NOTES ON CITIZENS' TRAINING CAMP

Interesting and Instructive Ceremonies Each Week of the Period of the Camp—Such as Parades, Band Concerts, Escort of the Colors, Award of Honor, Battery Flag for the Week, Athletic Sports, Etc.

Fort Bragg, N. C., June 16th.—Since the opening of the Citizens Military Training Camp at Fort Bragg on Friday, June 13th, great progress has been made. There are present in camp 874 boys—29 of whom are BLUE or fourth year students, 58 WHITE or third year students, 187 RED or second year students, and 574 BASIC or first year students. Eighty-two counties in North Carolina and nineteen counties in South Carolina are represented. One BLUE student being from Alabama.

After thorough medical and dental examinations and being fitted out with uniforms and equipment, the students were assigned to the various batteries in the regiment, the six batteries, A, B, C, D, E, and F being composed of boys from the same general locality. All the boys from South Carolina being placed in Battery F.

At 10 o'clock Saturday morning all the boys in the regiment subscribed to the Oath of Enrollment, which oath was administered by Lieut. Colonel George R. Allin, Commandant of the Camp. Following this the students were welcomed to camp by Brigadier General L. R. Holbrook, Commandant of Fort Bragg, and an address was made by Hon. Henry L. Stevens, of Warsaw, Past Commander of the American Legion.

On Sunday morning at 9:15 o'clock the first of the regular open-air Sunday church services was held, Chaplain Stewart I. Long conducting the services and the 17th Field Artillery band accompanying the singing. Sunday school services were held immediately following the church services. To those students requesting them, certificates of attendance upon Sunday school will be issued for forwarding to their home schools.

Presentation of the Colors was another interesting and inspiring ceremony on Monday afternoon at 5:30 o'clock, when Colonel Allin presented the CMTC Camp with its regimental flag. The first regimental parade was had Tuesday afternoon at 5 o'clock on the CMTC parade ground. Interesting and instructive ceremonies are arranged for each week of the period of the camp, such as parades, band concerts, Escort of the Color, award of Honor, Battery Flag for the week, etc. And in addition to their routine work and studies the boys daily engage in various athletic sports, each according to his personal bent. A boy may engage in the games of baseball, tennis, volleyball, horse-shoe pitching, swimming, and the various track events. It is the intention of Colonel Allin to have each boy engage in some athletic sport each day, and to have every non-swimmer in camp to learn to swim while there.

Colonel Allin is expressing his desire that the relatives and friends of the CMTC boys visit the camp as often as possible and witness the work being carried on.

LIBRARY NOTES.

Through the efforts of Mrs. W. C. Lane, the librarian, the Sanford Library has received an International Mind Alceve from the Carnegie Endowment for International Peace, of which Nicholas Murray Butler, president of Columbia University, is director. The first installment of books to form the nucleus of the Sanford Alceve has arrived. At regular intervals the Endowment will send a few of the latest books dealing with foreign countries to the Library.

The Carnegie Endowment for international peace was founded in 1919 with a view to "the speedy abolition of international war between the so-called civilized nations." It has a capital of \$10,000,000, and is divided into three sections: Intercourse and Education, Economics and History, International Law. The endowment is very broad in its scope, being free to work in any way for the promotion of "good feeling and understanding between the nations. Since the World War one important project has been a series of volumes on European economics in connection with the war and its aftermath.

The books now in circulation at the Sanford Library are the following: Autobiography of Andrew Carnegie. This is the new popular edition of "the best American autobiography since 1885", published by Houghton. Farm Life Abroad, by C. E. Branson, professor of Rural Social Economics at the University of North Carolina. This book consists of interesting field letters from Germany, Denmark and France. New Journeys in Old Asia, by Candee. This beautiful book is illustrated with etchings by Lucille Douglass. To the Land of the Eagle, by Paul Edmonds. This is an amusing account of travels in Montenegro and Albania. My Diplomatic Education by Norvel Richardson, a trained novelist with a keen sense of humor, who has been in our diplomatic service since 1909. Beyond Khyber Pass, by Lowell Thomas, popular travel writer. The author of "With Lawrence in Arabia," tells in this book of the amazing adventures in the powerful Mohammedan state of Afghanistan.

CARD OF THANKS

I wish to take this means of expressing my sincere appreciation of the support I received from the voters of Lee County in the primary of June 7th.

A. R. RIVES.
CARD OF THANKS
We wish to thank the many friends for their kindness shown us during the illness and death of our wife and Mother.

SANFORD CAPTURES LOVING CUP AT FIREMEN'S CONVENTION

Members of the Sanford Fire Department went to Hamlet last Thursday to attend annual meeting of Sandhill Firemen's Association and take part in the truck races, reel races and sports that were included on the program. The following members of the local fire department attended: R. B. Lemmond, Bryant Woodell, Herbert Jones, and Jim Kelly. This is the water brigade of the company. These boys have the reputation of being among the fastest in the State, and captured a beautiful silver loving cup awarded by the Hamlet Fire Department. The cup will be sent to the company after the name of the company is engraved on it.

The following companies who are members of the Sandhill Firemen's Association, took part in the races: Hamlet, Hamlet Seaboard Shop Company, Rockingham, Southern Pines, Pinebluff, Lumberton, and Fayetteville. The Sanford company covered the distance of 200 yards, made the hose connection and at the hydrant got water in 12 seconds. The Pinebluff Company, which was second highest, made the run, connected the hose and got water in 13 seconds. The Fayetteville company won first prize in the chemical contest. The visiting companies were handsomely entertained at the Seaboard Hotel by the local fire company, a banquet held and a program of speech making and other things put on.

This is the second prize the Sanford company has won within about a year. The company won a prize of \$100 in the races at the State Firemen's Convention last summer. The boys expect to soon begin training for the State tournament which will be held at Morehead City, beginning August 18th.

CLEAN-UP DAY AT MEMPHIS CEMETERY.

Thursday, June 26th, has been set apart as clean-up day at Memphis Church. Let all those who have relatives buried in the cemetery at that place, come or send some one on that day. If it is raining Thursday, come Friday, the 27th.

Hundreds of thousands of Frigidaires
have never required any SERVICE
this is ONE reason why
3 times
as many Frigidaires are now in use as any other make of electric refrigerator

Frigidaire is sold with a definite guarantee—backed by General Motors.
And still more important to you as a purchaser is the fact that year after year Frigidaire continues to give satisfaction—long after the guarantee has expired.
If service should be required it is rendered instantly and without removing the machine from the premises.
