Spring Volleyball Work Valuable In Building Team, Coach Says

After completing a very successful fall volleyball season with a 22-8 record, the Lady Braves continued working toward improvement with a strong schedule of participation during the Spring semester.

"There were three aspects in our spring volleyball", stated Coach Janet Collins, "namely, a weight training program, a regular volleyball class, and participation in the Tidewater Women's Volleyball Association League."

The weight training program was under the supervision of Football Coach Dan Surface and was conducted in the well-equipped weight room in the Helms Physical Education Center. "Our purpose in this aspect of our program was to improve strength and jumping ability", continued Collins. The volleyball class was under the direction of Coach Collins and the players worked on skills, team offenses and defenses, and on conditioning.

"A valuable part of our spring volleyball was participation in the TWVA league, which ran from January thru April," com-

mented Coach Collins. "This was good competition and provided a chance for all our freshmen to gain playing experience."

The TWVA league was composed of teams from the Navy, four Virginia Beach "A" Teams (USBVA First Division Teams), Old Dominion University, Suffolk, and teams from Tidewater Virginia and North Carolina - Chowan finished second in the league, behind Virginia Beach A and ahead of Old Dominion University. Against Virginia Beach A, Chowan posted a 2-4 record and the Lady Braves were 6-3 in nine outings against ODU.

"Spring volleyball at Chowan", continued Coach Collins, "provides an excellent opportunity to develop skills, strength, and experience. All of this will mean a great deal to the caliber of our volleyball program, and we expect 1981-82 to be an exciting competitive winning season."

The Lady Braves hope to improve on last year's 22-8 record as they get prepared for a stronger 1981-82 schedule.
