# When Convenience Matters

The Twin City Quarter - home to the Marriott with newly renovated guest rooms, the Embassy Suites and Benton Convention Center - is the answer. It's more than a central, convenient downtown location near the city's colleges and universities, the most popular attractions and museums, golf courses, wineries, the arts district and Fourth Street's Restaurant Row.

It's also about the convenience of not one but two premiere full-service hotels with all the features, amenities and services guests have come to expect...Wi-Fi, cafes, restaurants, lounges, spa and salon, Starbucks and fitness centers. Come see for yourself.
