### Carver ends season with loss against South Stokes

BY TIMOTHY RAMSEY  
THE CHRONICLE

This JV season for the Carver Yellowjackets has been somewhat of a tumultuous one. They started off the season not being able to play their first four games

caught the Carver defense off guard and they surrendered a touchdown to the Sauras on that drive to face an early deficit.

Carver could not generate any offensive continuity in the first quarter,

# 34-20

due to lack of players then somewhat rebounded to finish 2-4 for the year while only having around 20 players on the roster.

Last Thursday night they attempted to close out the season on a high note with a victory against South Stokes, but the final score was 34-20, with Carver on the losing end. From the onset of the game, the Sauras wanted to establish their running game which they did on the first drive of the game. It seemed as though the toughness of South Stokes

which fit right into the hands of the South Stokes offense. By running the ball so effectively, the Sauras accomplished two goals; chewing up time on the clock and tiring the Carver defense, which includes many players that go both ways.

Early in the second quarter, South Stokes went ahead 14-0 using the running game once again. Carver looked to have some life following a Sauras fumble. That drive

THE CHRONICLE

"Take it one game at a time" and "We want to go 1-0 every week" are normal cliché's that many coaches tell their players year after year. For Mt. Tabor, they not only went 1-0 every week, they did so in impressive fashion in most cases.

The Spartans finished the season with a perfect 9-0 record. Earlier this season, head coach Mike Lovelace said he felt this team was special and had the potential to win all of their games if his team bought in to the coaching and played all out.

"It's an unbelievable feeling and these kids have worked their rear ends off," Lovelace said. "They've earned this and have come a long way since day one."

Mt. Tabor kicked off the season with a hard fought victory over Reagan by the score of 21-7. They proceeded to blow out their next five opponents by very large margins. None of their opponents during that stretch scored more than 12 points while the Spartans scored at least 34 points in every contest.

The Spartans were blessed to have a multitude of big play athletes that can play multiple positions. Jaquan Albright who lined up at wide receiver, running back and quarterback made dynamic plays all season long. He

always seemed to be in the right place at the right time or made that last man miss to free him for the long touchdown.

Zyquez McMillan was also a bright spot for the Spartans. He seemed to make all the big catches most of the season and was the perfect compliment to Albright. McMillan was very dangerous in the open field rarely being taken down by one defender.

Quarterback Andrew Muse was the perfect signal caller for his team. He made clutch throws in many of their games and was not scared to have the ball in his

## Mity Mite champs fall as they go for state title

BY TIMOTHY RAMSEY  
THE CHRONICLE

The Southfort Mity Mite Panthers were just crowned Winston-Salem champions the last Saturday in October. Last Saturday they matched up against the Team Charlotte (TC) Bills for the Division 1 state championship.

The Panthers fell to the Bills by the score of 13-7 on a last second play that was overturned by the referee. Panther wide receiver DeMarlo Linville appeared to catch the ball on the last second play but he did not control the ball to the ground and the refs ruled that the pass was incomplete.

During the first half of play, neither offense could get on track. The defenses held the upper hand and the first half ended with the score of 0-0.

Coming out of the half the Bills started to really grind in and out on the ground and move the ball. Following a long drive the Bills scored first.
