**"LET THEM ALONE" - PART FOUR**  
**J. M. LITTLE - TEACHER**

Can you change God's Word? Let me quote a great truth I heard a dear brother down home say recently: "Before a woman goes out preaching she usurps authority over her husband." No woman will ever be saved as long as she usurps authority over her husband or disrespects her husband. Many of you women in my family are not saved for this very reason. A woman has two heads to come under when the Holy Spirit begins to deal with her heart for salvation. I'll tell you something else that I have found; if a woman has never learned obedience to her husband, she will not listen to me. If she has learned obedience to her husband I'll have no trouble with her. A sister recently was buying some products for her car, to change the oil in it. She told me she was going to buy a certain product to add to the oil. I asked her how many miles she had on the car and when she told me she only had thirty thousand miles on her car I told her she did not need that additive. Then when she did not believe me, brother, I reminded her that I had told her that I had just recently overhauled the motor in my largest John Deere tractor. But that woman is not ready to listen to me and let me help her. I made the statement some months back; "if you're a woman without a husband, for whatever the reason, you would bless yourself by adopting a saved man, or an awakened man for your head." That man down there at the repair shop will steal your dress off your body and you won't even know he has stolen from you. If you don't want to listen and let me help you, then you just go on your way. I realize I cannot help some of you and you'll just have to go to hell for your trouble.

**When you mow, where does it go?**

Never mow or blow grass clippings down a storm drain.  
 The Charlotte-Mecklenburg storm drainage system  
 empties directly into our lakes and streams.  
 Dispose of grass clippings properly.
