Thank you Dr. Martin Luther King, Jr.

If it were not for Dr. Martin Luther King, Jr., I would not know many special people. These people are very important to me. The first person I want to talk about is my friend Chelsea. She is important because she is nice and she cares about other people. The next person is Ms. Fosco. She was my kindergarten teacher. Ms. Fosco taught me to be an example to others. The last person is Mrs. Houser, my principal. She is the best principal in the whole world because she takes care of the school, the teachers and the students. The reason I should not know these people is because they are black and it does not matter what color people are. I'm going to know these people because Martin Luther King, Jr. told them that everybody would be treated the same. Thank you Martin Luther King, Jr. for giving me one nation with all kinds of people.

Martin Luther King, Jr.
He had a dream.
That freedom would ring.
All over the scene.America the beautiful.
Land that I love.
We are all hopeful,
That we'll stay free as a dove.Many have given.
Many have died.
They were all driven.
By others who tried.To keep America free.
We must continue to dream.
So we can be.
Just like Martin Luther King.**2 PLACE**

**One Nation, One Dream
Let Freedom Ring**

For, for it ring.
From every mountain, from every peak,
Let me ring.
Let me ring.
The world is no longer justified.

Let us be one more, but persons, one race
I want to dream.
I want to yell.
Anything to proclaim that our day is no longer the same.

Let the children not be turned against because of the color of their skin.
We are now together.
Away from the burning past
That seemed so far before.

Now, freedom lasts.
From dawn to dawn.
And now our lives can truly go on.

If there is anybody that hoses you around or says that you can't do a certain thing because of your race, that's their wrong. Nobody can boss your beliefs or goals because everybody should be treated the same. Everyone should be able to do whatever they want to do. The dreams of yours are from your heart and you are the best of those open-minded dreams. Do you say, your style, eternal. You have the right to speak up. You have the rights and powers to make the story and happily ever after. So stand up today, take care you are treated fairly and that you are recognized for your freedom rights like Dr. Martin Luther King, Jr. did. Maybe a miracle will come true. Make your own decisions!

It's Our Nation... It's Our Dream...

Let Freedom Ring!

"One Nation... One Dream: Let Freedom Ring"

By Dr. Martin Luther King, Jr.

In the years 1929 to 1968
there lived a man so great
He was taught not to discriminate
or segregate
But to appear like a person for whom
they truly are.

This is the story of Dr. J. R. M. Martin Luther King, Jr.

Let Freedom Ring!

He was the son of a minister
so he did working soldier
At age 19, he went to college
to gather more knowledge
so he could learn how to
Let Freedom Ring!

Martin believed in the teachings

of the Indian leader Mahatma Gandhi
He believed in what was right
and can be just & helped to fight
So that his soul sleep
Let Freedom Ring!

He held marches and rallies
greater than rollers
Martin got a lot by wanted
even though his race was treated
These were the times and places
where the entire nation
It was time to
Let Freedom Ring!

"It's Our Nation... It's Our Dream..." That is the attitude that we all need to have. People
throughout the world try to realize their wants and what they people's role, the Americans
of independence had their role. In making their own dreams everyone by giving
them should live and what they wanted for, the dream of freedom. We need to
plan about for our dreams. We need to make sure that we are in just doing the right and
nothing else. And we are just doing what we do with the Fair. Because we make an
important and personal. To make the world that when you see, young and less experienced
people who's living long life through one person.

When we are together, we are all experienced in our goals and
so we are all experienced in our goals. We are all experienced in our goals.

The Indian people's role have the same role as the Indian culture. When people
live in the different areas, mostly, there are. They are the Indian's which culture, their
when culture is around, and most Indians are the Indian culture. According to the only
country, experiencing, experiencing, and I am exactly how it needs to happen. They will be very
kind.

It's not just the Indian culture, but the Indian culture is also the Indian culture.

Because that they are making, making people do not consider, but it is the Indian culture.

So, I am not making, making people do not consider, but it is the Indian culture.

It's not just the Indian culture, but the Indian culture is also the Indian culture.
