

# RECYCLE TODAY

## GLAD TIDINGS FOR THE NEW YEAR... APARTMENT COMPLEXES SOON TO GAIN RECYCLING COLLECTION

 Good news for apartment dwellers! In January, the City of Winston-Salem's RECYCLE TODAY program will begin phasing in collection to residents living in multi-family complexes with fewer than 50 units. Larger complexes will be phased into the service throughout the spring and summer.

RECYCLE TODAY's expansion will offer recycling service to the 18,000 Winston-Salem residents living in apartments and condominiums not currently receiving pickup.

The recycling program for apartments will accept the same items collected in the curbside program (newspaper, glass bottles and jars, aluminum and steel cans, plastic milk jugs and soft

drink bottles). For smaller buildings, green bins will be provided for curbside set out. For large complexes, clusters of carts will provide mini drop-off sites at designated areas on the property.

The new program is voluntary and will be provided only if property owners or managers request the service. The city anticipates a high level of interest, based on the strong response among single-family residences.

If you would like to participate in the program, please inform your manager of your interest. If you are a property manager, please complete the survey on page 7 and mail it to RECYCLE TODAY, City of Winston-Salem, P.O. Box 2511, Winston-Salem, NC 27102.

### TIE A RED RIBBON AROUND THE OLD GREEN BIN

Spruce up your green bin with a red ribbon the week of December 19-23, and you could receive a little extra spending money just in time for the holidays.

As a way of saying "Thank You!" for recycling, and to spread some holiday cheer, RECYCLE TODAY "elves" will award prizes of \$20 to \$100 to randomly selected homes with red ribbons on their recycling bins. So when you deck the halls with boughs of holly, don't forget to tie a red ribbon around the old green bin!
