Throughout the rooms of the home, bowls of nasturtiums, in their bright and varied hues, were effectively arranged, making a pretty setting for the occasion. In the reception hall, the punch table was presided over by Misses Nell Reich and Nina Whitaker, the massive bowl being stationed in the center of a mound of golden nasturtiums. In the parlor and library, tables were attractively arranged for a progressive game of rook, which was the chief feature of the entertainment for the afternoon. A patriotic note was suggested by the score cards which were ornamented with national flags. The game was played with much efficiency and enthusiasm, top score being made by Miss Ohna Poindecker who was awarded a beautiful box of bonbons. Not a Corn or Callus on Feet

Apply few drops, then lift them off without pain.

A noted Cincinnati authority discovered a new ether compound and called it freezone and it now can be had in little bottles for a few cents from any drug store.

You simply apply a few drops of freezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it off with fingers.

No pain, not a bit of soreness, either when applying freezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses, just shrivel up and lift off so easy. It is wonderful! It works like a charm. Try it!

Women should keep freezone on their dressers and never let a corn ache twice. (Adv.)
