Charlotte City Council member James Mitchell as one last duty as president of the N.C. Black Elected Municipal Officials: Celebrating its 25th anniversary Saturday in Greensboro. Former organization presidents from Charlotte will also be honored for their contributions. "I stand on the shoulders of

(former) mayor (Harvey) Gantt, Senator (Charlie) Dannelly, founder (Ron) Leeper and past president (Malachi) Green," said Mitchell, who served a two-year term. "It has been an honor to continue their vision, and prepare the organization for the next 25 years of service."

When you
need to know -
you need to
go to the best.

If you're a woman over the age of 40, it's recommended that you have a mammogram every year. When detected early, women have a 95% chance of surviving breast cancer.

At the **Presbyterian Breast Center**, the collaborative approach of our physicians and staff allows us to deliver a diagnosis to most women within 5 days of an abnormal mammogram – far better than the 30-day national average.

Should you have breast cancer, we'll introduce you to our **Breast Health Navigator**, a nurse who will provide education, support and guidance throughout the treatment process.

You can even turn to our **Second Opinion Breast Cancer Clinic**, where an entire team of experts can develop personalized patient plans in a single visit.

To schedule a mammogram, call 704-384-4177.
To schedule an appointment at our Second Opinion
Breast Cancer Clinic, call 704-384-CARE.
