You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardul, the woman's tonic. Cardul is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

GARDUL

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardul is the greatest medicine on earth, for women. Before I began to take Cardul, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything. Begin taking Cardul today. Sold by all dealers."

Has Helped Thousands.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" Starts Your Liver
Better Than Calomel and You Don't
Lose a Day's Work

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver which causes nausea, of the bones. Calomel cracks the four bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver

Tonic tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tonic under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick. Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tonic is entirely vegetable, therefore harmless and can be safely taken. Give it to your children. Millions of people are using Dodson's Liver Tonic instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

Notice

Effective June the first, next, a license tax of twenty-five dollars per annum will be imposed on all fish and fresh meat dealers in the town of Sanford, This tax is payable on or before May 31st. By order of the Board of Aldermen.

E. L. HOWARD, Mayor.

At the Pocket School House Tomorrow.

On Saturday, May 29, the Girl's Canning Club of the Pocket neighborhood, will give a lawn party at the Judd place, near the school house. In the afternoon the boys of the neighborhood have arranged to play a match game of ball, and the party will take place immediately following the ball game. Ice cream, cake and lemonade will be served, and the social committee will see to it that all spend a pleasant evening.

The proceeds of the party will go toward buying a cannon to be used in canning the tomatoes and other vegetables, which the energetic girls of this club are now going.

The Pocket club starts out the year's work under very favorable circumstances. Almost every member secured a splendid stand of plants and the fortunate ones generously shared their abundance with their less fortunate sisters. Several girls have set their plants in the field. Come out on the twenty-ninth

and get some cream and cake, get cool, encourage a worthy cause and see the club girls, as they appear for the first time in the club uniform of caps and aprons.

The Tomato Girls. One hundred and thirteen graduates received diplomas in Raleigh Tuesday in connection with commencement exercises that culminated that day in the graduating exercises, there being 27 graduates at St. Mary's School, 20 at Meredith College and 63 at the North Carolina College of Agriculture and Mechanical Arts. Of the A. & M. graduates 25 were in agriculture, 12 in civil, nine in electrical and 13 in mechanical engineering, three in textile work and three in chemistry.

Gu Wombie has the finest Guernsey bull in the county; 2 1/2 years old; weighs 1,340. The best milk and butter bred in the world.

Children Cry FOR FLETCHER'S CASTORIA

THE SANFORD EXPRESS

FRIDAY - - - May 28, 1915

LOCAL BRIEFS

On Wednesday evening Mr. George Cole's gin house at Carleton was struck by lightning and 17 bales of cotton set on fire and badly damaged.

Mr. John Tull, who spent three weeks at Cunnock and other places on Deep river, came over to Sanford Friday and left for his farm in Craven county.

Siler City now has a curfew law. Boys under 16 years are not allowed on the streets after 8:30 at night, unless they are properly attended or have a written excuse.

Mr. L. A. Wicker, who died Thursday morning, will be buried at Lemon Springs this (Friday) evening at 3:30 o'clock. A fuller notice of his death in next issue.

Mr. W. L. Seawell, local civil service secretary, went to Troy last Saturday and held an examination for a carrier for a route that has been established leading out from Candor.

Rev. J. D. Wicker and grand-daughter, Miss Pauline Watson, have gone to Durham, Chapel Hill and Elon on a visit. Mr. Wicker will go to Richmond to attend the Confederate Veterans' Reunion before returning home.

During the thunder storm Wednesday night lightning knocked the top off a chimney at the home of Mr. J. P. Makepeace. No other damage was done. When the brick fell off the chimney on the roof the family became frightened as they thought the house was falling on them.

It is well for newspapers to occasionally call attention to the automobile laws. The State law requires two front lights and a red light behind each machine running at night; the speed law is 25 miles per hour in rural districts, 15 miles per hour in residential districts of towns, and 10 miles per hour in the business section.

The committee appointed by the Booster Club to work up interest in a roller mill for Sanford seems to be meeting with substantial encouragement. Much of the stock for the proposed mill has been subscribed. Some of the members of the committee are very enthusiastic over the matter and say the mill will be built.

Mayor Howard favors better sanitary regulations for Sanford. He thinks the town should have a sanitary district shutting out the hog pens. This should include at least two-thirds of the town. No man has the moral right to jeopardize the health of his neighbor by keeping a filthy hog pen on his premises. Dr. W. A. Monroe is now health officer of the town.

Miss Ida McLean Black, of Wilmington, was elected a member of the Executive Committee of the Scottish Society of America, in session at Red Springs on the 18. She has a Scotch name from beginning to end, and no member of the society will take more interest in its work than this young woman. Miss Black is a niece of Mrs. John W. Scott, of this place.

Road Engineer W. L. Spoon, who has charge of the up-keep of the southern division of the Capitol-to-Capitol Highway, was in town Monday. He returned last week from a trip over the line to Augusta, Ga. Mr. Spoon tells The Express that Lee county has by far the best roads of any county on the whole division. They are better graded and better drained and have good width.

Mr. W. D. Hunter, formerly of Sanford, but now of Turkey, Sampson county, was in town Saturday. He is now traveling for the Moore Garment Factory, of Canton, Ohio. Mr. Hunter went from here to Cameron to see his father-in-law, Mr. Bryant Thompson, who is critically ill at his home near that place with Bright disease. Mr. Hunter is also at the bedside of his sick father.

The commencement of the Broadway school was held last Thursday. An interesting program was rendered. No exercises were held at night on account of the bad weather. The literary address was made by Mr. C. L. Williams, of this place. The commencement sermon was preached by Rev. C. W. Robertson, of Jonesboro. Broadway is justly proud of its school. The school was taught this spring in the new building which has not been completed.

Mr. C. E. Teague, who was this year superintendent of the graded school at Ashboro, was in Sanford this week. Mr. Teague will spend the summer in New York. He goes to that city to check up the commission merchants who will handle the berries shipped by his brother, Mr. C. H. Teague, from Hoffman. Mr. Teague will come to Sanford in September to engage in the practice of law with his brother, Mr. D. B. Teague.

Two weeks ago our neighbor, the Siler City Grit, began his seventh year under the management of Mr. Isaac S. London. He states that the circulation of The Grit is 2,000, which is more than can be said of the average weekly. A chip of the old block, the editor of The Grit is a young man of fine qualities of head and heart, and he is capable of doing high class newspaper work, as any one who reads his letters on a trip North a year or so ago knows. Mr. London has made his paper a force in the material and moral advancement of his town and county. The Express wishes him and his paper much success.

Among the young people who have been off at school from Sanford are the following: Misses Lucile Scott, Lettie Perry, Maybell Nail, Bonnie Hasty, Frances Wicker, State Normal and Industrial College, Greensboro; Pattie Cross, Annie Eddle, Nannie Jones and Ethel and Mary Moore, Peace Institute, Raleigh; Mary Weatherspoon, Southern Presbyterian College, Red Springs; Endora Hatch, Salem Female College, Winston-Salem; Fannie Thomas, Agnes College, Ga.; Wesley and Duncan E. Melver University; Julian Melver, Bingham School; John R. Jones, Jr., Davidson College; Fred Cunningham and Emma Vestal, Trinity College, Durham; Minnie Goodwin, Littleton Female College; John B. Williams, J. D. Ray and Max Kelly, Agricultural and Mechanical College, Raleigh.

VISITORS AND OTHERS.

Personal Mention of People and Their Movements.

Dr. J. E. Caviness, of Lillington, came up Saturday evening to see the sick child of his daughter, Mrs. Albert Clark.

Mr. John R. Jones, Jr., is at home from Davidson College for the vacation.

Little Miss Catherine Monroe went to Cameron Saturday evening to visit her aunt, Mrs. E. P. McPherson.

Mrs. L. B. Dixon and children, of Ore Hill, R. No. 1, are spending some time with Mrs. Dixon's parents, Mr. and Mrs. S. J. Dowd, on Chatham street.

Mrs. J. T. Stanton, of Chatham, S. C., is visiting her father, Mr. L. A. Wicker, who is quite sick at the home of his daughter, Mrs. Lizzie Allcott.

Miss Lydia Cook, of Goldston, is visiting the family of Mr. Aderson Kinney.

Mr. and Mrs. T. T. Murchison, who visited the family of Mr. E. M. Underwood returned Monday to their home at Goldston.

Mr. Curtis Muse, of Cuthage, spent Tuesday in town.

Mrs. W. J. Edwards went to Raleigh Tuesday to visit her people.

Mr. D. B. Teague returned the first of the week from a trip to Ashboro.

Mrs. F. B. Austin, of Savannah, Ga., and niece, Miss Maggie Jones, spent Tuesday in Raleigh. Mrs. Austin is visiting her sister, Mrs. S. M. Jones.

Mr. L. P. Wilkins returned last week from Altoon, Va., where he spent two or three weeks with his people.

Mrs. Thomas Rind and child, who visited the family of Mrs. Linda Williams, have returned to their home in Raleigh.

Mr. John Gilliam, of Washington City, has been in Sanford and this section for a few days visiting relatives and friends.

Mrs. C. C. Cheek and children, little Miss Emily and Master Charles, have returned from Goldston where they visited their people.

Mr. J. A. Drew, who visited his daughter, Mrs. J. B. Roberson, has returned to his home in Wilmington.

Mrs. Chas. G. Hatch spent Friday in Raleigh.

Miss Mary Weatherpoon, a student at the Southern Presbyterian College, Red Springs, returned home last week for the vacation.

Mrs. Newton Smith, of Fayetteville, came up Saturday to visit Mrs. D. E. Melver.

Julian Melver is at home from Bingham school for the vacation.

Miss Mary Paschal, one of the graduates of the Sanford Graded School, returned to her home near Siler City Friday. She was accompanied by her sister, Miss Swanna Paschal, who was here on a visit.

Mrs. W. E. Fitts and son, Master William Hunter Fitts, went to Goldston Friday to visit the family of Mr. W. H. Garner.

Mrs. Walter Mcintosh returned Saturday from a visit to Lenoir county.

Mrs. Christian, who visited her sister, Mrs. O. P. Makepeace, returned to her home in Durham Tuesday.

Miss Flora McVay, of Carthage, is visiting her cousin, Miss Ann Watkins.

Mrs. W. F. Humbert, accompanied by her daughter, Miss Annie Lee Humbert, who has just graduated at the State Normal and Industrial College, Greensboro, stopped here this week to visit Mrs. Humbert's sister, Mrs. J. P. Rivers, while returning to their home at Folkton.

Mrs. P. E. Holden returned Wednesday from a visit to Winston-Salem.

Mrs. J. W. Bradley and Miss Hart, who spent some time with their sister, Mrs. H. P. Alderman, left Wednesday for their home in New Haven, Conn.

Miss Vahti Rand, of Raleigh, came to Sanford Wednesday to attend the Williams-Makepeace wedding, which takes place next Wednesday night.

Mrs. J. D. Womble, of Roundtop, is visiting the family of Mr. G. Womble at the Sanford Hotel.

Mr. and Mrs. T. M. Cross went to Raleigh this week to see their daughter, Miss Pattie Cross, graduate at Peace Institute.

Misses Mildred Williams and Ellen Makepeace spent Tuesday in Raleigh.

To be Married in June. The following marriage invitation has been received by friends.

Mrs. Nannie Makepeace requests the honor of your presence at the marriage of her daughter, Mary Ellen.

Mr. Warren Rand Williams Wednesday evening, June the second at half after nine o'clock. At Home Sanford, North Carolina.

Meeting of Literary Club. The Sanford Literary Club was most graciously entertained by Miss Howard Tuesday afternoon, May 25th. After finishing the business the program was rendered. Miss Howard's description of the life of the woman of Latin America was most interesting and instructive, and Mrs. Cheek's paper on our Missionary Work in South America was indeed interesting. Mrs. J. P. Monroe held our interest greatly as she told us of the life of a doctor's wife.

The ladies of the Club were charmed to meet Miss Alma Fleming, of Tarboro, and Mrs. W. W. Storm, of Washington. We were also glad to welcome among us again Miss Jessie Darymple, of Jonesboro, and Mrs. Dunlap, of Roxboro.

LEMON SPRINGS BOOSTERS

A Club Organized at That Place—An Enthusiastic Meeting—Next Meeting at Sanford.

The Lee County Booster Club met at Lemon Springs on last Friday night. Four automobiles filled with boosters left Sanford about 8 o'clock and going by Jonesboro soon reached Lemon Springs over the Capitol-to-Capitol Highway. This is one of Lee county's best roads and is perhaps traveled more than any other road in the county. While on our way to the Springs we passed automobiles every few minutes. After this highway is finished through to Raleigh there will be a constant stream of tourists going through the county. Although some of the road between here and Lookville and to Chatham county was almost impassable during the winter many tourists pulled through it with their machines. The following boosters from this place attended the Lemon Springs meeting: Sam Ingram, Bob Monger, Kemp Baldwin, D. B. Teague, P. H. St. Clair, George Wilkie, A. A. F. Seawell, J. H. Monger, Edgar Jones, E. L. Howard, Dr. W. A. Monroe, Chas. Hooves, Kemp Griffin, J. C. Williams, J. E. Rivers.

The meeting was held in the school building near Lemon Springs. When the boosters arrived they found an assembly and ready to welcome them a large crowd of men, women and children. The school commencement, which had been on for a day or two, closed that afternoon. Mr. Blon H. Butler, Lee county's most enthusiastic booster, went to Lemon Springs that morning and made an address before the school. He was in the meeting that night and had encouraged the citizens of Lemon Springs and that section in organizing a local booster club. They organized by electing J. J. Edwards president and N. C. Thomas secretary. The following gentlemen were appointed a committee on membership: D. D. Bule, W. F. Edwards and N. C. Thomas. A number of names were enrolled that night. A meeting will be held to-night at which time a permanent organization will be effected. The citizens in that section seem to be very much interested in the movement and we expect to see one of the best booster clubs in the county organized at Lemon Springs. The people are public spirited and progressive and ready to push forward any movement calculated to develop the resources of the county. Some of the most successful farmers in the county live in the Lemon Springs section. While there are some good farms in that section, there are thousands of acres of good land not under cultivation. By making the resources of that section known the boosters can be instrumental in bringing in many good citizens during the next few years.

Chairman D. B. Teague made a talk explaining the object in organizing the Lee County Booster Club. He stated that it was decided to charge an admission fee and that the funds would be used to advertise the resources of the county. He said the ladies that it was planned to organize women's auxiliary clubs in the county. Mr. Butler, who is always interesting as a talker as well as a writer, was next called on for a speech. His talk was based on the booster movement. He stated that this movement was not confined to Lee county, but was State-wide. He spoke of the great advantages offered home-seekers in the Lemon Springs section. Mr. Butler referred to the work of Henry Matthews as an object lesson in community building. He explained how the people of that section can make the resources and possibilities known so as to attract the attention of home seekers.

In a short timely talk Mr. J. C. Williams emphasized the importance of the people pulling together for the up-building of the county. He wanted the boosters against letting the booster movement become spasmodic in its work. He wants to see the organization become strong and permanent. Mayor Howard, who was next called on, stated that he was not prepared to make a speech, but promised the boosters that he would give them some information later that would astonish them.

Mr. J. E. Rivers told the boosters that he was glad to see the people of the town and county working harmoniously together for the development of our resources and the up-building of the county.

Mr. A. A. F. Seawell, who is always prepared for a speech on any subject, in his remarks objected to the name "booster." He said that it sounded like wind jammers. (Mr. Seawell was informed that the club contemplated a change in name and that it would be made soon.) Mr. Seawell stated that he was in hearty sympathy with the movement. He enumerated some of the things that have been accomplished since the county was created seven years ago. He stated that the taxable property in the county had, during that time, increased in value from two million to five million dollars. He wants to see the boosters advance the best interests of the county by bringing in good substantial citizens.

In an enthusiastic talk Dr. W. A. Monroe stated that the boosters were not actuated by a selfish motive in working for the development of Lee county. He believes in personal, as well as organized, work, and wants every booster to be on the lookout for good people who are seeking locations to engage in farming, manufacturing or business. "Give the people the glad hand," said the Doctor, "and let them know that we welcome them to the county." Dr. Monroe has great faith in the county and is anxious to see the work of development pushed.

In a short talk County Demonstrator Henley expressed a desire to see the people of the county united as one big family in carrying on the work of development. He felt that through harmony and unity great things can be accomplished.

Mr. J. K. McLeod, in endorsing the movement, said that it should be the aim of the boosters to make Lee one of the best and foremost counties in the State.

Mr. W. F. Edwards welcomed the boosters to Lemon Springs and wants to see the movement to build up the county pushed forward.

The next meeting of the Booster Club will be held in the City Hall in Sanford Friday night at 8 o'clock. Every member and every citizen who feels an interest in the welfare of the county is urged to attend. Chairman Teague stated that some time soon the club would have the privilege of hearing Dr. Brannon, of the State University, speak. He is one of the State's leading boosters and will come prepared to tell our people many things worth hearing.

Lemon Springs School Closes.

The school at Lemon Springs closed on last Thursday and Friday with a concert. A play entitled "The Winding of Lilliana," was presented to a large audience on Thursday night. The hero of the play was Mr. Dan King, of this place, and the heroine, Miss Pauline Alexander. All enjoyed the splendid address made on Friday by Mr. Blon H. Butler. Interesting and instructive addresses were also made by Rev. J. B. Willis, of this place, and Rev. L. A. McLaurin, of Jonesboro. The following program was rendered on Friday:

10:30—Chorus: "Voices of the Woods." Address of Welcome—Frances McNeill Watson.

Address—Rev. J. B. Willis. Chorus—Tipperary. Address—Rev. L. A. McLaurin. 12:30—Picnic Dinner.

3:00—Chorus: "The Good Old U.S.A." Address—Hon. Blon H. Butler. Song—"See Saw," Primary Children. Recitation—"Our Hired Girl," Mary Ann Cameron.

Play—"The Return of Letty," Eighth Grade Girls. Recitation—"The Wild White Rose," Jewel Thomas. Flag Drill—"America," Intermediate Grades.

The school, which was taught by Misses Lulu McPherson and Pauline Alexander, has closed one of its most successful terms. There were about 75 pupils enrolled. The school is taught in a good building which is well furnished with desks, seats, etc.

Heavy Damages By Storm.

The heavy electrical and rain storm, which visited this section last Sunday night, did great damage to crops, roads, streets and sidewalks. It was the heaviest rain that has fallen in this section in many years. Our oldest inhabitants say the water in both Little and Big Buffalo creeks was higher than they have seen it in thirty years. A number of bridges on both streams were washed away. Trains were delayed several hours on the Seaboard Monday morning by a long washout two miles north of Sanford. Several buildings were flooded by Little Buffalo creek which runs through the town. The home of Dr. H. Suggs was flooded with water and while he was trying to save his furniture he had to stop and kill a large moose that floated into the house. Water stood on the floor of the King Manufacturing Company to the depth of 18 inches. The stables in which the road stock are kept were flooded and a lot of oats and corn damaged. There were bad washouts on both Charlotte Avenue and Melver street and the sidewalks were broken in places. The water carried off a sum of bees of Mr. W. T. Buchanan. The wind blew down a new barn on the farm of Mr. O. P. Makepeace near Cool Springs. The office of the Lee County Cotton Oil Company was flooded. There were washouts on some of the improved highways. Corn was badly damaged on the low lands along Lick creek. Corn, wheat, oats and other crops on Big Buffalo and other streams in the county were damaged to the extent of hundreds of dollars. The farmers also sustained heavy losses by their lands being badly washed. Hundreds of cords of wood were scatted along the banks of Big Buffalo. On some farms terraces that have stood for 25 or 30 years were washed away.

Boosters Win From Aberdeen.

The Sanford Boosters won their second game of the season Wednesday by shutting Aberdeen out to the tune of 16 to 0. Freeman, the young southpaw, struck out 12 men in six innings, when Jones relieved him and struck out nine in three innings. Person caught a fine game, while the whole team played errorless ball. Donnell featured with the willow. The Boosters will play Raeford here Thursday and Friday of next week. This may end the season, as we have no fence and the patronage is so small the manager cannot see his way out. It is up to the people of Sanford whether or not the Boosters will continue to play. Let's hear from some one.

Pictures of Boys and Girls for Fair Catalogue.

Dear Club Members: You are hereby cordially invited to be in Sanford tomorrow, May 28th, in the town hall at 2 o'clock to have your picture taken to go in the Lee county Fair catalogue. Prof. A. K. Roberson, of Raleigh, has agreed to come and address the club. The Tomato Club girls will also have their pictures made for the same purpose. J. E. Henley, Lee County Agent.

Lawn Mowers and Water Hose

Now is the time to use Lawn Mowers and Water Hose. We have both. Call in and get our prices.

Nice Country Hams
Big lot nice, sound, country hams. All sizes.

WILKINS-RICKS CO., Sanford, N. C.

Hupmobile CAR OF THE AMERICAN FAMILY

Ask the Engineer

We hope you have in your acquaintance a competent engineer. We would like you to get his opinion of the Hupmobile.

Engineers constitute a little world of and unto themselves. They are keen critics, but generous ones, when they encounter good work. And these sharpest of observers say the Hupmobile is good.

In Detroit—where there are many automobile engineers—one hears the highest praise of the Hupmobile.

It would be too much to say that there is not a dissenting voice regarding the Hupmobile among Detroit engineers.

But it would be hard to find one who holds an unfavorable view.

By common consent they have settled on the Hupmobile as one car they can unite in commending.

Now this is not mere sentiment or friendliness. Reputable engineers will not barter away their professional standing by unmerited praise.

When they approve of the Hupmobile—and especially of its splendid small bore, long stroke motor—that approval means something.

It is an endorsement founded on extraordinary experience and knowledge.

It is a source of pride to us—and a recommendation you can not afford to overlook. Take the engineer's expert opinion along with all the other good things that you hear about the Hupmobile. Let us prove the Hupmobile in a quality test.

W. H. Parrish, Agent,
