about his roar...he was different, in a very good way.

"Dinosaurs lived over 250 million years ago on the earth."

"What kind of food do you think a dinosaur would eat if he had short, even teeth?? Hard food? Soft food?"

"The dinosaur that weighed the most was the Brachiosaurus, he weighed over 50 tons!!! Boy, does he need a diet plan!!!"
