

## A Good Tire Year

You have doubtless noticed the growing preponderance of United States Tires.

Every one is asking for tires of known value and proved dependability.

And that is precisely what United States Tires represent in the minds of motorists here and everywhere.

The idea back of United States Tires—to build good tires—the best tires that can be built, is appealing to rapidly growing numbers.

We can provide you with United States Tires to meet—and meet exactly—your individual needs.

## United States Tires are Good Tires

"We know United States Tires are good. That's why we sell them."

## Mother Goose Down to Date!

Jack and Jill, and Tom and Bill  
Went motoring on the steep hill  
They set out to reach the topmost top  
To take a "fluffy" peep!  
They went to the top as slick as an eel,  
Without a hitch or a wobble:  
They had "GREEN FLAG" OIL in the motor, you see,  
So there wasn't a chance to grumble!

While climbing mountain peaks in a motor is more the exception than the rule, it's mighty good to have the satisfaction of knowing the brand of motor oil that will keep your engine running the smoothest, and with the least possible deflection in efficiency, and power, when you want to "take a shine" up the mountain. Remember, the oil for power is GREEN FLAG MOTOR OIL.

Whether you're running on the level, or up and down the hill, you'll find for satisfaction, "GREEN FLAG" still "fills the bill!"

DON'T FORGET THAT OIL IS THE LIFE OF YOUR MOTOR. More than that—it requires the best grade of oil to keep it "living" longest.

There are some "live" dealers in this County who are exclusive agents in their towns for "GREEN FLAG" MOTOR OIL. It will pay you well to hunt around town till you find him. Because he sells "GREEN FLAG" MOTOR OIL, the best you can buy. "GREEN FLAG" MOTOR OIL is for sale in this County by the following well-known and reliable dealers:

## THE SANFORD EXPRESS

FRIDAY, August 1, 1919

### LOCAL BRIEFS

Miss Hattie Ross, who spent several weeks at Peabody College, Nashville, Tenn., studying home economics, returned home last week.

Mr. D. L. St. Clair left Wednesday for Fayetteville to attend the annual meeting of the North Carolina Press Association.

Rev. Walter M. Gilmore returned Saturday from Lumberton where he preached at a mobile school which was held in the Baptist church at that place last week. He reports a very successful school.

The following members of the Lee county bar attended the funeral of Mr. R. E. Hayes at Pittsboro Tuesday morning: Messrs. A. A. F. Seawell, Jesse Milliken, O. L. Williams, E. B. Hoyle, D. B. and C. E. Teague.

Rev. J. B. Willis, of Morehead City, will assist the pastor, Rev. Walter M. Gilmore, in a series of meetings to begin at Flat Springs next Monday night. Services at eight o'clock. The meeting will continue through the week.

Almost every day long trains of white or colored troops pass Sanford going south to some demobilization camp. Soon these trains will stop passing here as about all troops, except the army of occupation, have been brought home from Europe.

Mayor E. L. Howard has appointed the following delegates from Sanford to the annual convention of the North Carolina Good Roads Association which meets at Wrightsville August 13-15: S. P. Hatch, O. P. Makepeace, E. L. Gavin, D. B. Teague, A. C. Hagler, J. R. Morgan, S. M. Jones, B. Cole, J. R. Bowers, F. M. Stickle.

Mr. and Mrs. John R. Jones, Miss Nannie Jones and Messrs. Harvey and John R. Jones Jr., also Mr. and Mrs. W. S. Weatherston, Mrs. A. A. F. Seawell, Messrs. E. D. Nall and K. B. Griffin attended the funeral of Mr. R. E. Hayes at Pittsboro Tuesday morning.

Somebody wants to know whether or not the prohibition enactment passed by the House of Congress will include liquor and "blended" beer. Let us hope that it will not. We now are determined that this prohibition enactment measure prohibits the making of elder, cedar vinegar, blackberry wine or cordial, etc., for home use. It seems that this is carrying the thing just a little too far.

The Sanford and Rockingham ball teams tried conclusions at the latter place Tuesday afternoon. By his fine pitching and good support of the Sanford team, Mr. Will Temple beat the Rockingham team out. Sanford made two runs in the first inning. These were the only scores made during the entire game. Rockingham will play Sanford here Tuesday afternoon. The game will be called at 7:30 p. m.

It is now estimated that the loss to cotton, corn and other crops in this section by the recent wet weather is not as great as was thought. Corn was damaged in places by the overflow of water along streams. The water was not high enough in Deep river to do a great amount of damage by overflow, but it seems that there was a great flood in the Cape Fear. The water in that stream climbed up to the enormous depth of 53 feet at Fayetteville and no doubt much corn was destroyed along its banks.

The leather winged bats are becoming a nuisance in Sanford along with the English sparrows and pigeons. When Mr. S. McEwan recently went to move into a cottage on Moore Street, he discovered that these small bats were making headquarters up in the ceiling of the building. They were there by the thousands. The odor and slime from their long habitation of the building was very offensive. One evening last week Mr. Chas. Road stood in his yard and saw about two hundred bats fly out of a hole where a shingle had been knocked off of the top of the house. It is said that there is danger of their leaving chinchins in buildings that they inhabit. They are worse in old buildings.

Mr. R. P. Coble, who built Lee county's first improved highway, Mr. Spoon and Civil Engineer Curran, who are engaged in road work in the State, recently stopped here while beginning the inspection of the route of the proposed Sanford-Charlotte Railway. They began their tour of inspection by first going over the Lee county link of this highway. They expected to get the exact distance from the end of the Lee county road, near Mr. John Knott's, to Charlotte and also make a note of the number of churches along the route, how much of the road will be used by rural route carriers and other information about the section through which the highway will run. Engineer Curran will have charge of the survey work. Work will begin on the construction of the road just as soon as the surveys can be made. Grading will probably begin on the Lee county link of the road at an early date.

Miss Ruth Wicker, who served as a nurse in France and who since returning to this country, visited her sister, Miss Flora Wicker, and other relatives in Lee and Moore counties, left Tuesday for High Point. From there she will go to Hickory where she will make her home.

Mr. and Mrs. E. S. Shuman and son and daughter, of Salisbury, and Mrs. W. G. Cook, of Los Angeles, Cal., are visiting the family of Mr. W. R. Makepeace.

Bodies May Not be Returned. It was stated last year that the bodies of all American soldiers buried overseas will later be returned to this country, if relatives so desire. There is little chance of the bodies of American soldiers dead buried in France being brought to this country, in the opinion of Col. Charles C. Pierce, who has arrived in this country to assume charge of the registration of soldiers' graves service, an office which he held in France. Col. Pierce was formerly an army chaplain and now holds rank in the quartermaster corps. He may or may be final authority in the matter.

Mrs. Marie Thompson, of Durham, is asking through the courts for \$10,000 damages from Dennis Hardin, a citizen of Randleman, Randolph county. Mrs. Thompson alleges that Hardin insulted and humiliated her while transporting her in his automobile from Randleman to Greensboro.

## Uniform Tires

### Mean Long-Distance Millers

They Look Alike and Wear Alike

MILLER TIRES are built by men who are trained to a championship standard. Only by uniform workmanship, can tires ever be uniform in mileage like the Miller. To train men to our perfection takes much time. We cannot supply all dealers with Miller Tires.

So our policy is to concentrate, as a rule, on the dealer in each locality who will give Miller Tire users exceptional attention. That governed our choice in this city.

We chose a concern that knows that to give real service it must first of all carry a full stock of sizes, so that when you want a Miller Tire in a hurry, you can get it without waiting.

We are impressed especially with their ability to give motorists an expert repair service, and by their reasonable charges.

Before making this selection we canvassed the local field thoroughly. And the Miller agents here are making good with us by making good with you. Are you getting the benefit of what they have to offer?
