

### *A Man from Mars?*

The residents of West Hall followed the parade theme, "Astro World," when they built this flying saucer, complete with the little "green man from Mars."

### *A car full of cheerleaders*

The Chowan College cheerleaders almost overload a small convertible as they head down Jones Drive to begin the annual Homecoming Parade.

### *Homecoming Court*

Members of the 1969 Homecoming Court, dressed in traditional evening gowns, ride a float prepared by the Chowan College Women and Wives Club. The float is always one of the parade highlights, since it is adorned with color and beauty.
