

The Sanford Express

Sanford, N. C., June 19, 1930.

LOCAL BRIEFS.

Mrs. Harvey Mitchell and little daughter, Catherine, have returned from Winston-Salem, where they visited Mrs. Mitchell's sister, Mrs. Clarence Cox.

Mrs. Wesley Phelps and two children, George and Bettie Lou, left Saturday night for Pennsylvania, where they will make their future home.

Mrs. A. R. Nant was the first grader in Lee county to report okra raised in her garden this season. It was put on the market Tuesday.

P. J. Kelly, a conductor on the Atlantic and western Railway, underwent an operation at Scott Hospital last Sunday night for a hernia. The operation was successful and his many friends will be pleased to learn that Capt. Kelly is now improving.

The County Commissioners sat Monday as a tax board and heard a few complaints. The assessments of personal property. There were a few complaints relative to real estate assessments, but these assessments could not be changed this year.

The home of Jasper Hill, located on the Henley place, was burned last Saturday morning about 2 o'clock. When discovered the fire had gotten so much headway that nothing was saved from the home.

Mrs. D. A. Groce, of the Cool Springs section, returned Monday from Durham, where she visited her daughter, Miss Wilma Lee Craig, who recently graduated in the school for nurses at Watta Hospital in the 1930 class. Miss Craig goes to New Jersey and becomes a nurse in the Monclair Hospital.

Mr. Lee Comer, who farms on the farm owned by J. R. Rives, Esq., at Cameron Hill, in this county, was the first farmer in Lee to put roasting ears on the Sanford market this season.

He sold them here last Saturday, June 14th, at 60 cents per dozen. It is believed that this was the earliest date roasting ears have been put on the Sanford market in years.

As Mr. Martin Wilcox has decided not to contest the nomination of Mr. A. R. Rives, who led the three candidates in the Democratic primary on the 7th, there will be no second primary for the nomination for sheriff of Lee county. Mr. Wilcox no doubt feels that this would be against him were he to ask for the office in years to come.

Messrs. J. R. Ingram, P. G. York, T. E. King, W. N. Tulluck, and Dock Sellers, colored cook, returned Saturday night from Black River, near Currie, where they spent three days fishing. They carried along a tent, provisions, cooking utensils, boat and fishing tackle, and spent the time eating, fishing, and seeing and killing snakes. They found black bass, jack-trout and perch as plentiful as bull weevil on the cotton in Lee county. They caught fish in the day and dreamed about fish and snakes in the night. It was a great trip and they are biding the time when they can go again.

Mr. Walter Bridges, who several years ago became agent of the Metropolitan Life Insurance Company, of New York, at this place, and who has since been promoted several times, was last week transferred from the Danville to the Raleigh office. This is a very substantial promotion as it places Mr. Bridges at the head of the entire office force in Raleigh. He has worked for his way by his business ability and strict attention to his official duties. He is now drawing a fine salary in the service of this big company. His friends predict that he will continue to climb higher and higher in the service of this company.

County Road Superintendent Guntner and his force of laborers are now busy building and putting a top surface on the Steele Bridge road from Three Points to the county line near Euphonia Church on Deep River. Part of the upper section of the road has been finished and the road force is now working out from Sanford toward Euphonia. At Euphonia this road will connect with the road that has been constructed from Carbonate to that church. The two roads open up a section that has never had good roads, and in a way has been cut off from the outside world.

It was stated in the last issue of The Express that Ellenson McDougald of Lee County, former champion cotton grower of North Carolina, was one of the nation's elite members selected from this state to represent the 20,000 North Carolina club members at the National 4-H Club camp, which opens at Washington City, June 18, and lasts through June 24th. Mr. L. R. Harrell, State Club leader, went from Raleigh Monday morning where he met Mary Emma Powell, of Sampson county, and Ellenson McDougald, of this county, who left this week accompanied by him for Washington to attend this camp.

Will the Fourth of July be celebrated as large a scale in Sanford this year as it was last year? Maybe Mr. A. K. Miller and others who put on a very successful program and drew an unusually large crowd can answer this question. If we are to celebrate the Fourth this year and put on a program of such things as a street parade, athletic contests, exhibitions of various kinds, races, street dances, etc., it is time to get busy, as the time for getting up these things is short. The celebration of the Fourth always draws a big crowd to Sanford.

A meeting of the directors of the Lee County Fair Association was held on Wednesday night of last week at which time a committee was appointed to assist John W. Gilliam in soliciting advertising space from the merchants and other business people of the town and county to go in the fair catalogue which it is proposed to issue at an early date. The following members of the board were appointed on this committee: Lee G. Melver, J. R. Rives, Dr. J. L. Neal and J. L. Covington. They expect to visit the business and manufacturing concerns at once and solicit advertising patronage from them so that the catalogue can be issued at the earliest possible date. The premium list should be placed in the hands of the farmers, manufacturers and others who will help to make the fair a success, at once so that they can begin making preparations for the fair. With the substantial cooperation of the farmers and business people of Sanford and Lee county this can be made the largest and most successful fair ever held in the history of the county. If good crops are made the farmers should be able to have the best agricultural display ever had at the fair. The club boys and girls can do much to make the fair a success.

JONESBORO NEWS LETTER

BY MRS. J. R. DALRYMPLE.

Engagement Announced. The engagement of Miss Alline Hunt, of Jonesboro, to H. M. Jackson, of Sanford, was announced Tuesday evening at a charming bridge and rook party given by her parents, Mr. and Mrs. Geo. Hunt, at their attractive home on Lee Street.

The guests were welcomed by Mrs. W. M. Arnold and invited into the spacious rooms which were thrown open for the occasion. The tables were arranged amid a setting of lovely shasta daisies and ferns, carrying out a color scheme of yellow and white.

After a very enjoyable evening of bridge the high score prize, a dainty party handkerchief, was awarded to Miss Eloise Bass.

Miss Carrie Lee Arnold assisted the hostess in serving delicious block cream and cake. Each plate was decorated with a lovely miniature card bouquet to which was attached a card bearing the names Jackson-Hunt, June 24th, 1930, and a novelty wedding ring. The above announcement is of much interest to the many friends of this popular young couple.

Miss Hunt who is the attractive daughter of Mr. and Mrs. Geo. Hunt, received her education at N. C. C. W. and has for the past three years been a popular and efficient teacher in the Jonesboro Graded School.

Mr. Jackson is a graduate of Wake Forest College and has for the past several years been a successful lawyer of Sanford, where he stands high in his profession.

Those enjoying this delightful occasion were Messdames Wayton Blue, T. T. Lanier, Ernest Caddell, T. Black, Albert White, E. B. Watson, W. M. Arnold, W. G. Watson, J. K. Former Jonesboro Citizen Honored. Of interest to his many friends here comes the news that at the Convention of the Teachers' Protective Association, which was in session at New Orleans last week, Mr. W. S. Murchison, of Raleigh, was elected president for the coming year.

Mr. Murchison spent his boyhood days in Jonesboro being the son of the late Col. W. E. Murchison, a prominent lawyer of this section. His many friends will rejoice to learn of the honor conferred upon this splendid young man who has so rapidly risen in the business and social life of the Capital City.

Sing at Masonic Meeting. The Junior Grammar Grade Quartet composed of Philip McDavid, Tom Campbell, Van Paul Watson and Preston Thomas sang at the Masonic meeting in Sanford Tuesday evening, accompanied by Miss Blanche Godfrey, pianist. These young singers have sung on numerous occasions during the school year to the delight of their hearers. On Wednesday and Thursday night the same quartet, sang at the Temple Theatre under the auspices of the Masonic Club.

4TH DIVISION KIWANIS CLUBS HOLD MEETING AT FAYETTEVILLE.

Resolutions suggesting that all Kiwanis clubs in the Carolinas district hold special meetings in August to consider what has been done toward solving the economic conditions were adopted by past governors of the district in a conference held Friday, June 13, with Governor Allison W. Honeycutt at Fayetteville. Present at the conference and comprising a district advisory committee were C. Felix Harvey, of Kingston, W. B. Merrimon, of Greensboro, J. M. Lynch, of Florence, and the chairman, Tim W. Crews, of Spartanburg. Letters were received from Alva M. Lupton and Dr. E. W. Sikes, who were unable to attend.

The resolutions emphasize particularly the necessity of improving the mental attitude of the public generally feeling prevailed while conditions are not satisfactory they could be much worse, and that "same constructive optimism and hard work will aid greatly. In a letter to the conference, Dr. Sikes said: "I think the Kiwanis club should give more publicity to plans for facilitating the economic recovery of the Carolinas, with a view to changing the mental attitude, to eliminating pessimism and substituting optimism."

The conference of past governors preceded an inter-city meeting of clubs in division 4, including Aberdeen, Benson, Fayetteville, Lumberton, Raeford, Smithfield, Sanford and Selma. Lieut-Gov. Robert N. Page presided, and each club gave a 10-minute program. The Fayetteville club presented the benefits of the development of the Cape Fear river as a means of water communication in reducing freight charges. In bringing the ideas of Kiwanis to the clubs present, Governor Honeycutt paid tribute to Lieut-Gov. Page for his accomplishments in division 4, and brought to mind the appreciation in the Carolinas of the life and work of Robert N. Page's brother, Walter Hines Page "a true Kiwanian in the spirit of fearlessness, vigor and courage."

Governor Honeycutt urged the value of hard work and same optimism which he first recommended as a district objective in his acceptance speech at Greensboro last fall.

A 10-minute program was put on in the afternoon by each of the above named clubs at the Fayetteville County Club, three miles north of Fayetteville. This is an ideal place for a meeting of this kind. The club house is on an elevation above a beautiful lake on one side and a golf course on the other. There was nothing "heavy" about the program, there being enough levity mixed in to keep the crowd in a good humor. Many of the Kiwanians were accompanied by their wives and daughters who helped to make the occasion a success by furnishing much of the music. The music by the famous Sandhill Sixteen was a feature of the program. Splendid music was also made by members of other clubs. One of the best 10 minute programs was put on by the Sanford club. The program was in charge of Kiwanian J. C. Pittman. Miss Janet Stout charmingly entertained the audience with three readings she was at her best and was enthusiastically encored. Kiwanians were heard to say that they wanted to have her on the next program of their club meeting. Kiwanian S. J. Husketh made an interesting talk, giving a few of the outstanding things accomplished by the Sanford Club since its organization some five years ago.

At the close of the program a barbecue dinner was served by the Fayetteville club in the shade of the trees near the club house. The meeting was a great success. Hereafter there will be no trouble in getting Kiwanians to attend an inter-club meeting when it is known that the Fayetteville club will be the host.

The next meeting of the Sanford Club will be held at the Carolina Hotel Friday evening at 6:30.

Dear Sirs:—I find your medicine to be the best on the market, and I believe it will do just as it is claimed to do. Yours truly, WELDON HALL. Sold in Sanford by the Acme Drug Company.

NOW IS COMING THE TIME TO — MOP UP!

The best article we have seen recently on Poisoning Boll Weevil was that in last week's Express by Mr. Coker. We Now Have Already Mixed Calcium Arsenate and Molasses in The Right Proportion to Add One Gallon Water to Each Gallon Poison.

According to Mr. Coker's article, take the mixture with a mop about three inches wide and go down the row dragging so that a drop or so of the mixture will be on the under side of the leaf on each stalk of cotton. This Must Be Done Before Squares Come to be most Successful. The mop should be tied to a handle about two feet long for most convenient use.

After the First Twenty-five Thousand Miles

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury.

run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amanceas road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.
