SPORTS CHOW

By ELLEN DOWNS

The Chowan Boys Basketball team won three games and lost one for the standing with which they faced the Yellow Jackets of Elizabeth City on the Murfreesboro High School Gym last Friday night. The Braves lost to the Louisburg College Five in their first game. Since that time they have been showing considerable improvement on the court. The starting lineup is still not definite, but the majority of the players get in every game. Layton has ers get in every game. Layton has a little sweating to do this week while the boys their trip. I expect a of his sweating was done on Monday night when the boys met the Louisburg five again, only this time it was on the Louisburg court. Let's hope these boys come back with some victories.

A joke around campus this week has been on the boy's coach, Mr. Layton. It seems that he got backboard and blackboard a little mixed up. He's been telling Clemmer to get the ball off the black-board. (That might be a little hard for Clemmer, that is since he hasn't an eraser.)

he hasn't an eraser.)

Neeter's girls team had played only one game up until they met the Murfreesboro All-Star Girls team in the high school gym before the boys met the fore the boys met the Yellow Yellow Jackets. This game was the one in which they played the Rebels of Franklin, another All-Star team. It was a long and hard fought game, but Chowan had a few bd breaks and the game ended with the Rebels having a six point lead. Betty Krider played an outstanding game at guard, Boy, that girl could certainly intercept those dribbles before you could say Jack Rabbit. Little Betty came to Chowan from Manteo where she was an All-Conference Guard last year. Lona Worrell from Colerain also deserves much credit for her outstanding guarding. Fifteen points were made by Evangeline Futrell from Severn. Frangeline puts 60 much English on that ball that it ruce hards any fings its way to the basket. Joyce Joyner and Barbara Jean Archer were the next highest in points with thirteen and Jean Archer were the next highest in points with thirteen and fourteen.

State College won the Dixie Classics this year. They seem to completely outclass the other colfew had breaks and the game endfew bad breaks and the game end-Duke has defeated them during one of State's off nights. State can't be expected to be on all the time, but they certainly are hav-ing their off nights far and and few apart. Case really has a team that can put up good competion for any college. He seems to be the best basketball coach in the state. La Salle gave State its third de-feat of the season Saturday night.
