

Annie Pearl (Hamlin) Johnson, the honoree of the hour, makes her remarks.

Johnson

from page C1

entered the library. She treated them with the utmost respect. One of them told her that she was the only person who saw him as a human being," said Moore. "I hope I can follow her footsteps."

The Rev. Dr. Mary Smith presented a poem in honor of Johnson titled "Ain't I a Woman of God." Mack praised God for Johnson's "beautiful spirit, warm spirit. She is a dressing woman. If I am not sure if my tie matches my suit, I ask Sis-

ter Johnson. She and her husband have contributed much at Union Baptist Church. Because of her faithfulness, so many have come out tonight."

Alderman Vivian Burke presented Johnson with a resolution from Mayor Jack Cavanagh. Burke expressed how blessed the city of Winston-Salem is to have such a fine citizen as Johnson.

"You all have worked with her, been in church with her, been in the neighborhood with her," Burke said. "How we appreciate citizens like you."

The evening was filled with

music. Sandra K. Lawson rendered melodious versions of "The Lord's Prayer" and "What a Difference You've Made in My Life." The Rev. Kevin Gibson sang the Negro spiritual "Ride on, King Jesus," and Wendy Majors, Johnson's great-niece, sang a medley of spirituals. The medley included "Steal Away"; "I Got a Mother in the Kingdom"; "Lord, I Want to Be a Christian"; and "Were You There When They Crucified My Lord."

Her nephew Gordon Clay Slade received a standing ovation when he sang "Only What You Do for Christ Will Last."

EnergyUnited Foundation reaches those in need

SPECIAL TO THE CHRONICLE

STATESVILLE - As the year 2000 drew to a close, the EnergyUnited Foundation reached a total of \$765,715 given to families, individuals and nonprofit organizations since the foundation began in 1996.

The charitable-giving program supported by co-op members' voluntary donations gave \$25,161 to help families and individuals in urgent need of assistance in December. This was the largest amount granted in a single month in the year 2000.

The grants went to a total of 20 persons and families facing unexpected and severe needs. A total of \$9,828 was awarded to eight families to pay for delinquent electric bills and mortgage payments. An

additional \$10,298 went to seven other individuals and families for rent or mortgage payments and related expenses.

In other cases, the foundation gave \$300 to an individual to help repair the sewer line at her home; \$2,500 to a disabled woman to repair her van; \$1,037 for necessary home repairs; \$298 for a past-due fuel oil bill; and \$900 to purchase a space heater. In almost every case, the individuals assisted were elderly or unable to work due to a disability.

More than 35,000 EnergyUnited customers donate funds to the foundation by allowing the cooperative to "round up" their monthly electric bills to the next highest dollar amount. The average donation is 50 cents a month for each partic-

ipating customer. The donations are placed in a special fund, which is administered by an independent volunteer board, the EnergyUnited Foundation board of directors.

Grants from the foundation are made to individuals and families living in the general EnergyUnited 19-county service area. One does not have to be a customer of EnergyUnited to be eligible for assistance from the foundation. The grants are based entirely on need and are given to individuals and families who are suffering unusual or unexpected problems and are in grave need of assistance. Grants may be used for shelter, clothing, food, health care, emergencies and other humane needs. Applications for assistance may be obtained from any EnergyUnited office.

THE NATIONAL SUMMARY

During the period, storminess will persist in the West, in particular across the Desert Southwest. Storms will then push eastward across the Gulf Coast. Much of the Plains and Great Lakes will have above-normal temperatures, while the Northeast starts cold, then slowly moderates to above normal by the end of the period.

Weather (W): s-sunny, pc-partly cloudy, c-cloudy, sh-showers, t-thunderstorms, r-rain, sf-snow flurries, sn-snow, f-fog.
