Jameson Appointed Chairman For 'Pattern Gift' Solicitations

Archer LeRoy Jameson, vice president of Virginia Electric and Power Company's Southern Division, has been named Pattern Gifts Chairman for phase one of Chowan College's campaign to raise \$2,225,000.00 for necessary expansion by 1973, the year Chowan observes its 125th anniversary. As Pattern Gifts Chairman, he will supervise the program of fund-raising among, and participate in selecting leadership for, major gift prospects in northeastern North Carolina and southeastern Virginia, outside of Murfreesboro.

Goal Is Set

Goal for the phase in which Mr. Jameson is serving as Chairman, with contributions to be pledged by the end of this year, is \$500,000.00. This was established by Chowan's Board of Trustees in sessions September 26. Contracts are to be let in December, with ground-breaking expected late in the year, for the first facility of this expansion: a new library-fine arts facility to shelve 100,000 volumes, contain space and equipment in several reading areas for 400 students and faculty, and space and equipment for music, drama and fine arts. This facility, to replace inadequate facilities now used, will cost \$800,000.00, equipped.
