

Layton Says Chowan Will Retain Sports

"Chowan College will definitely have a team of inter-collegiate sports next year," stated Melvin Layton, coach. Layton said further that he had some good prospects for next year. "Some of these prospects will come as a result of other junior colleges abandoning intercollegiate sports for the coming year."

"I have been pleased with the performance of my teams thus far in the season," said Layton, "and I think that the boys have shown good sportsmanship and have played good ball." In his words of praise for his teams he remarked that the football and basketball teams this year were one hundred percent better than those of last year.

Layton expressed optimism concerning this year's basketball team in stating that he had many potential players in addition to many veterans who are back this year.

"Sports lovers have shown great interest and have supported the teams well, and I hope that as great an interest will be shown next year," the coach added.

The first patent on FM type radio transmission was issued in 1902, but this method as means of broadcasting did not come into general use until later.

Baseball Prospects Look Promising

With the Chowan Braves ending their basketball season, Coach Melvin Layton started baseball practice.

A large number of candidates are expected to be out for daily practices. Many of the first year team will be back in uniform, as well as a large number of new players. From last year's squad Coach Layton will have experienced men as R. D. Belch, Billie Clemmer, Curtis Copeland, Vance Stewart, Edsal Farless, Jay Wilcox, Bill Midgette, and Donald Vann.

The team will miss Gene Cooke and his big bat, which sparked the team last season. Cooke, who had an unusually good batting average, left school on account of scholastic difficulties. Coach Layton says he is hoping to have a well-balanced club this season, both offensively and defensively.

Chowan will play on its field located directly behind the administration building. Much work

is being done in conditioning the field.

New equipment, including balls, bats, and bases, will be purchased; however the team will probably use their same uniforms of last year. The uniforms are of gray with blue caps and socks.

With the season at its beginning, there has been no announcement as to who the umpires will be, or what teams the Braves will meet. It is expected that a maximum schedule will be arranged.

Good Listening SUNDAY

Morning

11:35-12:00—CBS—Invitation to Learning

Afternoon

12:00-12:30—MBS—Mutual's College Choral Series

12:00-12:30—NBC—American Forum of the Air

10:00-11:00—MBS—Chicago Theatre of the Air

Lulus Win Girls Cage Tournament

In the recent basketball tournament sponsored by the Women's Athletic Association, Lulu's team was the victor. Captain Sarah Perry led her team to victory in each game played with the opposing team—the Bubbas and the Maidens. Other members of the team were Maybelle Bryant, Anne Edwards, June Blanchard, Kyria Bunn, Mary Jennings, Edna Griffin, and Peggy Denton. The girls on the winning team are looking forward to the gold basketballs that will be presented to them in the near future. Some of last year's players will receive sweaters at the same time.

A badminton tournament to be sponsored by the W. A. A. will get underway this week. If any

girls are interested, they should see Mary Jennings or June Blanchard. Singles and doubles will be played with each team being composed of three members.

The W. A. A. has accepted as one of its projects the handling of the Red Cross Drive here at Chowan College. The quota this year for Chowan is \$100. Posters will be made and put in conspicuous places in the building to remind students and teachers of the Drive. Miss Keeter, W. A. A. adviser urges that "even if we cannot meet our goal, let us all give a little and be 100 per cent. Give that nickel that you ordinarily put in the 'coke' machine to the Red Cross."

Chowan Gets Top Preference At Elizabeth City College Day

Chowan College representatives to the College Day for high school seniors in Elizabeth City returned with a feeling of optimism.

Today Chowan has good promise of enrolling a goodly number

of approximately 200 students of Pasquotank, Currituck and Camden counties interviewed at the event. Twenty-two colleges were represented in the annual gathering at Elizabeth City High School.

Chowan was well represented with its six representatives: Rev. C. W. Duling, Mrs. Jack Lee, Mrs. Williams, and students Colon Jackson of Hentford, Betty Harris of Elizabeth City, and Joyce Snowden of Currituck County.

From all indications Chowan and N. C. State led the field of preference; Chowan offering junior college work and splendid business training, and State Agricultural, engineering, electrical, etc.

Approximately 50 indicated a degree of interest in Chowan while about 20 expressed definite plans to enroll next fall.

The greater ratio of the 20 are girls; the high school senior boys were found to be uncertain, their decision being left primarily upon whether or not they will be called into the U. S. Armed Forces.

BELIEVED ABOUT 50,000 years old, two Indian lotus seeds found in Manchuria have been "hatched" by Washington horticulturalists of National Capital Parks and now boast tender green shoots 2 and 1½ inches in length, respectively. About the size of olive pits, the seeds were filed to make them more sensitive to water. They germinated in five to seven days. They were presented to the agency by Dr. Ralph W. Chaney, University of California paleontologist. (International)

Alathenians Win In Tournament

It looks as if the Alathenians just can't be outrated. The boy's team beat the Lucalian boy's team in two of the tournament games. They were presented a gold trophy by Mr. Layton. Those playing on the team were as follows: Vance Stewart, Curtis Copeland, Charles Buffalo, Bobby Mitchell, and Vaughan Fowler.

The girls team was also victorious over the Lucalian girls by defeating them 31 to 19 and 40 to 22. A gold plaque will be awarded to the girls by Miss Keeter in chapel. The plaque is to be awarded to the winning society each year. Those playing on the Alathenian team were: Mary Tyus, Sarah Perry, Peggy Denton, Kyria Bunn, Lona Worrell, June Blanchard, Mary Jennings, and Ann Jackson. Ruth Taylor was unable to play in the tournament because of a sprained ankle.

Five Cagers Get Sweaters, Letters

Five members of the boys' basketball team, who had not previously earned a letter, received their sweaters and letters in a special chapel program, March 5.

Receiving the Columbia blue sweaters with the white letter were Raymond Meiggs, Jay Wilcox, Billy Clemmer, Donald Vann, and Cedric Pierce. The awards were made by Coach Melvin Layton.

The Rev. Austin Staples gave a few remarks in regard to the athletes who were not present to receive their awards because of their being in the service of Uncle Sam. He stated that these athletes would receive their sweaters by mail as soon as correct addresses could be located.

First speech by radio across the continent and across the Atlantic was accomplished in 1915.

1875 Commencement Exercises at Chowan

Commencement Exercises of Chowan Baptist Female Institute Murfreesboro, N.C., July 7th, 1875. Murfreesboro INQUIRER

A pleasant crowd left Windsor to attend the university of the Chowan Female Institute in this place. The politeness of the officers, their kindness and attention to every want of the passengers made them feel perfectly at home. Long live the gallant "Bertie" passenger boat and courteous commander.

The delay at Plymouth enabled us to take a stroll through that ancient dilapidated village. We entered the Episcopal Church, a venerable but rapidly going to decay. The Baptists, although few and feeble, are erecting a handsome church office, which is nearly finished. A strong wind last March has battered the house so that it may not be regarded as safe. There is a debt due on the building, and the members are at a loss whether to finish it, or to await further developments. Their case excites sympathy; what an opportunity is presented for the exercise of high souled philanthropy of the generous and good.

At almost every landing place and village on the sound and Chowan river our numbers were increased. We reached Murfreesboro at 3:20 p.m. of the 6th inst. Rev. A. E. Owen of Portsmouth, Va. delivered the annual sermon at 8 p.m. in the College Chapel, to a crowded auditory.

Wednesday, the 7th, was the great day. The crowd was immense. How mine host Spencer could entertain so many at the Spence House so pleasantly is a marvel. Surely he is a prince of caterers. The exercises at the Institute commenced at 8:30 by reading of essays of the senior class. Several of them exhibited minds of superior order. In the absence of Hon. John Kerr, who was expected to deliver the annual address, Major Robert Bingham, principal of the Bingham School, and late of the 44th North Carolina Regiment, Colonel Singletary commanding, read an essay on the Anglo-Saxon race, exhibiting profound research and extensive reading. A sketch of the essay would be, perhaps, infringing too much on your columns.

The spacious chapel was beautifully ornamented with the paintings, wax works, wax works was taught as part of the curriculum and other beautiful creations of fair fingers.

Of the music in the evening under the accomplished Mrs. Sue Myrick, it was simply entrancing. The past year has been one of high success with the Institute, there being nearly 130 pupils.

There is quite a revival in the Baptist Church here—forty professions.

The Democratic Conventions of Gates county met on Monday, the 5th inst., and nominated General Roberts as candidate for convention.
