

Many attend Fall Parents Day

Beautiful, warm fall weather draped the campus in October when many parents and friends were on campus for the Parents' Day activities of the Fall Semester.

Students and their parents were honored at a reception in Lakeside Student Center and were greeted by the President of the College and other officials, along with faculty and staff. The parents then had an opportunity to visit with individual professors to learn of the academic progress of their sons and daughters in various classes.

Parents, students, faculty members and administrative officers crowded Lakeside Student Center for the annual Fall Parents' Day. The reception was held prior to parents touring the campus and visiting individual professors in their offices.

Mrs. Aldeen Gatewood, right, manager of the campus Book Store and a member of the Hospitality Committee, served punch to the guests during the reception.

Parents and other guests were welcomed to the campus at a reception in Lakeside Student Center. Members of the receiving line included Dr. and Mrs. Bruce E. Whitaker, Dean B. Franklin Lowe, Dean R. Clayton Lewis, Dean Earl Dilday and Pam Mullins, President of the Student Government Association.
