## WILLIAMS-BELK COMPANY WILL OCCUPY WILKINS-RICKS STAND

Many Changes Are Being Made in the Interior of the Building Including the Removal of the Petition Which Divided Itha Clothing Department From the Hardware Department— There Will be Changes Made in the Front from Bottom to Top-The Store Will Be Ready for Opening Between Sept. 1st

Wiliams-Belk Company, the leading dry goods merchants of Sanford and this section of the State, are planning for bigger and better things for them selves and the town and community in the near future. They have closed a deal, leasing from Mrs. L. P. Wilkins, the building on the west side of Steele Street formerly occupied by the late L. P. Wilkins, who for years was at the head of Wilkins-Ricks Company, the biggest time concern in this part of North Carolina. They have leased this building for a period of years and show by the deal that has been consummated that they have great faith in the future of Sanford and this section. Williams-Belk Company opened here in 1905, 25 years ago, under the management of the late H. M. Williams and son, Mr. J. C. Williams, who is now at the head of Belk-Williams Company, of Wilmington. They started business in a very limited way and by wise management continued to grow and expand until to-day the concern draws trade from a section covering a large territory. A few years ago Mr. W. L. Simmons, of Wilmington, became manager of Williams-Belk Company and has since directed the affairs of the concern. Mr. Simmons has proven himself one of the most progressive young merchants in this part of the State. He is a business man with a vision and by studying the new methods of handling business he methods of handling business he keeps abreast of the times. He studies the wants of the people and keeps in stock the goods that will find ready sale at reasonable prices.

He wishes to show his appreciation

has built up by furnishing at considerable expense better facilities for money. handling the business. The store is now being re-modeled throughout and when the work is finished it will be a modern store in every respect. The partition will be removed and the building turned into one large room. Changes will also be made on the second floor. The front will be changed from bottom to top and will be so constructed as to show the goods to great advantage. The furniture and fixtures will be new throughout every department. It will be more like a modern city store than anything that has ever been in Sanford. Mr. Simmons hopes to be able to re-model the store, move the stock of goods and open in the new place of business between the first and tenth of September. Up to the time of moving rare bargains can be had at Williams-Belk Company as they want to move as the company as they want to move as the company as they want to move as the company as the compa

people, and much of it is owned by Sanford people. Every item sold is selected, shipped and billed direct to the store and the money from the banked and kept in Sanford. The building which has been leased by the company has a third more space than the building which they now occupy.

#### BANK OPENS SHOW WINDOW

The Greensboro Bank & Trust Company is putting on a feature that ove attractive to the farmers. A show window will be opened in the front part of the bank where farmers will be asked to exhibit any product of merit that they may have raised this year including unusually large watermelons, sweet and Irish polatoes, tomateds, corn, the best stalk of cotton, the best sample of tobacco, and other things that are raised on the farm. This would create a friendly rivalry between the farmers and show to the outside world what can be produced in this section in the way of farm and garden products. The cashier, Mr. E. Frank Andrews, will be assisted in keeping up this window by County Demonstration Agent E. O. McMahan. The Express will give a list of the things kept in this window each week. It is suggested that these things be exhibited. will give a list of the things kept in this window each week. It is sug-gested that these things be exhibited at the Lee County Fair and decide who shall have the premiums from the show window stuff. The first watermelon was put in this show window yesterday by Mr. R. J. Bullis, one of the leading farmers of the county. It weighed 52 1-2 pounds. Can you

Boys and girls of Lee County, representing various 4-H clubs of the county, left the first of the week for Raleigh where they are now attending the State short course held annually in that city for 4-H boys and girls. Representatives from clubs over the State are domiciled in dormitories of State college and take their meals at the college and take their meals at the college dining room. An exceptionally low price is given for these accomodations. Mr. McMahan, County Demonstration Agent, and Miss Simpson, Home Demonstration Agent accompanied the boys and girls to Raleigh, and supervised getting them placed and started in the work of the program.

placed and started in the work of the program.

Following are the boys and girls from Lee county: Ellenson McDougald, Jas. Wilson, Jas. Garner, Woodrow Yarborough, Misses Edna Thomas Lois Bowman, Wilma Sloan, Lois Thomas and Vivian Wicker.

During the week, the club members are publishing a small daily newspaper. Among those who have this paper in charge is Ellenson McDougald. In a speech before the boys and girls Wednesday Governor Gardner asked the club members to become tree-setters instead of tree-sitters and set out some trees about the homes, in the school yards and on, the highways. He centered his talk about more beautiful komes, declaring that the boys and girls of North Carolina farms would not have the same problems to contend with that their parents had; yet he wanted them to keep the torch alive and the live-at-home movement translating it into something bigger and better than the present program of growing food and feed crops.

ent program of growing food and feed crops.

"You are the apostles of beauty in this state," said the Governor.

"To live at home we must make the home livable. You will see that it is beautified in the future; that our farm homes and barns are painted; that there are flowers in the yard and conveniences within the house, and that our highways are lined with beautiful trees. I want you boys and girls to start a movement to have as many trees as possible planted in your home communities. I want you, each one, to go hack home and plant a tree. Make the event something of an occasion. Plant a tree in memory of a brother, your mother and some other member of the family."

Greenor and a some would cost little

"Some folks in North Carolina think we cannot do anything without spending a million dollars," he said. "Tree planting will cost but little. Trees may be secured from the farm would be a secured from the farm which is a secured fro woodlot or a good pecan tree can be secured for 50c from some nursery-

man"

The Governor asked that each boy and girl who would agree to plant a tree this fall to stand and each of the 740 delegates responded. It was a contract with him, The Governor said, and one that he knew each club member would fulfill.

## NEWSONME ADDRESSES ROTARY CLUB

For two hundred and fifty years Company as they want to move as little stock as possible. If you are hunting bargains you had better move in a hurry lest they are picked over.

The stock in Williams-Belk Company is all owned by North Carolina people, and much of it is owned by North Carolina people, and much of it is owned by Sanford people. Every item sold is the Commission is the conter of the commission is the center of the commission. the Commission is the center of the State's historical research. Thousands of people who are interested in the preservation of North Carolina history of Mr. Newsome's department

every year.

Mr. Newsome said the State's his Mr. Newsome said the State's history was one of its resources. The past is the parent of the present. As the present must be the parent of the future. To now our history will prepare us to cope with future problems. The labor problems in the cotton mill section of the State have their roots in the past and to now the past is to understand the present.

Mr. Newsome said that North Carolina had never exploited her historical Mr. Newsome said that North Carolina had never exploited her historical assets as new England and other sections had done. Few of our counties have written histories. The failure to record and preserve in proper form the accomplishments of our people is a matter of regret as it sometimes results of unfair treatment of North

results of unfair treatment of North Carolina by outside historians. Mr. Newsome said Lee County had not been in existance long enough to have a history of its own. As Lee was only one of ten counties in the State lying east of Greensboro and Charlotte whose increase in population during the past ten years has been greater than the State average, he thought this was significant of future

thought this was significant of future development.

Secretary Muse read a letter from Rotarian C. E. Teague tendering his resignation as a member of the club.

The following visitors were noted: Rev. Donald McIver, of Bristol, Va., M. P. Dunlap, of Raleigh, and George R. Wheeler, the new Superintendent of our city schools.

of the leading farmers of the county. It weighed 52 1-2 pounds. Can you beat it?

At a meeting of the Board of Highway Commissioners at the Courd House last Tuesday, it was ordered that all mules at the stockade be sold except two. These will be used on the county farm. It was decided to advertise the mules and four trucks for sale at public auction.

On Tuesday svening the mid sumparents, Mr. and Mrs. R. J. Yates, and taking their annual vacation. Mr. Vates and family and Mr. M. T. Yates and family went to Durham Saturday where they attended the Yates families are descended to plans for completing the new build except two. These will be used on the county farm. It was decided to advertise the mules and four trucks for sale at public auction.

#### RECORDER'S COURT

Court Grinds Through From Early Morning to Three O'-clock Without Intermission; Many Report Good Behavior; Shooting and Fighting Scrape; Manufacturing, Etc.; Reckless and Wreckless Driving.

Notwithstanding the torrid weather on Tuesday, Recorder's Court functioned from 9:30 until three o'clock without any stop for water or otherwise, and with one six inch electric fan buzzing to keep everybody cool. It seemed to do the work splendidly; not even the lawyers becoming heated in argument, although some eloquent pleas were made.

The Court heard reports of good behavior on a number of young men

in argument, although some eloquent pleas were made.

The Court heard reports of good behavior on a number of young men on suspended sentence, and from reports all were leading evemplary lives. However, a right goodly number were present charged with violation of some phase of the criminal law.

Charlie Bullard, young white man of the Tramway section, occupied the spot-light for an hour or so, charged with various and sundry infractions of the law, but principally for performing ablutions in the Palmer and Reeves pond in an abbreviated and unusual form of bathing attive, and for making "cute remarks" in the hearing of a number of young ladies. The Court held Charlie's bathing suit beyond the pale of decency and imposed a fine of \$10 and costs.

Jethro Worthy, Ezra Worthy and Willie McDougald, three colored young men from Jonesboro, together with Jessie Lee Tyson, colored woman, received the attention of the court for some time, all charged with assault. The biblical names of the first two and the good scotch name of McDougald did not work out as indicated in Proverbs. All were convicted. The charges grew out of a disturbance as Sunday or so ago in Jonesboro, in which gun-play and the hurling of brickbats featured. The Tyson woman, being hard pressed by a fusillade of brickbats featured. The Tyson woman, being hard pressed by a fusillade of brickbats featured. the scene before hostilities again began.

Another case that required a great deal of time was that of the state vs. Gordon Oliver and his wife, Fauline for reckless driving, the charge growing out of a wreck down near the river on the Raleigh road some few weeks ago. Evidence showed that the left front wheel on both cars was smashed, and that Mrs. Oliver was driving one of the court reserved its decision.

Eli Southerland and John Arrington, colored men living on the Yarboro farm, were convicted of violation of the Prohibition Act. Eli was fined \$25 and costs and John was given a four months sentence on the roads. Appeals were noted.

J. L. Tally, prominent resident of the Osgood section, resisted a charge under the hit-and-run law. The evidence was that Mr. Tally a few weeks ago while making a hurried trip to Raleigh as a witness in a case, hit as mule, or rather the mule backed into his car, on the Moncure bridge, and he after slowing down and deciding that no damage had been done preceded on without complying with the statutory requirement of giving his name and inquiring as to the damage done. The Court reserved decision in this case also.

KIWANIS CLUB NOTES

In the life of several of its shared to curtail or defer some loans that were requested, however, the outlook at present bids fair to making real state loans for buying or building homes and more especially homes for the association will be called upon to some extent, by its shareholders who have saved up money for college purposes. This has been the case for the association during the past five years. No account is too small and no person is too humble not to receive the best possible attention.
