FOR FEVERISHNESS AND ACHING

Whether from Malarious conditions, Colds or over-heating, try Hicks' Cap-
sules. It reduces the fever and re-
lieves the aching. It's liquid—10,

Mr. J. A. Lockhart filed suit against the Seaboard today for his client, S. F. Burns, colored, of Hamlet, for \$2,500 damages because a conductor put the plaintiff off the train at Rockingham some months ago when he had paid his fare to Hamlet. Burns says that he asked the agent at Pee Dee for a ticket to Hamlet but for some reason the agent did not sell it to him, but told the conductor to collect the excess fare of fifteen cents because he did not have a ticket. Burns paid the conductor 25 cents, the regular fare to Hamlet, and was put off at Rockingham, he alleges that it is the fault of the Pee Dee agent that he did not buy a ticket. Wadesboro Ansonian.

Last Monday afternoon Mr. J. B. Carroon sent his driver, Sam Fisher, to Bayboro to carry over a drummer. On returning home that night about 9 o'clock, Sam found a colored man in Mr. Carroon's stables. The man had bridled one of the horses and it is impossible to say what he intended to do with the animal if he had not been interrupted by the driver. When Sam entered the stable, he saw the man put his hand on a man. This of course frightened Sam, but he got up his courage to inquire "What are you doing here? Who are you?" In the meantime he was holding the fellow after a minute or two recognized him. The fellow, in some way managed to break away from Sam's grasp and fled. They hunted for him that night and the next day but he had left town and has not been seen since. The man was named Spencer, and lived in Dog Town. He was employed at the J. L. Roper mill in this place. Oriental News.

Game is reported to be over plentiful this year, especially deer and bear. Mr. Dixon, who returned from the Davis Shore section, in Carteret county, says that he has never seen the like. Two others with him went hunting in the peninsula at the head of South river a few days ago, and killed each a deer in a few hours, and as they were returning home killed another—a fine buck. New Bern Journal.

Friends in Raleigh are considerably disturbed over the disappearance of Miss Rosa Hicks, a highly esteemed young woman who has been in the employ of the Jefferson Standard Life Insurance Company as stenographer for several weeks. She came to Raleigh from Greensboro and she and her mother have been keeping house on Edenton street. She left the office of the company last evening at 5:30 o'clock, and nothing has been heard from her since, although diligent search has been made for her. There seems to be no indications of foul play, and intimate friends are expressing the belief that her disappearance is incident to a pleasing little romance that is known to have characterized her life. Greensboro News.

The cotton season has begun with a rush at the local port as will be noted by the receipts of 9,103 bales during this week, according to the figures posted yesterday at the Chamber of Commerce. This is several thousand more bales than were received during the same period last season and shows an earlier crop year. The largest receipts for any day during the week was 2,050 bales on Thursday. Much interest is being taken at the port in regard to the cotton season and this splendid showing is most encouraging to general business conditions. Most of the staple came to Alexander Sprunt & Sons, who now have their compressed in operation and three steamers in port loading for foreign export. The price has ranged this week from 12 3/8 to 12 cents for middling, the latter quotation being the spot market yesterday. Wilmington Star.

The Odd Fellows are doing very well this year and 11 new lodges have been formed since January the first, these being Landis, at Landis, Rowan county; Montvale, Fontana, Swain county; Frog Level, near Rutherfordton; Plymouth, at Plymouth; Advance, at Advance, Davis county; Buffalo, Buffalo Cove, Caldwell county; Corbett, at Corbett; Crumpler, Ashe county; Patterson, Caldwell county; Grover, Cleveland county; Chapel Hill, Madison county. Besides these a number of new Rebekah lodges have been organized, being Bushnell, at Sult, in Cherokee; Brevard, Rufus, in Caldwell; Murphey, Union, Mills, in Rutherford; Walnut, in Madison; Granite Quarry, in Rowan; Balsam and Unaka, in Cherokee.

Mention has been made to the fact that William Morris, now respited until October 15, is the first man sentenced to the electric chair. There is also in the penitentiary under sentence of death, another man, but in his case the sentence was to the gallows. The law, however, no longer provides for hanging as the mode of execution. So in the case of this prisoner the supreme court has before it the question of whether he shall die on the gallows or in the chair. It is not recorded that any prisoner, if given his choice of these two modes of leaving the world has chosen between them. Raleigh News and Observer.

One Hugh O'Brien, first editor of the Cornell Widow, after leaving college got on the staff of the New York Sun and was assigned to writing book reviews.

The first book was "Sloane's History of Nakhleas," a work which weighed nine pounds, as the reviewer's curiosity led him to discover.

He reviewed the volume as follows: "The book weighs nine pounds."

A day or two later C. A. Dana sent for the reviewer and asked him if he wrote the article in question, O'Brien nodded.

"Did you read the book?" asked Dana sharply.

"No, Mr. Dana," replied the reviewer, "I weighed it."

Then he went away to await his notice of dismissal. But instead, he got a raise of salary.

There's Always a "Best Place" in Which to Buy It!

Store-competition would be an empty phrase, indeed, if it were not true that there is always a best place to buy a particular thing. If the contemplated purchase is of any importance, the question of where to go is of equal importance; and the question can best be settled—and usually very quickly—by reading the ads.

IF ALL OF THE PURCHASES YOU MAKE IN THE COURSE OF A YEAR were made AFTER CONSIDERING THE ADS., and made in consequence to "the best advantage" store-competition would then become a valuable thing to you. And you would be amazed at the aggregate of your savings—at the amount of money realized as a direct compensation to you for your labor in "reading the ads."

Massage Cream

CLEANSES WHERE SOAP AND WATER FAIL

Washing with soap and water makes the face look clean, but it cleans the surface only. It does not clean out the impurities in the skin that make it muddy and sallow.

Pompeian Massage Cream goes through the surface. It sinks into every pore—reaches and loosens all foreign dirt and impurities that lodge in the pores.

It is the only facial cream free from grease and that keeps the face free from it. Does not—cannot—promote the growth of hair on the face.
