land and the privileges of the same laws full of the ripe, red berries. and the same institutions. What a reproach such a historical fact is to the ing off, and she was ready to carry the only safe and sufficient rule; and policy of vengeance pursued by our present Congress ! But if Congress persecutes our bravest and best, let us at least remember them. If we have no public lands to vote to them as bounties, give them such as we have, on the fairest terms. Let Fairfield be the spot toward which their eyes will turn with pride and pleasure, to which their orphan children will come in the assured hope of sympa-

thy and protection.

This leads us to broach a subject that talk of sympathy for the orphans of our pare their meat," or food, "in the man who was feeding it. The woulds heroic dead to end all in talk? Every summer." now and then our papers are afflicted with a spasm of froth and fury on this subject, but the curse of the South, the want of union and co-operation amongst our people in their private capacity, for purposes of earnest work, and the detestable selfishness of those who profess to be our lead-ing public men—blasts every project in the bud. Our people are slow to combine

society, for example, to devise the means of educating some at least of the orphans of our noble dead! But we do not wish our people rouse themselves, like the they had something to strike atsheir invincible locks. Prograstinationthat wet-rag upon the mouth of all enthustasm that chokes it out of existencebut let us, for this and all noble purposes unite. Union is strength. The first blow is half the battle."- Furfield (S. C.) Her-

roots of old apple trees. where the soil is natu ally uncalcareous and sandy, will act more effectually in re viving the system when old. Dig up some wood ashes and gypsum, equal parts. This will stimulate the most morbid system into vigorous action, and preserve it in a flourishing and fruitful condition for years. If at the same time the bark of the trunk and larger limbs be scraped and cleansed of moss and other parasites-by the application of a powerful wash, as for instance house-ley or soapsuds the circulating system will exhibit in as beneficial to old trees after this fatality in favor of Seymour.
