J. JOSEPHS, Manager.

WANTED

Every farmer in the county who has any farm product finer than his neighbor to bring a sample to us and let us hang it in our window. We like to see evidence of good farming and we want other people to see it.

Bring Us Something. It will Help.

THE BANK OF SANFORD,

S. P. HATCH, President.
E. R. BUCHAN, Vice-President.
J. M. ROSS, Cashier.

Our name insures a certain welcome when you send a Wedding Present

We wish to announce that our full line of Watches, Jewelry, Silverware, Cut Glass, etc. is now in, and you are invited to give us a call and inspect same. While we found it impossible to get some goods that we wanted, owing to the scarcity of same, we were able to select some up-to-the-minute goods. Our cases and shelves are full of nice new goods of quality, and will be sold as low as same grade goods can be bought elsewhere.

W. F. CHEARS.

LITTLE STORE—BIG STOCK.

Just Received.

A Carload of Ranges, Cook Stoves and Heating Stoves, bought at last year's prices. We can and will save you a big lot of money if you will see us before you buy.

CARTER FURNITURE CO

A Full Line of Coffins and Caskets on hand.
Both Horse and Automobile Hearse.

HELD WITHOUT BAIL.

In Midst of Preliminary Hearing Counsel of Gaston B. Means Agree to This Course and Give Reasons.

At his preliminary hearing before a magistrate in Concord Tuesday, after several of the many attorneys employed had spoken, counsel for Gaston B. Means waived examination and he consented to be bound over to the October term of the Cabarrus county grand jury on a charge of having murdered Mrs. Maude A. King, of New York and Chicago. Magistrate Pitts ordered him held without bail.

Counsel for Means stated at the hearing they had "been informed that threats had been made" that New York officials here had brought extradition warrants to take the defendant back to New York on "some undisclosed criminal charge" and that they felt "he would be safer in the custody of the sheriff of this county." It also was announced that Means did not desire to run the chance of facing any charges elsewhere with an unsettled murder charge against him in North Carolina. This charge, his counsel contended, would be cleared away at the trial.

The agreement came after counsel for Means had made an unsuccessful attempt to get possession of papers and documents seized by District Attorney Swanwick's representatives in Means' New York apartment, and was accompanied by a lengthy explanation by the defendant of his reasons for abruptly ending his fight in the magistrate's court. Mrs. Mary C. Melvin, sister of the woman Means is alleged to have killed, joined him in obtaining a writ from Superior Court Judge Webb at Gastonia, ordering Assistant District Attorney Dooling, of New York, and other New York and Chicago officials who came here with Dooling to aid the prosecution, to turn over the documents to the clerk of the Superior court of Cabarrus county. The writ is made returnable before Superior Court Judge Cline at Salisbury October 8.

Preacher Charged With Immoral Conduct.

Rev. J. H. Dornier, pastor of Centenary Methodist church in Greensboro, a church having a membership of 500, has given up his pastorate and left the city because he was confronted with a charge of immoral conduct which he could not deny, according to a dispatch of the 27th from Greensboro. Police officers the dispatch states, found him in a house of prostitution in a room with a negro woman, and it was charged that his visits to the place had been frequent. Saturday night Bennett and his wife left the city. The dispatch states that Mr. Bennett had made a fine impression in Greensboro and was regarded as about the best preacher there. He is a native of western North Carolina. For many years he preached in the State of Washington and returned to North Carolina a few years ago. He had been in Greensboro two years.

The Town Was Full of Soldiers Wednesday.

Sanford looked almost like an armed camp Wednesday. The town was full of khaki clad troops who spent four or five hours here while on their way to the cantonments in South Carolina and Georgia. The troops were from New York. Some fifteen trains went through Tuesday night and Wednesday. They carried infantry and artillery troops. Only one train stopped there. This was done to give the men a little rest and exercise, they having been on the road since Monday. This was a fine looking body of troops. Many of the men were large and seemed to be in fine shape physically. They were a mainly set of young fellows and behaved themselves like gentlemen. Soon after the train stopped they took to the streets, stores and other places. In fact, they were soon all over town. They bought out everything at the Leland Cafe and soon exhausted the supply of ice cream at the drug stores. They bought about all Mr. Chears' post cards and many postage stamps were sold at the post office to carry messages to their people. Some of the boys climbed to the top of the old water tank while others went to the Graded School buildings and gave exhibition drills for the amusement of the children. Others brought in open cotion bolls from the near by fields. Many of these men had never seen cotion on the stalk. Some of our citizens carried the officers out in their cars for a drive. Some of the men expressed themselves as being anxious to see active service in Europe. The train left in the afternoon for Spartanburg.

The Kid Has Gone to the Colors.

The Kid has gone to the Colors. And we don't know what to say. The Kid we have loved and cuddled. Stepped out for the flag today. We thought him a child, a baby. With never a care at all. But his country called him man-size. And the Kid has heard the call. He paused to watch the recruiting. Where, fired by the fife and drum. He bowed his head to Old Glory. And thought it whispered: "Come!" The Kid, not being a slacker. Stood forth with patriot-joy To add his name to the roster. "And God, we're proud of the boy." The Kid has gone to the Colors; It seems but a little while. Since he drilled a school boy army. But now he's a man, a soldier. And we lend him listening ear. For his heart is a heart all loyal. Unconquered by the curse of fear. His dad, when he told him, shuddered. His mother—God bless her—cried: "Yet, bless with a mother-pride. She wept with a mother-pride. But whose old shoulders straightened. Was Graceland—for memory ran. To years when he, too, a youngster. Was changed by the flag to a man!" —Anonymous.

Sandy Creek Association.

The 159th annual session of the Sandy Creek Baptist Association will be held next week, beginning on Thursday, with the Brush Creek church in Chatham county. This association is composed of Baptist churches in parts of Alamance, Chatham, Lee, Moore and Randolph counties. There are nearly 50 churches in the association with a membership of over 5,000. Distinguished visitors from other associations are expected to attend and will make addresses on various subjects.

MOB IN THE CAPITOL CITY

Attack on Wake Jail Stopped By Governor's Promise of a Special Term of Court—A Brutal Crime.

Not until Gov. T. W. Bickett had addressed and assured them that he would order a special term of Wake county Superior Court to try Earle Neville, a negro charged with criminally assaulting the wife of a street car conductor, did a mob of 75 to 100 masked men leave the Wake jail Thursday night, which they attempted to enter for the purpose of lynching Neville. The mob made two attempts to batter down the doors of the court house, which leads to the jail, but both attempts failed. Hundreds of shots were fired, and many window lights of the court house were broken.

The mob arrived at the jail in automobiles about 12:45 Friday morning. They divided into four squads and hammered at the doors of the court house, the jail being on top of the court house. After beating at the doors for about 15 minutes the would-be lynchers fired hundreds of shots into the air. Citizens who rushed to the scene to see what was up were ordered by the mob to clear away from the court house.

Gov. Bickett and Adjutant General Young were telephoned and they hastened to the jail. Hearing of the Governor's presence, the mob got into their machines and left the scene, but returned in about 15 minutes and again battered at the doors. Gov. Bickett attempted to address the men, but as he commenced the leader of the mob began addressing the masked men. The Governor continued, however, and his efforts later bore fruit and the crowd dispersed.

"We appreciate you, Governor Bickett, and we voted for you, but we love our women folks and we aren't going to have that nigger!" one of the mob yelled, as the Governor continued his talk.

When Gov. Bickett told the men that he would order a special term of Wake county Superior Court to try the negro, they shouted their approval and emptied their revolvers and rifles into the air. Jumping into their machines they whizzed away, shouting and firing volley after volley into the air.

Ten More Lee County Men Go to Camp Jackson.

Ten Lee county drafted men left on No. 1 Wednesday morning for Camp Jackson, near Columbia, to go into training. Each man carried his comfort bag and pillow. These were part of the contingent of men who went to camp last week. Following are their names: Robert F. Boggs. David Carson Arent. Duncan D. Riddle. P. V. Oldham. Luther S. Poe. Tell Ross. John Hudson. Alvin C. Bridges. Marion D. Lemoons. Paul W. Wicker. The next 40 per cent of the drafted men is called for Oct. 3rd. Mr. McAuley thinks this contingent will be mixed. It is said that the government will adhere to the policy of organizing separate white and colored army units. Most of the white drafted men from this county have been called to the colors.

Local Cotton Buyers.

There was more cotton bought here last season than ever before in any one season in the history of the town. The reason for this was that there were four or five active buyers on the market. They clearly demonstrated the fact that "competition is the life of trade." Following are the buyers for this season: H. F. McPherson, Wilkie-Ricks Company, Sanford Cotton Mill and E. D. Nall. The farmers may bring their cotton to Sanford with the assurance that they will get the market price for it.

Three Sisters.

There are three women living on the Dave Carter place a few miles east of Jonesboro who are 80, 82 and 84 years of age. They are Misses Margaret, Mary and Jane Gaster. They were born and reared there and have always made their home at the old homestead. They now all sleep in separate beds and live alone. Our informant states that Miss Margaret Gaster has had a chill every week for the past 40 years.

JONESBORO NEWS LETTER.

Thieves Break into Store and Take Goods—Cotton Opening Slowly—People Finding New Meal Wholesome.

Jonesboro, Sept. 27th.—The Wesley Helpers, the Sunday School class of Mrs. T. H. Sutton, will give a missionary entertainment in the Methodist church Sunday night at 7:30. This entertainment will be given in the interest of the Mary Black Hospital, Suchow, China.

Last Wednesday night burglars entered the store of Messrs. W. G. & R. A. Watson and J. B. Buchanan and carried off a considerable amount of goods. They entered by breaking in the glass at the front of the store. Such articles as shoes, watches, underwear, etc., were taken. Chief Groce secured the blood hounds from Sanford and succeeded in tracking two negroes. These two men were placed in the Lee county jail awaiting trial.

Miss Frances McAdams, of Siler City, spent Monday night with Mrs. T. H. Sutton while on her way to the Greenville Training School, Greenville, N. C.

Miss Elsie Kelly has accepted a position as saleslady in the store of Mr. B. F. Godfrey.

Misses Ila and Ross Newell, of Roxboro, stopped over last Thursday night with their aunt, Mrs. W. A. Godfrey. On Friday they went on to Aberdeen to visit Mrs. Carl Buchan.

Little Miss Lois Dalrymple entertained a number of her friends last Friday evening, the occasion being her twelfth birthday. After an hour or two spent in playing games, the hostess served a delicious cream and cake.

The Liles grist mill is now being operated by Mr. Holder, and he runs two days in the week. People are gathering new corn and having meal made and are finding it more wholesome than the flour.

Cotton is opening very slowly in this section. However, the farmers are gathering a bale or two occasionally and realize a good price for it. They have been busy during the last few weeks gathering their forage crops.

Near Lynching in Harnett.

Edie Cagle, a negro, arrested in Harnett county Saturday, charged with attempted criminal assault, was taken to the State prison in Raleigh to avoid a lynching. The officers, traveling in an automobile with the negro, were chased by men in automobiles and shots fired, but making a detour the officers managed to throw the lynchers off the track.

Miss Adelaide Jeffreys, a young woman, was seated on the porch of her home at 9 o'clock. A few moments later she was missed, the alarm given and a search begun, which continued through the night. Early next morning she was found unconscious in a corn field near her home. Reviving, Miss Jeffreys said that while she was alone in the yard some one threw a coat or some similar article over her head, stifling her screams. After a struggle she lost consciousness and knew nothing more until after she was found. An examination by a physician disclosed that the girl was unharmed. It is believed that whoever attacked her was frightened away by the alarm that followed so soon. Cagle was arrested on suspicion.

No Loop Holes Left.

The law stopping the manufacture of whisky during the war is of the strictest sort. It leaves no chance for the slipping in of any kind of foodstuff. There is absolutely no loop holes for the utilization of any substitute material for the distillation of strong drink. All cereals, all potatoes, fruits, molasses, grapes, apples or by-products, all fruit parings, all cannery refuse, beet sugar molasses, sour wine or other foods, feed, "food materials or the by-products thereof," are barred. This about covers the list of things out of which liquor may be made. If the liquor manufacturers continue in this business they will have to take to the woods like the blockaders of Lee county.

NEEDS ARE MOST URGENT.

Mr. Page's Plans Contemplate Food Administrator in Every North Carolina County.

The most ambitious organization ever perfected in North Carolina is being built up by Food Administrator Henry A. Page for carrying out the program of the Federal food administration in this State, an army of approximately 25,000 active workers being contemplated.

The fact that the great war can never be won without the active co-operation and aid of the people back home has steadily become more apparent and Administrator Page and his assistants have been working under high pressure to hasten the perfection of the organization in North Carolina.

The plan adopted by Mr. Page calls for the appointment of a food administrator for each of the 100 counties of the State. These county food administrators will have an executive committee of eight members corresponding with the committee working with Mr. Page and embracing the county superintendent of education, farm demonstration agent, home demonstration agent and chairman of the woman's committee of the county council of defense.

There will be a working committee of four members appointed by the county food administrator in every white school district of his county, this committee being depended upon to take the message of the food administration to the individual.

Mr. Page has stated emphatically that there is no room for drones in the food administration's organization and just as enthusiastic and effective work is expected from the school district committee as from the office in Raleigh, which has worked frequently at night in its endeavor to get the program of the food administration in operation at the earliest possible moment.

All of our allies are on war bread, which contains just 75 per cent of wheat flour. To furnish them with even a short ration of war bread, however, the American people must consume an average of one pound of wheat bread less per week. To allow the French, English and Italians even one ounce of sugar per day would mean a wheat consumption about one-third. Likewise there must be economy in the use of butter and fats if we are to provide our suffering allies even the insufficient ration of these products that they have been receiving.

Allowances For Dependents of Soldiers and Sailors.

Provisions of the soldiers and sailors insurance bill for allowances of from \$5 to \$50 a month to dependents during the service of enlisted men have been approved by the House of Congress. Strenuous efforts of Representative Keating, of Colorado, speaking for various humanitarian organizations, to have the allowances raised, failed.

In addition to the government allowances, the bill provides that an equal amount if not in excess of \$15 monthly, shall be given to dependents from enlisted men's pay. These are the amounts, in addition to any sums taken from the pay, that dependents would receive monthly.

Wife, no children, \$15; one child, \$25; two children, \$32.50, and \$5 additional for each additional child. One motherless child, \$5; two children, \$12.50; three children, \$20; four children, \$30, and \$5 monthly additional for each additional child. One parent, \$10; both parents, \$20; each dependent grandchild, brother or sister, \$5. Special provisions are made for the allowances of divorced wives.

Save Your Seed Now.

In the next month or two farmers will be very busy gathering crops, and it is likely that a number of them will forget to save seed for next year's crop. Many were unable to buy seed peas and soybeans this year on account of a short age. Many of them sold their cotton seed last fall for around 75c per bushel and bought the same seed back this spring at from \$2.00 to \$3.00 per bushel. You probably agree with us that this should not be the case.

Good seed selection in the field will do more towards improving crop yields than most any other one thing in your control. This is especially true with corn. By spending two days in the field in picking and putting away for next year's use seed corn from standing stalks in the field every farmer who grows corn can add five bushels to his average acre of corn. It is estimated that we will make 65,393,000 bushels of corn this year, for which the September 1st price was \$2.19 per bushel. By adding these five bushels to our average acre yield you see that this will mean a good many bushels of corn extra in this State, as well as several extra dollars in the farmers' pockets as a result of two days' work.

A majority of the voters in Grove township, Harnett county, voted at an election recently held against the proposition to issue bonds to extend the Atlantic and Western Railway from Lillington to Swansboro.

It may be you are going after big game, maybe small, but

When-er. Where-er and What-er

you shoot you want to know that your ammunition is dependable.

We guarantee you the highest efficiency in cartridges and shells, for all the way from trap to big game shooting.
