Tace of this earth. you don't believe go out and sit the religious folks. don't have to give your imony. Just be present heir assembly. With just presence there, they ize there is something erent about you. They on't understand it, so they it you to leave them. hers don't want their nbers disturbed, and n I give my testimony bout how I was a lost Bible cher and deacon, you embarrassed and want to leave. Simply you don't know what it meant to know

There has been a lot of ellion right here in this tate recently as I have speaking to different churches. I'll say this; of all the churches I've been and out of in recent months, I didn't find one months, I didn't find one icher or member who coows what it means to be wakened to his lost condition and have Christ revealed to his heart. Now I realize it has been said: Brother Little thinks he is being revealed." No, I don't. I'm just stating the eatest truth in all the inverse. If Christ has not been revealed to your heart, you are not saved! That's why you hate the pastor's messages and why

you hate my testimony.

The natural man is simply a house of totally deprayed flesh. That's why you hate the Gospel. In the first chapter of Romans, the greatest representative the Lord ever had on earth, the Apostle Paul, gives us a striking commentary on the totally depraved dition of man. Paul went on to say in Verse 30: "...haters of God..." Man nature hates God. Out of a hatred for God grows all other hatreds. That's why the world is in the mess it is in today, you hate God. You hate Him so much until if you dould get to Him and He gave you freedom to do tin Him as you hear anted to you'd stab Him in the Beson a million times. That's how much you hate God. Have you ever seen that you hate God? You will before God saves you. When a sinner is ght under Holy Spirit conviction seeing his corrupt condition, he cast him into Hell already. That's right. You wonder how you could be so wicked and why God has put up with you all these years with your hating Him as you have.

Have you ever seen these things I'm setting forth? You will before God saves you. I know the deceived state of every heart with whom I have to deal. Your rebellion against the truth is well understood. A man wrote me a long letter telling me he didn't want any more of my messages. He had claimed to be

church and put them in the

back. Another took them up

himself. Yes, you have to

hate those messages be-

cause you hate God in your

lost condition. I'll say to

any sinner, if you have the

least desire after Christ,

fall at his feet thanking

Him and never cease to

thank Him. Only the Lord

in His great grace can give

you a hunger after Christ.

church. I pity you. You won't go in the kingdom saved. God crossed his will yourself and you are keepin the messages. The Lord ing others out. Your attitude toward God's serknew what was in that man's heart all the time. vant and the messages is a Years ago here I met a revelation of your spiritual preacher who told me he condition. You don't know had read my messages in what it means to be a lost the Post. I knew from his sinner and have Christ reresponse that he had no vealed yo your heart, so love for the truth, even you have to hate both the message and the messenthough he is a preacher. Now the Lord has exposed ger. When Christ comes, his heart. the majority of our preach-Friend, you cannot go ers and teachers will be left behind. One preacher said the janitor took my late pastor's messages from the

contrary to your nature. Your nature is meanness, hatred, ignorance, pride, selfishness, stubborness. and unbelief. I never argue with a man who won't have the truth. It's not for you. Only the elect will be saved. Christ did not die for everyone. If He had, then everyone would be saved. He did not die in vain. God's Word teaches a limited atonement. Now, a free-willer will come back and say: "Oh, yes, Christ died for everybody and it's up to the sinner to believe Christ if he wants to." Now, that would base salvation on the will of the sinner, making the sinner sovereign over Christ.

What an abomination! Man in his natural state is just as helpless to save himself as he is to make a: new world. I wish you would read and study the first chapters of the Books of Isaiah and Romans and ask the Lord to open your minds and hearts and let you see yourself as you are in the light of His Word. Now, you don't know what you are asking for when you do that. But you had better do it anyway. I didn't know what I was doing when I asked the Lord to show me myself. But I knew I had to see myself in this life or the next. And I praise the Lord, not only did He show me myself, He showed me that Christ died for me.

It means something to know the Lord, only a few know Him. If you knew Him you wouldn't dare throw my messages out nor those of my late pastor. You'd welcome us both with open arms. But an unsaved pastor doesn't
