Harriman Laid
to Rest Today

Arden, N. Y., Sept. 13.—Peri-
 cular anaemia and oedema of the
 lungs' was the chief cause of Edward
 H. Harriman's death, as officially
 stated by Dr. W. G. Lyle, of New
 York, his physician, in the death cer-
 tificate filed at Highland Mills. There
 was no mention of cancer, but it was
 noted that the word "whif" was in-
 serted in the printed form after the
 question "cause of death."

Popularly interpreted, anaemia is
 an impoverished condition of the
 blood; periculous anaemia, therefore,
 is a severe form of the disease.

Oedema of the lungs, or water in
 the lungs, the interpretation gener-
 ally accepted, might have resulted
 from a variety of causes.

Immediately the death certificate
 was filed a burial permit was granted.
 Dr. Lyle had filed a certificate
 with the undertaker in which he said
 simply that Mr. Harriman's death
 had resulted from "heart failure su-
 perinduced by internal complications."

Dr. Lyle also states positively in
 the certificate filed with the town
 clerk that Mr. Harriman's death oc-
 curred at 3:55 p. m. on September
 9th. The certificate, which is attested
 by Walter Averill Harriman, Mr.
 Harriman's eldest son, reads in part:
 "I hereby certify that I attended the
 deceased from August 4, 1909, to
 September 9, 1909, that I last saw
 him alive September 5, 1909, and
 that death occurred on the date stated
 above at 3:55 p. m."

Following the foregoing is the
 cause of death as given and the sig-
 nature appended.

Dr. Lyle's action in amplifying on
 the certificate filed with the under-
 taker smoothed over what might
 have developed into a hitch at the
 funeral. D. S. Fendleton, acting
 town clerk at Highland Mills, had
 said previous to the filing of the cer-
 tificate that he did not feel that Dr.
 Lyle's statement to the undertaker
 was sufficient. However, the amend-
 ed certificate adjusted the matter im-
 mediately.

Prepare For Funeral.

Between fifty and sixty of the
 country's prominent men, including
 financiers, lawyers, physicians and
 men well known in the business
 world, will attend the funeral of Ed-
 ward H. Harriman today. They will
 come from New York on a special
 train, leaving Jersey City at 2 p. m.
 At St. John's Episcopal Church, a lit-
 tle stone chapel, which nestles in the
 reddening Tower Hill, they will join
 the group of mourners who will have
 accompanied the funeral procession
 from Arden house.

Although anything like ostentation
 has been avoided in preparing for
 the burial of the country's greatest
 railroad financier, the arrangements
 have been none the less careful and
 elaborate. Several hours before the
 Harriman carriages bearing the ar-
 riving men of prominence up from
 Arden station, a procession of a very
 different kind will march slowly over
 the road leading to the uncompleted
 palace on the hill. It will be com-
 posed of the 500 workmen employed
 on the Harriman estate, and at nine
 o'clock in the morning they will be
 permitted to file through the room
 where lies the body of the man of
 whom one of them said today: "At
 times he seemed a workman like our-
 selves, just an elder workman whom
 we cared a good deal about."

No precautions have been omitted
 to protect the funeral car on its way
 down the hill. Although the road
 has been smoothed to perfection six-
 teen of the most stalwart workmen
 were selected today to act as a guard
 of honor. They will walk one on
 either side of the hearse and the car-
 riages containing the mourners.

The ceremony at the house at 10
 a. m. will be a communion service
 conducted by the family chaplain, the
 Rev. McGuinness. At 11 o'clock the
 public memorial service will be held
 at St. John's, at which Dr. McGuinness
 will deliver the only eulogy. No
 plans have been spared to make the
 funeral at 3 o'clock as private as pos-
 sible.

It is estimated that the flowers re-
 ceived will fill four freight cars.
 There was a steady stream of car-
 riages and automobiles bringing the
 tributes up to Arden house from
 early morning until late this after-
 noon. Boxes and baskets of flowers
 expressed have accumulated in such
 quantities that two special cars will
 be used to bring them up tomorrow
 morning.

Thus far the Arden telegraph office
 has received more than 400 messages
 expressing condolences.

STATE NEWS
 Condensed Items of Interest Happening Throughout the State.

The governor has offered a reward
 of \$200 each for the capture of
 Chas. Fodrell and J. L. Fox, convicts
 who recently escaped, in addition to
 the rewards offered by the State's
 prison. Charles Fodrell is a negro
 who was under life sentence for mur-
 der in the State's prison; he escaped
 from the convict camp at Laurinburg
 on August 15, 1909. His escape was
 due to the fact that the guards' gun
 failed to fire when he refused to halt.
 J. L. Fox is a white man and was un-
 der sentence of 12 years to the State
 prison for manslaughter. He es-
 caped from the prison July 3, 1909.
 The guard responsible for his escape
 has been in the employ of the prison
 for three years and his services had
 always proven satisfactory. This
 guard has been dismissed on account
 of Fox's escape.—Raleigh Times.

The State Hospital Commission has
 accepted ten of the 22 buildings un-
 der construction at the Central Hos-
 pital for the Insane and Epileptics
 here. The ten buildings will care for
 415 patients and the cost, with equip-
 ments aggregates about \$85,000.
 The woman's convalescent building
 will accommodate about 100. There
 are three groups of colony buildings,
 two groups of which are devoted to
 the epileptics throughout the State;
 one group to be used for convales-
 cent males; each group providing for
 150 patients. These colony build-
 ings are located far away from the
 general institution, so that life will
 be made as home-like as possible.
 Besides the buildings in course of
 erection one large general dining-
 room and one laundry building, these
 two, with their equipments, to cost
 about \$35,000. The dining room is
 in the rear of the main wing of the
 great main building, and its purpose
 is to provide one general hall where
 all the male patients may assemble
 and take their meals together, there-
 by providing more room in the pre-
 sent building for patients.

Plans were perfected at a meeting
 of the directors of the Central Caro-
 lina Fair Association whereby the
 mammoth fireworks display of the
 eruption of Mt. Vesuvius will be re-
 produced by the Payne company one
 night during the fair. It will be re-
 membered that it was this company
 which last year made the excellent
 display, showing the fall of Port Ar-
 thur, and the display to be made this
 year is said to be greatly superior to
 last year's production. At the meet-
 ing it was also decided to spend \$4,000
 in securing free attractions for the
 fair. This is a much larger amount
 than expended for these at-
 tractions last year, and the free ex-
 hibitions to be given at this year's
 fair will greatly surpass anything
 heretofore given in this State.—

Davidson horse traders may find
 interest in a story told by the Chat-
 ham Record, which is thusly: A
 well-known farmer of Chatham at-
 tended the recent term of court, and
 enduring of his stay swapped his
 mule for a horse and gave \$20 to
 boot. The country trader took the
 mule aside and trimmed him up, fur-
 nishing him up, and improved his ap-
 pearance to such an extent that his
 late owner did not recognize him.
 Seeing the mule, he took a fancy to
 him, and gave the trader \$10 boot
 between the mule and the horse.
 Thus he paid out \$30 in money and
 carried the same mule back home.
 Both he and the mule were trimmed.

Peanut growers in the surround-
 ing section are beginning to harvest
 their Spanish peanut crop and will
 begin to bring them to market by the
 first of the month. The prospects
 for the best crop for several years
 in all varieties of peanuts is still the
 talk. While reports from Pender
 county indicate that the crop will be
 a good one and more than the aver-
 age yield, a farmer from that section
 yesterday stated that it would be
 much larger with more rain through-
 out that county. The peanut section
 is principally in Pender, Onslow and
 Brunswick counties and with the ap-
 proach of the harvesting season deal-
 ers are taking much interest in the
 yield. The Spanish crop, which is
 always the first, will be on the mar-
 ket now within a short time and if
 prices remain good they will be most
 satisfactory to the growers.—Wil-
 mington Star.
