

# "Support Your Local Gunfighter" Is WSOC-TV Sunday Night Movie

James Garner stars as a runaway bridegroom who gets into trouble even more dangerous than matrimony when he poses as a famous gunslinger to hide from his jilted bride in "Support Your Local Gunfighter," a western comedy adventure on "The ABC Sunday Night Movie" August 17, 7:19 p.m. on Channel Nine.

gan, Jack Elam and John Woodell are also starred, Kevin Thomas of the Los Angeles Times is in the picture. The movie has lots of roles for an array of beloved veterans who are seen as often as they deserve to be. Jack Elam, ever the crazy-eyed reprobate, threatens to walk off with the entire movie...Garner is, likably glib and Suzanne Pleshette has fun with the role of Morgan's pistol-

packin' daughter." Latigo Smith (Garner) is an easygoing cowpoke who has decided not to go so easily into matrimony, so he slips away from his bride-to-be. Unfortunately, he slips into an equally serious situation when he is mistaken for a gunslinger in a feud-torn town, where he is quickly recruited by one of the

warring families. This family offers him \$5,000 and an introduction to an extraordinarily pretty daughter, who just might become the first Mrs. Latigo Smith - provided he can find a way to erase the tattooed name of his ex-fiancee from his chest.

And when the real gunfighter shows up in town, threatening to go's chest altogether.

## TV Program

### Will Be Devoted To Pre-Schoolers

Beginning school is a frightening experience for many young children. They leave a secure, known environment for one that is unknown. Starting Monday, August 18 at 5 p.m. on Channel 58, a special week of MISTER ROGERS' NEIGHBORHOOD will be devoted to preparing pre-schoolers for their first day of school.

Emmy Award-winning host Fred Rogers will go on location to a real school to acquaint pre-schoolers with a typical day. Rogers explores concerns they have about school: what teachers and classmates will be like, how much they will have to know before they go to school and who will take care of them there.

"Young children frequently have misconceptions about what school really is," Rogers says. In the special week of programming, questions will be answered and reassurances given.
