TWEVE MEMBERS THE SOPHMORE CLASS

They Have Run The Freshman Course, And Soon Will Join The Step-Sisters

On September 12, 1922, twenty-one fresh and green freshmen began their journey and troubles; fun and frolic, humbleness and submission. Ignorance and Green were the names given these mischievous Freshmen who hailed from every section of the state. Work and organization at once began in order to be able to meet the coming attacks of the dreaded Sophs. Nine months of Freshman English, Math, Latin, and Bible were battled with gritted teeth, but at last victory came. The long looked-forward-to month of May finally came and departing time was at hand. Some of the members left, never to be together again. The departure was joyful and sad. During the care free vacation, thoughts of our Freshman days returned, especially the night the horrible Sophs made their raid. Plans for the coming session were in mind to go back to Chowan or not to go was the question to be decided.

Fortunately twelve members of the Freshman class returned for the second round of their college career, with two new members; this time not as Freshies, but as dignified and commanding Sophomores. During this year much work has been accomplished in the literary line, as well as in class meetings, scheming as to how to overcome that host of Freshmen. Sophomore week at Chowan College has been heard of throughout the state and even beyond the state. At last our journey through Sopho-

more land is almost ended and soon the broad waters of Junior-hood will present itself. But here the end does not come; there is still an onward and upward press for a higher goal that all freshmen eagerly attempt to grasp, some are successful, but others drop by the wayside. There is a determination in the heart of every sophomore of Chowan to wear the cap and gown on graduation day.

MISS PREP IS CRITICALLY ILL

Dr. Standardization of Colleges reports that Miss Prep, of Chowan College is critically ill and cannot be expected to live more than two months. Dr. Standardization of Senior Colleges is one of the most prominent doctors known. One can be quite sure that his decision on a case is a correct one.

Immediately upon learning the condition of Miss Prep, the president of Chowan tried to get a nurse for her but there seemed to be no person available. Finally, however, Miss Junior Faculty consented to nurse the sick one. Miss Junior Faculty said that she realized that Prep must die but that she would try to make her last hours as pleasant as possible.

In spite of the fact that all her friends are doing everything they can for her, she insists that Dr. Standardization of Junior Colleges would give her better attention than Dr. Standardization of Senior Colleges and that Miss Junior Faculty is tired of nursing her.

Miss Prep has the wrong attitude toward the matter because, really, the college is doing all it can for her while she lives, although it realizes that she must die soon.

Elizabeth City, N. C., Feb. 9, 1924. To the Democratic Voters of the First Congressional District:

The citizen's friend, Mr. E. F. Aylett, after constant solicitation for several years, has consented to be a candidate for Congress from the first Congressional District in the coming primary. He has never before been an aspirant for political honors, but has freely and unreservedly given his time and services in the behalf of others that desired to represent the Democratic Party in the Hall of Government. It is therefore but fitting, that we should nominate him to Congress in the next primary.

He is a man of strong convictions of duty, knows the needs of the people of this section as probably no other from his long observation and interest, an arduous worker that lets no cause fail for lack of properly directed energy, an insistent claimant for the doctrines of the Democratic party and the rights of his people, and an intensely moral and christian gentleman who has kept alive his love for the people at the altars of the Church. It is just this kind of representative that we need in this district to help stabilize the affairs of the nation.

I sincerely hope that we can depend upon you to use your splendid influence among your many friends in the support of his candidacy.

With kindest personal regards, I remain,
Yours very truly,
P. H. WILLIAMS.
