

Buying a wife, with tobacco as currency, in the old days of Virginia

For cigarettes, Virginia-Carolina tobacco is the best

The sunny South—where cigarettes were born

The first cigarette ever made was Virginia-Carolina tobacco. All the mellow charm of Southern sunshine itself is in Virginia-Carolina tobacco. And no other tobacco has that "dash" and "go" to its taste that Virginia-Carolina tobacco has.

The Cigarette of Quality

NOTE: 500 million pounds. That's how much Virginia-Carolina tobacco was made into cigarettes last year—over 4 times as much as any other tobacco. And Piedmont is the biggest-selling Virginia-Carolina cigarette in the world.

Summer Complaint.
During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. F. Scott, Scotia, N. Y., states: "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."
